Asif Andalib(27 November 1967)

I was born on 27 November in 1967 at Moez Monzil, Komlapur, Faridpur of Bangladesh. I write poems and lyrics both in English and Bengali. I prefer Free Verse, Rhyme, Mono Rhyme and Haiku to other forms of poetry.

I was literature editor of a cultural organization "Oniketh" (which means Homeless) . Later I served as its general secretary. I worked in a private company "Macro International Limited" situated at Dhaka, Bangladesh as business coordinator for more than a decade. Now I spend most of times writing poetry.

Sometimes I emphasize on the message, not on the structure, meter and rhythm of the poems. I write poems especially to deliver messages be it like a thesis. I write not for myself but for the readers.

A Bed Of Thorn

Baby my life is like a bed of thorn
If I had a choice I would not be born.

Oh my love is like a bad heartache
It reminds me always what I lack.

Oh my eyes are like thirsty sand
No one gives me her tender hand.

Oh my nights are full of sleeplessness
Cause my everything is in a mess.

Asif Andalib

A Boomerang

I threw a boomerang to hurt you
It returned to me and hurt me too
Now I want you in my life again
But now my efforts are all in vain

Now I repent what I did
Now I repent for my greed

I dumped you like old garbage
Now I want back those old days

You could fill my life with joy
But I was not a good boy

I trapped you to fall in love
I made your path rough and tough

Now I make out how you felt
Now love makes my hard heart melt

Asif Andalib

A Butterfly

A butterfly can dance
Every flower gives hint
In joyful kindergarten's lawn.
Morning-dews now one-by-one perish
Quenching rising sun's thirst.

Asif Andalib

A Cat

An unwelcome guest –
A cat sits on a wall
Beside the busy street!

Asif Andalib

A Common Tragedy

When a fire breaks out
In a garments factory
Some workers escape
Others are trampled to death
Now a common tragedy

Asif Andalib

A Confession

I miss you so much
Sometimes I drink alcohol
To forget the pain

Asif Andalib

A Consolation

I am still single
It's better to have no wife
Than have Xanthippe

Asif Andalib

A Day Of Spring

On this day of spring
Wind is filled with flower's smell
And the cuckoos sing!

Asif Andalib

A Fish In The Sea Of Tears

O baby you have made me insult-proof
Though if you are a home I am your roof!

Now you can insult me as much as you wish
I live in the sea of tears as if a fish!

Now you can forget me but I will love you always
I will do my level best to see smile on your face!

Now you can avoid me if I come closer
It doesn't matter if I become loser!

Asif Andalib

A Flock Of Sparrows

A Free Man

I have got no wife
No children to look after
I am a free man

Asif Andalib

A Gift From God

I am in love with you right from the start
Flood of love has inundated my heart!

Now my thought is full of sweet dreams
You are a gift from God it seems.

You are an inspiration to live long
You are a muse to write love song.

As if I was frozen in ice
Now my life is like paradise.

Asif Andalib

A Girl Of My Choice

A girl of my choice
Is all I am looking for
But I can't find one
Like the endangered pandas
In this beautiful big world

Asif Andalib

A Heron

In shallow water
A heron waits for its prey
Standing on one foot!

Asif Andalib

A Hymn

God please one more love
Please one more love
I won't fly away
Like a wild dove

God it won't take too long
Sweetheart please one more song
God one more poem my friend
If you can't it's a shame
O God please one more poem
If you can't it's a shame

God please be kind Baby
Endless please one more truth
I know you know we know
Way of life is not smooth

God give me more wisdom
God give me to my Mom
Many more smiles Soul of souls
As long as zillion miles
O God please many more smiles
As long as zillion miles

A Kid Of A Goat

A kid of a goat
Is running, jumping in joy
To catch up the herd!

Asif Andalib

A Life Full Of Tragedies

Where sweet dreams turn into horrific nightmares
Where how you feel nobody really cares
Where whatever you do bears no fruit
Where you become a tree without root
Where efforts are useless and bring despair
Where happiness is like mirage and rare
There how will you find love and peace?
It's a life full of tragedies!

Asif Andalib

A Little Advice

Take care of yourself
Try your best and hope for the best
Always keep in touch
With your near and dear ones
But don't forget the rest

Asif Andalib

A Little Happiness

Baby now-a-days you make me so depress
I want to borrow a little happiness!

It's very hard to make you passionate
It seems I don't know how to change my fate!

Now I think you are not my cup of tea
You are like a lost treasure in deep sea!

As if I am in love with the Satan
Who doesn't know how to love a human!

Asif Andalib

A Little Prayer

God you don't feel pain in your body
Please don't give me pain in my body
God please give me this pride and glory!

(Amen)

Asif Andalib

A Little Wish

I am eager to
Bathe in rain with you my love
In a fun-filled way

Asif Andalib

A Lonely Man's Monologue

So many false hopes like the stars of a moonless night
Show me the way to survive in this dreary life
I bury so many dreams like a grave digger
And give birth to new ones like a queen bee

My heart has broken into so many pieces
It has become the sands of a desert
My sighs have become super storms
My tears have become the clouds of rainy season
My smiles have become the lightning
And my laughter has become the thunderbolts

My days have become months
And my nights have become years
My poems have lost rhyme like the hot summer days
My songs losing all softness have become hard rock

Asif Andalib

A Love Never Should Have Born

You burn my mind like hell
But it emits sweet smell!

Now you treat me like your childhood dolls
And turn my eyes into waterfalls!

Why have you made me fall in love -
You have stained my white shirt enough!

Now I know all our efforts are in vain
The closer we get the greater the pain!

Asif Andalib

A Love Song

Baby when I see you I can't tell
I love you so much I want to yell
Without you my life will be like hell
I will suffer like in condemned cell
When I am with you I feel so well
I feel like a hero feel like male
You are my pearl my heart is a shell
You are my home in a blissful vale

Asif Andalib

A Lump Of Blood (Chapter 96, Verses 1-5, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Read with the name of your Creator the Lord.
He has created human from a lump of blood.
Read and most honorable is your Lord.
He has taught to write with pen.
He has disclosed the unknown to the men and women.

Asif Andalib

A Magpie

After a rainfall
A magpie sings and dances
And eats an earthworm!

Asif Andalib

A Mag-Pie-Robin

A mag-pie-robin
Is hopping in veranda
On this rainy day

Asif Andalib

A Man In Wilderness

I feel so lonely
Like a man in wilderness
No one hears my cry

Asif Andalib

A Merciless Curse

Now the mirror inside me misses you so much
It tends to break into pieces without a touch!
Slowly the wound inside me becomes worse
So my life seems like a merciless curse!
The villains remind me why I am so good
But swiftly from bad to worse they change my mood!
My soul becomes heavy like a mountain
It makes me lazy again and again!
My sweet memories now give me so much pain
Day and night my eyes shed tears like monsoon rain!

Asif Andalib

A Northwester

Midday of summer –
Steamer was overcrowded
Then came northwester!

Asif Andalib

A Painful Thought

Moonlit night

Alone

Sleepless

Restless

Pensive

Thinking what I did wrong

Is it unforgivable?

Asif Andalib

A Poor Man's Heart

Oh a poor man's heart
Is like a worthless burden
Nobody wants it

Asif Andalib

A Prayer

God please make my mind pure, firm and strong
God please correct me when I am wrong.

God please give me optimum patience
God please give me powerful sixth sense.

God please take all my sorrows away
God please listen to me when I pray.

(Amen)

A Product Of Brain Chemistry

You are my sweetest fantasy
You are an imagination
A product of brain chemistry!

I long for our togetherness
Because I think God has made you
Though I don't know your full address!

Everyday both in hot and cold
You are the one I want foremost
You can make difference like gold!

Will you please recognize me now
By the words of this true love song?
I can't make you - I lack know-how!

A Romantic Weather

On such a cloudy day why you are far away?
Lightning is writing in sky what I want to say

The cloudy sky is like my gloomy face
The thunderbolts are showing my distress

The raindrops are like my sorrowful tears
My soul is on your way like pioneers

The murmur of the leaves is like my whisper
Please meet me in such a romantic weather

Asif Andalib

A Sad Love Story

Her spouse is a little bit physically unfit
So she wanted my body -
I wanted her heart because I was not so smart
Then couple of years later she found a partner
And lost interest in me

Now I need her body
As the earth needs the sky
As the hungry ones need the food

But she has found a partner
Now she doesn't need me anymore!

Asif Andalib

A Secret

I want to tell a secret my dear
I want to whisper it in your ear

I have kept it in my mind for a long time
To tell it to someone special in a rhyme

I wanted to tell but I felt shy
I was afraid you might make me cry

Everyone says it in their own way
Now it's my turn to say it today

Come closer to listen to my words
Promise you won't be scared like wild birds

I love you more than anything else
Without you my life will be like hells

Asif Andalib

A Taj Mahal

Today I am feeling so much pessimistic
I'm building a Taj Mahal by words and music

Even today O my soulmate
I don't blame you I blame my fate
Baby now you are out of touch
And I am missing you so much

I understood after we were separated
How much costly and good you are O my soulmate

I have not forgotten those days
And babe I will love you always

Abortion And Child Killing

Abortion and child killing
Are forbidden in Islam
Cause it is an act of outright cruelty

Abortion is a grievous sin
But in case of rape it is not
Since both the mother and the child
Will be unhappy
If the mother does not go for abortion
However the mother should pray to God
For the child's welfare in afterlife
And ask for forgiveness

If a mother have had abortion
Or kill her child
She should pray to God
"O the Lord of the worlds
The Greatest Merciful
The Best Merciful
Please give my child
Who has passed away
A prestigious post in paradise
And forgive my sins".

Asif Andalib

Abraham (Chapter 14, Verses 24-27, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Haven't you thought it over already
How Allah sets forth an allegory
Kalema-A-Taiyeba is like a good tree
Whose root is firm and will never die
And whose branches are in the sky.

It bears fruit in every season
By the permission of its Lord
And Allah sets forth allegories
So that they may learn lesson.

And an evil Kalema is like a bad tree
When it's uprooted, it loses stability.

Allah confirms those
Who believe in Kalema-A-Taiyeba
In this life and in the life-after
And Allah keeps the oppressors confused forever
And Allah does whatever makes Him happier.

N.B. -Allah's happiness is more than His sorrow
That's why Allah is happy.

Kalema-A-Taiyeba is the Muslim's Holy Word-
There's no god but Allah
Mohammad is the messenger of Allah.

Asif Andalib

Abraham (Chapter 14, Verses 34, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Allah has given you all things you asked from Him
And if you want to count Allah's favors
It will remain a dream
Undoubtedly humans are very unjust
And ungrateful to Him.

Asif Andalib

Abu Lahab (Chapter 111, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Both hands of Abu Lahab to be perished and so shall he
His wealth and earnings will not be able to benefit him, you see
He will soon burn in blazing Hell
With his wife the bearer of fuel
Around whose neck a noose of twisted bark of date tree.

Asif Andalib

Abundance Of Goods (Chapter 102, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Abundance of goods blindfolds you
Until you come to the graves
O yea! what you are thinking is not true
O sure! what you are thinking is not true
If you had the knowledge of the faith
You could see the inferno
You will see it with your own eyes later
Then you will be questioned about God's favor.

Asif Andalib

Adam And Eve

You are my mind's addiction
No one can buy you by money
You are my eye's addiction
Girl you are sweeter than honey

How much do I need you
This mind could not guess
You have colored my mind
By sweet naughtiness

My love and care for you is so extreme
My mind has become full with sweet dream

Girl how much I love you you won't believe
It's like I am Adam and you are Eve.

Asif Andalib

Adam And Eve's Apple

Our life was like a fairy-tale
Now it is something like a hell

Our love was so right in the start
Now it is like a condemned cell

We both made mistakes don't know why
We ate Adam and Eve's apple

I can say it in black and white
We did not know each other well

Someone came between two of us
Then we lost our love's joyful dale

Asif Andalib

Adam's Apple

Although you love me
You are heaven I am hell
Although I love you
I can't taste your sweet flavor
You are like Adam's apple

Agony's Peak

I am on agony's peak
Tears are falling down my cheek!

All the sad memories are back
It's like a terrible headache!

Your just a few words have triggered it
I am scared of its ruthless repeat!

All the sweet memories are gone
Oh how long shall I have to mourn!

Air Pollution In Cities

In the cities of the world
Beside the roads
And on the roofs of buildings
To reduce air pollution

Aktara - Original By Rabindranath Tagore

I try all day long
To dance with your song!

One string of Aktara can not bear my song's pain
I have lost this game with you again and again!

This string is tuned for this world's everyday
You are playing flute from light-years away!

Can everyone go to that other shore of superb song's game
And throw net of melody in world's heart's ocean to catch fame?

Asif Andalib

All Charms Of My Life

No matter what time and space
I can't forget your face!
Your laugh is theif in disguise
That steals my soul by surprise!

I can see love for me in your every move
Please don't say I am wrong cause it's so hard to prove!
I long to hold you in my arms
I seek in you all of my charms!

Asif Andalib

All Day Long - Original By Rabindranath Tagore

All day long
I dance with the music of your song!

O my Ektara has only one string;
It can't bear the pain of songs that you sing!

All along
I have lost in this game of your song!

This string is tuned to make sound of the near
But you are playing your flute from up there!

Can everyone join that shore of your song
By the music to impress everyone?

All along
I have lost in this game of your song!

Asif Andalib

All Greek Love

O I can't taste you honey
I can't buy you by money
I can't make my day sunny
Please don't laugh it's not funny

My sweet dreams were like dew
Now there are not a few
You wink at me sometimes
You say things that are crimes
I don't mind it at all
Cause I await your call

I can't make love with you
Of course it's nothing new
I can't make you my wife
So complex is my life
Our love is platonic
To others it's all Greek

All The Stars Of Your Sky - Original By Rabindranath Tagore

All the stars of your sky tonight
Have come in my mind to give light!

Now your world has crashed into me
Breaking into pieces of glee!
All blossoms of your all the groves
Now manifest on my body!

All the worlds' happiness and bliss
Are to me what deep fragrance is!
Now they all have come in my mind
To praise you in temple of peace!

I am so deep in thought today
From this world I am far away!
Breath of the world plays in my mind
Wonderful music that can pray!

Asif Andalib

Allah

Allah's Help (Chapter 110, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

When there will come Allah's help and victory
And you will see
People entering religion of Allah in companies
Then cherish your Lord's glory
And turn towards Him
Surely He is oft-returning to mercy.

Asif Andalib

Asif Andalib

Almsgiving (Chapter 107, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Have you noticed the person who disbelieves the Judgment?
It is him who gives the orphans harsh treatment
And does not urge the people to feed the needy
Then the praying ones will be extremely sorry
Who are unmindful of their praying duty,
Who do good things to impress people
And forbid others to give anything at all.

Asif Andalib

Amen

Make worthwhile ink of my pen
Amen Allah please amen

Make worthwhile my sweet dreams
Can't you hear my soul's screams?

Make worthwhile my effort
Make me brave in your court

An Advice

When words of love come to an end
Go for some sweet music my friend.

When love is gone only hope remains
Look for someone to relieve your pains.

Whenever life becomes very difficult
Try to tolerate the sorrows and insult.

When no one takes the trouble to help
Rely on Almighty and yourself.

Asif Andalib

An Angel With Broken Wings

I came to earth to do my things
Like an angel with broken wings

I miss everlasting bliss so much
I long for paradise and God's touch

I talk of harmony and peace
But it seems war will never cease

I bluntly speak for the weak and poor
So I lose access to other's door

Hate and bloodshed across the globe
Stain my holy and spotless robe

I always speak the truth to please God
But there are many liar and fraud

They all become my enemies
Please God give me the key to peace

Asif Andalib

An Injustice

God knows how much I love her
Though she has loose character!
God knows how much I want her
Though she has loose character!

God knows how much I need her
Though she has loose character!
I can't even walk with her
Though she has loose character!

I can't even talk to her
Though she has loose character!
I can't even look at her
Though she has loose character!

Asif Andalib

An Old Poor Guy

No girl loves an old poor guy
No one bothers to ask why

The love he cherished for so many years
No one wants that love no one ever cares

His hopes and dreams are like winter's white clouds
No one is keen to know their whereabouts

The tears he sheds for the girl he needs most
Nobody sees those tears from coast to coast

Asif Andalib

An Unsuccessful Lover

She tempted all her boyfriends like the nude apples
Now she mates with couple of them in big hotels!

I thought earlier she is not like a sex-worker
So I didn't go for enjoying sex with her!

Now she doesn't need me anymore
So things are not at all as before!

I have wasted many years waiting for her love
Now true love is seldom found it seems like a bluff!

Asif Andalib

Another guy has turned into my bosom friend
To drive away my distress

Another fear is roaring like a wild lion
In the suburb of my mind
Another valor is rising up like the sun
Leaving the darkness behind

Another sorrow is crushing into my heart
Like a plane in tornado
Another delight is blooming like a flower
For a hopeful tomorrow

Arrow Of Love

Baby you have shot an arrow in my heart
You have snatched away my mind you are so smart
You have not rubbed balm on my heart to cure it

You have not accepted my garland of song
My plate of love is empty you are so wrong
It was easy for you to catch me by bait
Now you are avoiding me how can I wait

Asif Andalib

Asif Andalib

As If We Are Adam And Eve

As if we are Adam and Eve
Our sorrows do not want to leave!

Our tears fall like rivers from mountain
Has anyone else has such a pain?

Our sighs are like gusty wind of monsoon
A sin has taken away life's best boon!

I haven't got chance to taste your kiss
Our smiles have gone like lost memories!

Asif Andalib

As If You Are Helen Of Troy

As if you are Helen of Troy
You are such a nasty playboy!

You wear a beautiful mask
From dusk to dawn dawn to dusk!

You hurt me with Cupid's arrow
My life is now full of sorrow!

As if you are deaf and blind
You can't hear and read my mind!

Asif Andalib

As If You Are Now Total Darkness

It still loves you from the start

At Last

At last it seems our love will succeed
Our wounded minds will no longer bleed.

We will prove what our love can do
The world will remember it too.

We will forget all pains and agony
Cause our love is not at all phony.

We will sing and dance in bliss
God will give us flying kiss.

Asif Andalib

Baby Be Wise Be Bold

I prefer you to the rest of the world

Baby I Am In Love With You

Baby I am so fond of you
I am one of your fans
Baby I am in love with you
From my very first glance
Please baby don't avoid me now
Give me another chance
Baby I want to dance with you
Baby I want to dance
Baby I want romance with you
A little bit romance.

Asif Andalib

Baby I Belong To You

Baby I belong to you
Tell me please you love me too.

Baby, please look at me now
You have won my heart somehow.

We are now talk of the town
Baby, please don't let me down.

Baby, please give me more joy
Don't break my heart like a toy.

Asif Andalib

Baby I Can't Forget You

Baby I can't forget your face
Baby I can't forget your grace.
Baby I can't forget your smiles
I can't forget your sexy styles.

Baby I can't forget your eyes
I can't forget our fruitless tries.
Baby it's just cause and effect
We are like iron and magnet.

Asif Andalib

Baby I Don't Want To See You Again

Baby I don't want to see your face
Baby I don't want to see your dress
And I don't want to see you again
Cause now your everything gives me pain!

Baby I don't want to kiss your lips
Now I don't want any of your tips
And I don't want to see you again
Cause now your everything gives me pain!

Baby I don't want to touch your skin
Baby I know, you know what I mean
And I don't want to see you again
Cause now your everything gives me pain!

Asif Andalib

Baby I Live In Yesterday

I feel so unhappy today
Tomorrow seems light-years away
Baby I live in yesterday

Oh I remember everything
When we used to go for shopping
The shopping spree kept you smiling

I remember your tender kiss
I remember now what love is
When I was with you I felt bliss

I remember your charming face
I remember your cute dresses
I remember your sweet caress

I remember your sexy walk
I remember your pleasant talk
You used to rock me like hard rock

Asif Andalib

Baby I Love You 10 + +

Baby I love you 10 + +
I love you like the earth loves grass

Baby I love you very much
Keep my life warm with your sweet touch

Baby I love you more than dad
Loving you makes me more than glad

Baby I love you more than mom
You are my water of Zamzam

Baby I love you less than God
But you are my home and abroad

Asif Andalib

Baby I Love You More

Baby I love you
More than you can see
But why you don't know
What you mean to me
And why you don't care
What you mean to me

Baby I love you
More than you can hear
Baby your hate is
Very hard to bear
Baby you are like
My daily prayer

Baby I need you
More than you can feel
Baby I want you
I know how I feel
Baby without you
I am always ill

Asif Andalib

Baby I Love You On And On

Baby I love you on and on
You are like a fantastic morn
We'll ride on our dream's unicorn
And go as far as horizon
For me O baby you were born
Kiss me like sexy girls of porn
And squeeze me like a pet python
Give me pleasure more than a ton

Asif Andalib

Baby No More Love

Baby please no more love
Now enough is enough.

Baby please no more tears
I can't bear it any more, no more sorrow's fears!

Baby no more false hopes: you are free
Please go from my heart where you should be!

Baby please no more death
You have killed me many times before my last breath.

Asif Andalib

Baby Please Let Me Love You

Baby please don't say, sorry
Love means a success story.

My love is like super glue
Baby please let me love you.

My love is red, green and blue
Baby please let me love you.

My love is totally true
Baby please let me love you.

Asif Andalib

Baby Tell Me You Love Me

Baby tell me you like me
Like a poet likes poetry

Baby tell me you love me
Like a flower loves a bee

Baby tell me you need me
Like a river needs a sea

Baby tell me you want me
Like a monkey wants a tree

Baby tell me you miss me
Like a sad heart misses glee

Asif Andalib

Baby You Are More Beautiful

Baby you are so pretty
As if you are a full moon

Baby you are so charming
As if you are a red rose
No No No No No No
You are more beautiful

Baby you are fantastic
As if you are a rainbow
No No No No No No
You are more beautiful

Baby you are attractive
As if you are a magnet
No No No No No No

Baby you are so stylish
As if you are a peacock
No No No No No No
You are more beautiful

Baby you can give comfort
As if you are spring season
No No No No No No
You are more beautiful

Baby you are so restless
You are like a butterfly
No No No No No No
You are more beautiful

Asif Andalib

Baby You Are My Soul Mate

Baby you are my soul mate
But now it seems it's too late

O those old days were so great
Then secretly we could date
But now we can't change our fate
Coz now it seems it's too late

Sometimes we had tete-a-tete
I stared at you when you ate
You were like my heaven's gate
But now it seems it's too late

Your love has turned into hate
Coz you are now so upset
Your thought now makes my eyes wet
Coz now it seems it's too late

Everything is not said yet
Read my poems in internet
You will forgive I can bet
Though now it seems it's too late

Forget me not don't forget
Otherwise you will regret
Don't treat me like a lost pet
Though now it seems it's too late

Asif Andalib

Baby You Don't Know

Baby you don't know what love is!
Baby you don't feel what love is!
You want only your body's peace!

Baby you don't know how I feel!
Baby you don't care how I feel!
It's like climbing up a high hill!

Baby you don't know where is bliss!
Baby you don't care whom I miss!
Baby you don't need my sweet kiss!

Baby you don't know when I laugh!
Baby you don't care whom I love!
I know you love them who are rough!

Asif Andalib

Bad Days

It seems God doesn't listen when I pray
And all the fearsome bad days are here to stay!

No matter how hard I try to overcome crisis
It lingers like a leech on my life to ruin my peace!

Year after year I am looking for love
I would go abroad if I were a dove.

Now I am a middle-aged man and furthermore poor
As if I am still begging for love from door to door.

Asif Andalib

Bad Dream

In my bad dream I sob and scream
God please wake me up from this dream.

Asif Andalib

Bangladesh

Then land of rivers is my motherland
I love her greenery even her sand!

In every season she wears a new dress
And of course she changes her mood to impress!

Her air of villages is so fresh
Anyone will love my Bangladesh!

Asif Andalib

Bangles Of Rhyme

I want to give you my bangles of rhyme.
Will you go with me on the way of time?

I want to keep you in my heart
Even if we are worlds apart.

I want to see your smile always.
I know your heart is my best place.

I want to love you more and more
Because you can cure my heart's sore.

Asif Andalib

Because I Love You

No doubt I want you
More than I need you baby
Because I love you

Asif Andalib

Because You Are Not Here

My poems have lost rhythm
Because you are not here!
My room is in a mess
Because you are not here!

My life seems like a nightmare
Because you are not here!
God is more close to me now
Because you are not here!

My night doesn't seem to pass
Because you are not here!
All songs seem monotonous
Because you are not here!

No book of poems seems interesting
Because you are not here!
I don't see the sky of dawn
For such a long time
Because you are not here!

Asif Andalib

Beggar Of Love

How I long for the tender arms
Around my neck
Like a garland
But there is famine of love
In every place
I look for!

I beg for love from door to door
With my empty heart
But no one listens
No one cares!

I hide my tears
In the darkness of night
So that no one mocks at me
Or hurts my deepest feelings!

Asif Andalib

Believe This Kind Of Stuff

You are still a stranger to me baby
But you are my sweet dream O my baby
I look for you in the reality
I look for you in the megacity

Believe this kind of stuff
I am your better half
I wait for you all night
To feel I am alright

Suddenly I have found a clue
Your two eyes are sky-blue

I am your better half
I ask for your sweet love
I wait for you all day
My soul goes far away

Asif Andalib

Best Of Luck

Best of luck my friend
I wish you achieve your goal
And can smile in joy

Asif Andalib

Birth Of A Sweet New Love

When my love turned into hate
I couldn't forget
The stare
The smile
The touch
And I loved her so very much
Then my love's dead body
Burnt into ashes like phoenix!

Now I am waiting every nanosecond
For the birth of a sweet new love!

Asif Andalib

Blind Man's Bluff

Girls are playing with me blind man's bluff
They have blindfolded me and they laugh!

When I want to touch anyone of them
She moves silently what a cruel game!

I fail and try hard again and again
I try to smell odor to ascertain!

That's why they spray perfume to make me fool
I am a victim of their unfair rule.

Asif Andalib

Blonde

Baby as blue as the sky is your two eyes
People think you are a Hoor of Paradise!

The one who will marry you is a lucky guy
To marry you so many people cry and sigh!

Your skin color is pink like rose
You don't hesitate to come close
Your hairs are just like golden jute
All stare at you you are so cute

You are fabulous your laugh is like rain of pearls
Of course you are sweeter than the rest of the girls!

Asif Andalib

Both The Shores Of My Heart - Original By Rabindranath Tagore

Both the shores of my heart
And my eyes are overflowing!
Now wherever I look
I can't recognize anything!

The attraction is inside
So my heart-river has tide
Today there is so strong storm
I can't build a dam to guide!

Why is it happening in new youth?
Suddenly which wind carries which truth?

My heart is indifferent
Why it has disappointment
My deep desires and sorrow
Are hard to control my friend!

Asif Andalib

Brain Chemistry Of Love

You are nucleus and I am an electron -
I am orbiting you ever since you were born.

Wherever you are baby and whatever you do
I cannot touch you but I can feel you and see you.

Sometimes you make my brain's chemistry wild -
That's why my heartbeat goes crazy from mild.

However I can't hold you any closer
And certainly you never seem to bother.

Asif Andalib

Burden

A burden for my family
A burden for my society
Till now I am a burden
One of the unwanted men
I am in wrong time and wrong place
So blush is all over my face!

Asif Andalib

Burden Of Love

What's in your mind I want to discover
Because I am out and out a lover.

Only your sweet smile can make me laugh
Babe will you take my burden of love?

Will you tell me please how to win your heart
Because I want to be top on your chart.

Asif Andalib

Butterflies

It's spring time,
Butterflies are flying around
As if it's their fashions show!

Asif Andalib

Buy My Heart

Who will talk to me about love over phone?
Who will buy my heart in exchange of her own?

Who will give me peace of my heart?
Who will see my mind part by part?

Who will accompany on my way to God?
Who will whisper in my bad days soothing word?

Who will fill my heart's empty space?
Who will abolish my distress?

Asif Andalib

Bye-Bye

Baby I want to say bye-bye
I want to fly in the blue sky

I will find another heart
Breaking your heart apart
Baby somehow time will pass by
I will remember I will cry

I will find another job
I won't blackout and groan and sob
Friend I will find another guy
I will try for it my best try

Baby I will find my small world
I will go for the best or gold
All my gadgets will be sci-fi
All my actions will be hi-fi

By opening dream's door please come in my eyesight

Conscience

I am to blame that's what she opines!
I want to give in to my conscience.
It says I am innocent as a child in mother's lap
It's certainly not my fault it's a mistake or mishap!
She is afraid of the society but I am not
And I am afraid of dirty lies God thanks a lot!
She is cruel like a stone no plight makes her cry
She has wasted too much tears now her eyes are dry!
The words that I keep in mind like a pearl of shell
She understands it well but makes my life a hell!

Asif Andalib

Corruption In Bangladesh

Corruption is everywhere
You go now-a-days
In government offices!

Asif Andalib

Cost-Benefit Analysis

Any government economic project
Should involve cost-benefit analysis
Before implementation.

Calculation of cost must involve
Market survey cost, establishment cost, labor cost
Production cost, marketing cost and so forth.

Calculation of benefit must include
Financial benefit, social benefit
Political benefit and so on.

The governments should take into account
Whether there is skilled manpower
In the country to run the project or not?

They should also consider
The possibility of change
Of technology to be used
In near future in other countries.

Thus the viability of the project
Can be justified before implementation
In order to avoid wastage of money and time.

Asif Andalib

Creation And The Creator

I don't understand so many things
But I do understand one thing
Clearly
That
There is God up there
And He is everywhere
And He is everything that exists
And
we are an insignificant
But
Inseparable part of God
And we are actually a little
Bit of saliva of God-particle
In side extremely big
But
Limited space
And space is mass having least density
And
From point of view of time
God is infinite
And
He is one
And
He is alive, intelligent and unique
And
Though
He is so-so
He is the best person!

Asif Andalib

Darkness

Darkness is devils favorite haunting place
Ferocious animals can see in darkness
In the dark night rapists find victim
To thieves and robbers it's icecream
So try not to go in the darkness O good guys
If you don't listen to me you will pay the price
No no no no no no
In the darkness please don't go

Asif Andalib

Dawn (Chapter 113, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Say, I ask for refuge to the Lord of Dawn
From the evil of His creation
And from the evil of night when it comes
And from the evil of blowing on knots by the magicians
And from the evil of the people when they are envious.

Asif Andalib

Day (Chapter 93, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Swear upon the day
And the night when it is covered with darkness
Your Lord has neither forsaken you
Nor has He felt dismay
Your future is better than your bygone days
Moreover your Lord will shortly
Give you something that will make you happy.
Didn't He find you an orphan and give you shelter?
Didn't He find you lost and show you the way?
Didn't He find you needy and make you rich after?
Therefore do not oppress any orphan
And if anyone asks for something
Do not rebuke the one
And as for the favors of your Lord, announce it to everyone.

Asif Andalib

Death

Death is a gate to another life
For the virtuous people
To get rid of earthly pain and sorrow
But for the sinners
It is the most undesirable thing.

Suicide is a way of losers
Since they lack patience
On the other hand
Martyrdom is a way of the braves
Since they prefer peace on earth
To anything else.

Asif Andalib

Death Of My First Love

I can still remember the weeping of the sky
When I lost you from my mind and wanted to die!

Life of my childhood was very fine
Then I was yours and you were mine!

I made you cry for your mistakes
Now my eyes have become two lakes
That overflow with tears whenever I think
I cannot cut off our invisible link!

Death of my first love shocked me so much
I still remember your tender touch!

It tastes delicious
I can guess it from its smell

Asif Andalib

Demand And Supply

Demand creates its own supply
Most of the times

If there is more demand than supply
The government should encourage
New investment
And if necessary
Encourage import of the shortage
On the other hand

If there is more supply than demand
The government should discourage
New investment
And encourage export
Of the surplus products and services

Thus
A country can balance demand and supply
For the welfare of its people

Asif Andalib

Democracy

If a country's majority of people are illiterate
Democracy will bear no sweet fruit
Whereas if a country's most of the people are educated
Democracy will bring peace, harmony and prosperity.

Therefore governments ought to provide education to all citizens
In order to obtain good results of democracy
And if necessary they should go for free education
For the poor people irrespective of sex.

On the other hand education should be up to the mark
And moral education should also be provided
So that a corruption-free society can be established.

Thus democracy is able to set up a welfare state
With a minimum timeframe.

Economic development is the precondition of higher living standard
Therefore we should focus on economic development at first

For economic development of any country
So the government should go for it in the first place
And if necessary they should go for partnership with private entrepreneurs

Now it's an open market economy
If we want to take off to the sky of prosperity
We need to utilize our own resources including manpower

We need to figure out our competitive advantages
Because it's not a hard task for us in the information era

Now-a-days tourism is a lucrative sector for any government
Because we are living in the time of globalization

Protectionism is now a history
That's why
The role of commercial banks and other financial institutions
Is more pivotal than ever

They should provide loan to the industrialists
In such a manner and style
So that the latter can import cutting-edge tech
In order to survive in the fierce competition of open market

Asif Andalib

Education

Education is the key to
Development of human resource

Development of human resource
Is the key to economic development

High demand of skilled manpower
Exists in every country

Therefore
The governments should
Emphasize on education
More than any other sector
Especially
In least developed countries
In order to meet local demand
And export manpower as well

However
In LDCs
Education for all
Is still a dream

That's why
Governments of LDCs
Should turn this dream into reality
As soon as possible

Asif Andalib

Education And Delelopment

Everyone should know
Education is the key
To development

Eid Brings Sorrow For Me

Eid brings joy for all
But it brings sorrow for me
I wait for your call

Asif Andalib

Eid Mubarak

On this day of Eid
Eid Mubarak to you all
And my best wishes

Asif Andalib

Eid's Day

Eid's day comes and goes
But you don't come to me
I am getting old

Asif Andalib

Eid's Joy

I feel very sad
Eid's joy is for everyone
Am I nobody?

Asif Andalib

Eid-UI-Adha

For the hungry ones
Eid-ul-Adha is a joy
Never to forget

Asif Andalib

Eid-UI-Azha

The custom of sacrificing halal animals
On the day of Eid-UI-Azha
Derives from a fact of
Prophet Abraham and Prophet Ismael
Which is known to many people
Across the globe.

God can take away from you
Any time He wants
Your parents, your brothers and sisters
Your children and your friends
He can even torture them to death
Before your very nose

God is kinder and crueller
Than human beings
Although His kindness
Is many times more
Than His cruelty

That's why
We should sacrifice halal animals
In order to please Him
On the day of Eid-UI-Azha.

Asif Andalib

Eid-UI-Fitr

Happy day of Eid
The new moon is like her lips
Her smile is so sweet

Asif Andalib

Empty Heart

When my empty heart
Will find you O my sweetheart
And new life will start

Asif Andalib

Endless Thanks God

Endless thanks God
For making my pen mighty
And there's nothing to be afraid of
Since you are with me.

Endless thanks God
For the peace of my mind
And for the wisdom that I seek.

Endless thanks God
For the friendship between us
And for the patience I have.

Endless thanks God
For all the favors
You bestow upon me.

Asif Andalib

Enemies

Enemies in home and abroad
What a hilly and zigzag road!

Conspiracy is in so many brains
My losses are many and so few gains!

Their hate, malice and envy
Engulf my life I can see!

Nobody loves me and shows sympathy
Though I am innocent as I should be!

My love, care and my vision
Will make fruitful my mission!

I won't give in cause my God is with me
He gives me hope and lot of energy!

Asif Andalib

Engagement Ring

Give me baby an engagement ring
I am too much tired of just waiting
Want to sing a love song want to sing

Take my hand baby it's a joyride
These chances are no doubt time and tide
Our love story can spread far and wide

Turn my sweet dreams into reality
Turn the music on in serenity
Turn me on by your sweet affinity

I smell something fishy from above
Look at my eyes baby see my love
Don't fly away from me like a dove

Asif Andalib

Environment Pollution

We need to control
Environment pollution
By hook or by crook

Asif Andalib

Envy

Don't be envious
Envy drives us to astray
It gives birth to greed

Asif Andalib

Eternal Inspiration

I want to see you unharmed like a thing of paradise
Let me be your bodyguard you will be safe from bad guys!

I want to see you cheerful like a child in mother's lap
I go for songs to abolish communication gap.

I want to see you make efforts to look more beautiful
If you love me more and more I will be more dutiful.

Your attractiveness is beyond my imagination
I want to see you as my eternal inspiration.

Asif Andalib

Ethnic Cleansing

It doesn't matter what my faith is.
It doesn't matter what my caste is.
It doesn't matter what my complexion is.
It doesn't matter where I live.
Above all I am a human
That should be taken into account.

The wise saying:
United we stand
Divided we fall
Is ignored
By so many people!

O the angry mob
Please don't go for ethnic cleansing
Please don't shed blood of another human
In the name of religion or whatever else.

Irrespective of your faith
Why don't you think
We are all brothers and sisters
To maintain peace?

Please think with your brain
And feel with your heart
It is the only remedy
To cure your mind's disease.

Asif Andalib

Everlasting Love

If I am the sun you are sunshine!
Forever I am yours you are mine.

Asif Andalib

Everybody Wants To Be Happy Translation Of Manna Dey's Song

Everybody wants to be happy
But some people are not so lucky
I don't know whether what the people say is right or not
Some people cannot bear with the happiness they have got

No matter what they say I keep on hoping
For the bird of happiness to come and sing
But now I cannot bear with so much waiting

Everybody wants to be happy when they are in love
Radha became happy when she had got Krishna her half

I shall also love as Radha used to love
I shall lose everything if not I shall laugh
But I cannot bear with waiting it's so tough

Asif Andilib

Everyone Has Enemy

Everyone has enemy
Even prophet Jesus had enemies
Some great personalities are like roses
They spread fragrance in the garden of human race
But they live in the thorny branches
And amongst the spiky leaves
Even a gentle wind can hurt them

Asif Andalib

Everyone Needs Love

Everyone is half
Everyone needs love
But some of them are not lucky enough

May be they are not state-of-the-art
They spend their whole life with empty heart

They want love like anyone else
But their life becomes seven hells

God is one so He makes them lonely
They hate this life and blame fate wholly

Asif Andalib

Exam On Earth

The world is an examination hall
Where All-knowing God is the Principal.

Preachers of the Truth are the teachers
They love the world and all its creatures.

The students of the university of God
Must find a truthful teacher in home or abroad.

Those who will pass in exam on earth
They will enjoy holy heaven's mirth.

Asif Andalib

Eyes' Delight

Every day and night
You are my eyes' delight!

Baby, please no more fight
You know it's not alright.

Baby, please make me bright
Don't go out of my sight.

Baby, please see my plight
Don't leave me hold me tight.

Fair Competition

Fair competition
Is good for the consumers
Of any market

Asif Andalib

Faith

Faith in God is the best work of mind
We should believe in His oneness
And our fate, the angels, the prophets
The Holy Scriptures and the afterlife

The gate of faith of paradise is the biggest
And all believers will have access to this gate
But it is less beautiful
Than other gates of paradise

For this reason
Please at least believe in Islam
And never ever lose hope
Regarding mercy of God

Asif Andalib

Faith Will Give You Light

Faith will give you light
To see in total darkness
On your way to God

Asif Andalib

False Smile

My heart is too small to store so many sorrows
It turns into sad songs when my heart overflows!

My eyes are too small to store so many tears
They fall down like monsoon rain I long for seers.

My life seems too short to make it worthwhile
I have to keep on my face a false smile.

I am so poor no one wants to be my wife
Oh my hopes are too few to lengthen my life.

Asif Andalib

Fanafillah

Please make my mind merge with yours O God!
And hold my mind tightly with your glows O God!

Please make my mind broad as yours O God!
And please give me more will-force O God!

Please control me directly all the times O God!
And grant my sweetest prayer in these rhymes O God!

(Amen)

Asif Andalib

Fasting

Fasting will enable you to color yourself
With the color of God
It is a wonderful way to go to paradise

During fasting
We do not eat, drink and enjoy sex
We do not sleep and drowse
We do not tell lies
And refrain from talking too much
Because these are some of God's qualities

During the month of Ramadan
We perform more Salat
Than any other month
Because Salat is the best worship
And it safeguards us
From doing evil things

During the month of Ramadan
We give alms and charity
To the needy ones more than ever
Because God is the Kind and Giver

During the month of Ramadan
War is forbidden for the Muslims
Because God loves peace

In the month of Ramadan
The prestigious night exists
So that we can satisfy God
And become successful

Asif Andalib

Fate

I think it's not late
To start a new life with you
And change my own fate

Asif Andalib

Fathers

Fathers give us home
They give us loving mothers
They solve our problems

Asif Andalib

Fearing God

Don't be too afraid of God
He is very good,
Be scared to commit grave sins.

Fill Up My Heart Stealing My Thirst - Original By Rabindranath Tagore

Fill up my heart stealing my thirst
Give me more feelings in my heart
God in your world and in your home
Give me more space God make me smart

God pour more light in my eyes
God give me more sweet surprise
My flute's tears are its music
Show more melody's magic

Give me sweet fruitful sadness
God give me more awareness.
God make me what I should be
God Save me God please save me

Asif Andalib

Fire Of Her Beauty

Although she loves me
She is forbidden for me
Now I touch her shadows
To find out
How much I love her!

The face she used to show me
Has become unfamiliar
Now she wears a mask of enemy
And shows her cruelty!

Now she sets trap in every way –
I understand but I can't
Escape from this riddle!

Now in the darkness of loneliness
I rush to the fire of her beauty
Only to burn myself in sadness!

Asif Andalib

Fire On My Body

You give me tears but do not wipe it!
Baby you break my heart bit by bit!

Your lovers make me jealous cause I am unlucky
My hands and legs are tied up only you can free me.

You set fire on my body by attracting me
But you don't care to extinguish it now I see!

Although you have spouse you make love with couple of guys
They molested you to enjoy sex so my soul cries!

Asif Andalib

First Prayer (Chapter 1, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

All praises are because of Allah
The Lord of the worlds
The Merciful and the Giver
The Judgment Day's Emperor
We worship you and ask for help from you.
Please show us the straight avenue -
The avenue whereupon showers favors
Not the avenue of the cursed and the wrongdoers.

(Amen)

Asif Andalib

Fish Out Of Water

Without you in my life Oh again and again
Like fish out of water my love is having pain!

I am keen to go out of your sight so very much
But fate brings me to you and doesn't let me touch!

I try to forget you but you are like glue
That sticks on my soul so I can't forget you!

My eyes suffuse with tears every now and then
When I think you are the ink and I am a pen!

Asif Andalib

Flowers Of Monsoon

In this city of concrete
Flowers of monsoon
Bloom even besides street!

Asif Andalib

Fly Love Fly

Fly love fly find a new nest
Please leave her heart for the best!

Though she cast her spell to confuse
The shattered nest is of no use!

She was like Juliet long ago
Please don't want her now like Romeo!

Look the sun is now in the west
Please don't stop your wings to take rest!

Asif Andalib

Fond Of You

My heart is too fond of you
Never say baby adieu.

If you come close to me
I dream sweet reverie.

If you stare at me babe
I feel inside love's wave.

If you smile seeing me
I feel I am a he.

Asif Andalib

Fool's Game

I cried so much my tears has run out
Now you can't make me cry any more.

O God I gave my mind to a wrong guy
Now it seems I am like a dead body.

I lived in a place of sweet utopia
When I came out of it then sadness gripped me.

Now I realize what mistakes I made
I wasted so much time playing fool's game.

Asif Andalib

Footsteps On Dusk's Sand - Original By Rabindranath Tagore

Whose footsteps are on my broken path's dusk's sand!
There are some scattered petals of whose garland!

When she came she didn't make sound
When she went she stepped on the ground
Who else but she makes me cry like this!
Who else but she is my only bliss!

Then the sunlight was young and brighter!
My path of time was full of flower
And my world wore spring's nice fashion wear!

I didn't know it on that day
I was home alone by the way
Today I will set out for her place
Carrying burdens of my old age!

Asif Andalib

For You My Love

Tick tock of my Clock
And the dingdongs of my heart
Are for you my love

Asif Andalib

Forever For You

Babe you are so sweet
You are my heartbeat
You are like my food
That I want to eat
I become so glad
Every time we meet
Will you promise me
You will never cheat

Look at my both eyes
They are so telltale
You are like the scent
That I want to smell
You are the beauty
That I want to see
Forever for you
My heart is for free

If I see you I lose my readywit
I can't tell you I love your everybit

Come in my heart when the night is moonlit
Come in my arms when I am not unfit

Asif Andalib

Forget Me Never

No matter what happens forget me never -
Babe! Don't forget the time we spend together.

Don't put off this garland of my songs -
Honey! Only to you it belongs.

Now it's so difficult to spend time -
But my longing for you is a crime.

I am only human: flesh and bone -
How long shall I have to live alone?

Asif Andalib

Forgive Me God If I Become Tired - Original By Rabindranath Tagore

Forgive me God if I become tired
If I become slow and less inspired.

O my mind is so scared
It trembles in top fear
Forgive this sadness God –
I believe you do care.

God forgive this awful weakness
If I look back become mindless!

In the day's burning sun
My garland of flower
Withers in worship's plate –
God don't let me suffer.

Asif Andalib

Freedom

Freedom is the eagerness to sing loudly
Freedom is the eagerness to dance in glee

Freedom is full with our sweet dreams
Freedom is utmost joy it seems

Freedom is saying things that we believe
Freedom has no other alternative

Freedom is defeat of oppressor
Freedom is what everyone looks for

Asif Andalib

Friends

Friendship never dies
Friends are more precious than gold
Old friends are old wine

Asif Andalib

Friendship

If you make friendship
With a good person
It is a good deed
If you make friendship
With a bad person
It is a bad deed

That's why
Friendship with a good person
Can give you access to paradise
And friendship with a bad person
Can be responsible
For your punishment in Hell

Friendship with God
Is best of all friendships

Asif Andalib

Friendship Of Birds

Asif Andalib

Fruitless Try

So many girls broke my heart into pieces
Yet I am yearning for love and sweet kisses.

So many times I thought I would rather die
Than going for relentless but fruitless try.

So many sad memories now haunt my brain
Like ghosts who can scare me again and again.

So many mistakes that I made in the past
Are still affecting my life like iron's rust.

Glass To Divide The Society

I have failed to paint my portrait in your mind's canvass
And I have failed to rub in my body your sweet smell
And I have failed to live happily ever after
Is it because I have failed to call you properly?

I have failed to fly with you in imagination
I have failed to burn myself in your beauty's fire
And I have failed to sweep dirt of my mind's mosque by sighs
Baby that's why I have failed to roam in your mind's world

I have failed to break the glass of racism
I have failed to know the meaning of such love
I have failed to bring you in my life of this world
That's why I am reluctant to accept my fate.

God is the conscience that I own

Asif Andalib

God And Prophet Muhammad

Alas! There's no one better than God
And He is cruel somewhat
God feels lonely
Although He has so many friends
Because
God is one of a kind
Even angels are not like God
Angels have wings
But God's body has no wing
And they are like a dot to God

God is unable to create His own spouse!
That's why it's so hard to turn His mood on
And make Him satisfied.

Although God's got all the powers
That exist in reality
He hasn't got all the powers
That can be found in imagination.

God is neither a male nor a female -
God's got more similarity
With mothers than others!
God's got more similarity
With girls than boys!

Notwithstanding
Prophet Muhammad is the best creation
Since God's body is more like a male
And the universe is like His Holy Sperm
And
The Lord of the worlds
Is romantic, affectionate and loving.

Asif Andalib

God And The Fantastic Four

Prophet Mohammad is the first Leader of the Universe
He is as dear to God as His heart and the Best Friend of God
He is the symbol of God's innermost layer of light
That is the light of kindness, the white and silver light
This light has maximum density and minimum shininess
That's why we'll be able to stare at God's body

Prophet Jesus is the second Leader of the Universe
He is called the Soul of God because he is so dear to Him.
He is like the Son of God and is the symbol of God's body and peace

God has seventy thousand layers of His light
Each layer has a different color and characteristic
Prophet Mary is like the Beauty and Purity of God
She is the third Leader of the Universe
And she is the symbol of God Herself

Imam Mehedi is the fourth Leader of the Universe
And he is the symbol of God's outermost layer of light
That is the light of pride, honor and wisdom
It is the golden and invisible (black) light
Golden light has minimum density and maximum shininess

Asif Andalib

God And The Universe

God has got less mass than he actually requires
That's why He has hunger but has no food
That's why He feels lonely but has no spouse
That's why He fasts forever and ever
The universe has got more mass than we actually need
That's why so many bad things exist on earth
That's why there are seven hells up there

Asif Andalib

God I prostrate in my thought on your feet
I want to meet you please show me the street.

God please make my works easy be it big or small
God please never neglect me though I am your doll.

God please light up my soul like morning of the day
God please be my Guide never let me go astray.

(Amen)

God Is Like A Bachelor

God has got no Father and Mother
God is like an Orphan!
God has got no one to fulfill
His sweetest dreams!
It's a matter of grief and shame for God:
God's body is able to make His sexual organs
But He has no Spouse and Children
And He is unable to create them as well
Due to extreme gravitational force of His body.
God is like a Bachelor!

Asif Andalib

God Is Like A Bird

God is like a bird
The cosmos is like her egg
If someone could give Her spouse
She would surely beg

If God could fly away to Her dreamland
God's fate would give Her a lovely husband
Then every creation would dance and sing
God is absolutely beautiful thing!

God Is The Best Poet

He thinks this world is not a poet's game!
How can he hate the poet but love poem!
It's like loving the creation and hating the Creator
Although from every perspective God is better!

Asif Andalib

God Is Unhappy

That's why there is hell!

God is the Most Kind
But God is not kind to all
God is the Big Mind!

God is Mass and Glow!

God is unhappy
But God is so kind and good
He makes us happy!

We can make God smile
But we can't make God happy
God has His own style!

God Was Sleeping!

God isn't sleeping
And God won't sleep
But in the beginning
God was sleeping!
Suddenly
He started dreaming -
God's last dream was a nightmare!
In His dream He saw He has a wife made of photons
She hugged God and then started crying
At one point of time
It woke Him up

Then He saw there was no one except Him
So He tried to create His spouse
At that time God's body was a round solid thing
It became bigger and bigger until it exploded
At that time God was a stupid and hurt Himself

Then God made many mistakes and learned the lessons
And became wise and powerful

Then
God's body turned Himself
Into the Most Beautiful Thing
That resembles a human being
And created the universe
With a little bit of His saliva

Now
God is able to create
Sexual organs of His body
But He doesn't do that
Cause
He is the only one of His species -
He is One
And
Unique.

God You Are The Best

You are mass and space
And everything else in It;
God you are the best

Asif Andalib

God, Mary And Jesus

Can a good person give his lover grief
If he himself possesses all the powers?
Can a good person make his lover mortal
If he himself is immortal?
Can a good person deprive his son of a lover
For many years
If he himself has a lover?
Can a good person deprive his son
Of enough power, wealth and prestige
For many years
If he himself has all that?
Can a good person hurt his son
If no one is able to hurt him?
And so forth.

There are many people still now
Who do not give grief to their lovers!
There are many people still now
Who sacrifice their lives for their lovers!
There are many people still now
Who arrange marriage of their infants!
There are many people still now
Who give many of their belongings to their children!
There are many people still now
Who sacrifice their lives for their children!
Is God a bad person then?

There are many people still now
Who have more than one lover!
There are many people still now
Who have more than one child!
Does God lack sufficient amount of love?
Is there no other girl who loves God?
Does God dislike children?
If one son is enough for God,
What about a daughter?

Holy Spirit is no one else but Angel Gabriel
In the Holy Koran He is sometimes called Ruh

Which means Soul or Spirit
Because he is so near and dear to God's body

So please, don't say, Three;
There's only one God.

Asif Andalib

God's Beauty

God's body is the most important
And beautiful part of God
God's body is like God's face
Including head and neck.
Is there anything wrong
If my mouth says, "I am Asif Andalib"
So there's nothing wrong with it
When God's body says, "I am God"

The look of God's body
Has remained the same
After creation of the universe
Cause God has used
So little part of His body
To create it!
God's body doesn't have
A single gray hair
God is everlasting and forever young!

God's stocks never cease
Cause He recycle things!
No one will be able to count God's favors
Since time is infinite!
God has got so very much more qualities
But it can be written down
If all the trees of paradise become pens
And thousands of oceans become ink!

Asif Andalib

God's Call

Baby don't leave the exam-hall
Before you receive God's call!

Asif Andalib

God's Consolation

Since God is a Dictator
If there were more than one God
The Gods would make endeavor
To overpower each other
Thus they would take control
Of their respective creations –
This is a consolation for God!
Actually if there were God
And a less powerful one
Of His own species
She would surrender to God
And God would fall in love with her
Thus God would find His lover
And live happily ever after!

Asif Andalib

God's Pain

Although God has got
Tremendous pain in His mind
Frequently God smiles!

Asif Andalib

God's Reflection

God sees His own reflection
As if on the water

Prophet Mohammad the mercy of God ☐
Is the best reflection of God's character!
Prophet Mary the best girl of the world
Is the best reflection of God's beauty and purity!
Prophet Jesus the soul of our Lord
Is the best reflection of God's peace!
The Holy Koran the difference maker
Between the good and the evil
Is the best reflection of God's favor!

Asif Andalib

God's Rope

Baby don't give up the hope
You know hope is God's rope!

Asif Andalib

God's Smile

The new moon
Of Eid-ul-fitr
Is like God's smile!

Asif Andalib

God's Tears

God's body's eyes
Do not shed tears!
If we could make Him
Burst into tears
Just once:
His holy tears would extinguish
The fire of hell
And
Turn hell into heaven
Moreover
It would make earth
A place of mirth!

Asif Andalib

God's Actions

God does everything
For the long-term well-being
Of His near and dear ones!

Asif Andalib

God's Anatomy

God's body has got the best throne
God's body can freely move around
Inside God's light
God has got a chair of artificial light
Skies are also artificial lights of God
But God's chair is the biggest
The universe is inside it
And God's chair is inside God's eternal light
God's eternal light is called God's mind
And it is the eternal space.

Light is mass with least density
Light is the thinnest thing
Light is space
Photon is the building blocks of everything
God's light exists because of gravitational Force of God.

God's mind is extremely big but finite
It is round and still
No matter where God's body goes
The core of God's body always remain at the center of God
Is absolutely frozen and dead
It is God's body's heart

Around God's body some slightly loose photons exist
Heart of God's body
Consists of these two layers of mass
As a result of gravitational force
God's body's heart tends to become smaller
But space of anything cannot be nil
For this reason
An outward force exists
That creates never-ending heartbeat of God

When God expands His visible light
He makes His body the Most Beautiful Thing
God's body has a pimple on His face
It's His beauty spot
It's the symbol of bad things

God's body has got
Minimum bad odor
And overwhelming good odor
That's why
God's body is fragrant
God's body puts on clothes
To look more beautiful
God's body puts on crown on His head
To look Most Majestic.

The center point of God is just above paradise
Where Prophet Mohammad met God's body
On the Night of Ascending To God
God's direct visible light remains near His body
God's direct invisible light is at distant places
From His body

God's body is the most solid thing
God's body is made of tiniest particles
Tiniest particles are photons that are souls
Owing to Gravity there are some loose particles
On the surface of God's body
That's why He can create things

There are seven skies
Skies are like bubbles of light
One above the other
From smaller to bigger
The uppermost sky is the biggest
At each connecting point of skies
There is a gate of sky.

Time is a unit of measurement of the changes
Due to movement of matters inside space
Time is infinite.
From point of view of time God is Everlasting

N.B.- The Night of Ascending To God is the Night of Meraj.

Asif Andalib

God's Body's Brain, Heart And Lungs

Inside God's body's brain
Sub-atomic reactions take place
Endlessly
Inside God's body's heart
Nuclear reactions take place
Endlessly
Inside God's body's chest
There is lungs
God's body breathe and smell
He sighs too

Asif Andalib

God's Chair(Ayatul Kurshi, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

There's no God but Allah
He is the Living Container
He is free from Sleep and drowsiness.
He is the owner of everything
That is in earth and skies.
Who can recommend to Him
Without His permission?
He knows everything
That is bygone and ahead of creation
No one can obtain even a bit of His knowledge
Without His help
His chair is everywhere
On earth and skies
He doesn't become even a little bit tired
Of controlling these two things
He is the High and the Great.

Asif Andalib

God's Character

God has got many paradoxical characteristics

For example

He is the Giver of Life

And the Giver of Death

He is the Giver of Honor and Prestige

And the Giver of Insult and Humiliation

He is the Most Merciful

And the Most Cruel

God felt the pain and sorrow

When He understood it's impossible

To have His spouse of imagination in reality

It hurts God's feelings

If anyone says there is more than one God

Because He has no spouse, parents and children

And it's not at all good news for God

Although He has got many consolations.

God is not all good

God hides even His own sins to some extent

But there's no one to bring God to justice

That's why we should be scared of God

Although God's body is able to eat and drink

He doesn't eat and drink

If the whole universe is turned into His food

It won't satisfy His hunger

God's body doesn't sleep and drowse

Although He is able to that

Because He's got so many things to do

Although God's body is able to enjoy sex

But He doesn't do that

Because He is the only one of His species

God's body always speaks the truth

God's body doesn't laugh loudly, He smiles

God's body blesses when He feels happy

God's body curses when He becomes angry

God's body doesn't injure or kill anyone directly
God's body usually uses His throne
To go to distant places
God's body doesn't expand His visible glow
Most of the times

God is unable to change His own character
And thereby change His own fate
God has got all the materials
To create His own spouse
But He lacks the necessary know-how
So you see
God hasn't got sufficient wisdom
That's why so many fools exist

God became a little bit crazy
When He understood
He is unable to create His own spouse!
That's why so many crazy people exist.

Directly and indirectly God sees everything
But at a certain point of time
God sees only a few things directly
Directly and indirectly God hears everything
But at a certain point of time
God hears only a few things directly
Directly and indirectly God concentrates on everything
But at a certain point of time
God concentrates only on a few things directly

Usually God remains in a good mood
In the morning and evening
And On Friday
And in the month of Ramadan
And usually God remains in His best mood
On the Prestigious Night.

To the unbeliever's God will turn out to be the Worst
To the believer's God will turn out to be the Best.

N. B.: The Prestigious Night is the Night when the holy Koran's verses were

revealed for the first time. It happened in Hera Cave of Mecca. It is a night in the holy month of Ramadan.

Asif Andalib

God's Consolation

Since God is a Dictator
If there were more than one God
The Gods would make endeavor
To overpower each other
Thus they would take control
Of their respective creations –
This is a consolation for God!
Actually if there were God
And a less powerful one
Of His own species
She would surrender to God
And God would fall in love with her
Thus God would find His lover
And live happily ever after!

Asif Andalib

God's Laughter

If God laughs loudly
The cosmos will be destroyed
By its vibration!

Asif Andalib

God's Physiology

God's direct visible and invisible lights both are round and finite
God's body resembles human body
But It has no sexual organ and ass-hole
Everything that exists has shape and mass
Creations are inseparable part of God
But insignificant
If we compare it to amount of God's mass

God is round and inside Him there are so many shapes
God is everything that exists

Creations as a whole is like a tuft of God's hair
That He has cut off and spread inside His light

God assumes that there's nothing out there
Outside God's light
The edges of God's light is invisible and dark to God

God's assumption is absolutely correct
Because if there were something outside of God
It would merge with God because of God's Gravity

In brief
God is One, Undivided, Alive, Everlasting and Unique.

Asif Andalib

God's Playthings

Although we are like God's children
But actually we are not
Because no sexual organ
Was involved in the process of creation of souls
The building blocks of everything that exist!
Besides we are not inside God's womb
We are actually inside God's mind!

Ideal parents never hurt
Their good children
But God hurts so many
Of His so-called children!
So many people are starving
Day after day!
So many people are suffering
From diseases and injuries!
Natural disasters
Kill so many people every year!

God is not our Mother and Father;
Mother and Father are much more
Affectionate, loving and caring!

Never-the-less God is the Best
Cause He loves most of us so much
Though we are not His children
And we are nothing
But playthings of God!

Asif Andalib

God's Wife And Food

God has a body and light
The universe is inside God's light
And it is actually made of a little bit of saliva of God
God's body cannot break into two pieces
Because of gravitational force
If God's body had double mass than it has now
Then also God could not break Itself into two pieces
Even God can not make enough food for himself
That's why God is a little hungry and thirsty
And upset

Asif Andalib

Gone Are The Days Of Happiness

Gone are the days of happiness
Cause I made mistakes I confess.

Smiles were on my face now and then.
Anxieties were not in my brain.

Good were the days when you were with me
Sweet were your kisses as it should be.

Hellish life was beyond my dreams
I left you for worse now it seems!

Asif Andalib

Good And Bad

Good are the things
That are proved to be helpful
Bad are the things
That are proved to be harmful
God knows best
What is good for us
And what is bad for us!
That's why
We should listen to God.

In the eyes of God:
Good work is ten times better
Than bad work
Good work is like gold
And bad work is like cotton

Bad is an inseparable part of God
Just like good is!
God's body is the Best
And Satan is the worst.

The closer we are to the Best
The luckier we are
The stronger we are
The better we are to the rest.

Asif Andalib

Good Were The Old Days

Good were the old days
When you were with me baby
Please don't forget me

Asif Andalib

Growth Rate

Two-digit growth rate
Is essential for
Least developed countries
To come out of
Vicious circle of poverty
Within a short timeframe
But it's not the only precondition
For higher standard of living
Of the people
Since if a LDC achieve
Two-digit growth rate
But its majority of people remain poor
The country is considered
Under-developed

Therefore
The LDCs should try their best
To eliminate unemployment
And pseudo-unemployment
As much as possible
And as soon as possible

Moreover
The LDCs should establish
Enough educational institutes
And vocational training centers
In order to meet
Requirement of skilled laborer
In home and abroad

Asif Andalib

H2o To H2

Theoretically clean fuel

Can be produced from natural water

For example the chemical reactions are

There will be a wind sucking machine

With filter to collect CO₂

From the atmosphere

Its net output will be

H₂, O₂ and CO₂

Thus the amount of CO₂

Will remain unchanged

In the atmosphere

What we can dream we can achieve

Humans are here to win and live

Asif Andalib

Hajj

Hajj is compulsory for the Muslims
Who are able to perform it
From every point of view

During Hajj the pilgrims
Wear a white piece of cloth
Which resembles the cloth
Of the Muslim's corpse
To remind them
One day they will die and face God
It also reminds them
All are equal in the eyes of God
God will see only our works
And the prayers of others for us
On the Day of Judgment

The circling around the holy Kaba
Reminds us of the angels
Who circle around the throne of God

When we say, I am present O God
I am present and so on
God's body looks at us and listens

When we perform Salat
During Hajj
God becomes more than happy
Because so many people together
Surrender to God at one point of time
In the most holy land of earth

When we run to and fro
On the Safa and Marowa hills
It reminds us of the sorrowful sight
Of mother Hazera
The wife of prophet Abraham

When we throw stones at Satan
It reminds us of the patience

And dependence on God
Of prophet Abraham
And prophet Ismile

At last when we reach
The holy field of Arafat
It reminds us of the joy
Of prophet Adam and Eve
When they fell down on earth
From paradise
And met each other
After a long long time

Asif Andalib

Heart To Heart

Who is knocking at my heart's door?
May I know your name?
Have I ever seen you before?
Though it's all the same

Please come in; it's not shut
It's closed for privacy
If we are heart to heart
We will feel ecstasy

Who is calling me by my name?
May I know what's up?
Are you willing to play love game?
If not please shut up

Please let me look at you
Why don't you come in here?
If you love me baby
Don't just wait over there

Asif Andalib

Heaven's Door

Love is something that I want to taste
If you want love too please be my guest.

I know true love is rare and all but extinct
If you truly love me please give me a hint.

I can't keep aloof from you any more
It seems to me you are my heaven's door.

Now I can hardly control my emotion
Babe if you hurt me I will become a stone!

Asif Andalib

Want to tell you something new

Love you through and through

Hey! I Am So Restless - Original By Rabindranath Tagore

Hey! I am so restless
I long for the Farthest!

Days go by one by one
I look through the window
To see if He has come –
I want His touch so very much!

O the Farthest, the huge Farthest
Your flute's music makes me impressed
So I forget I have no wing
And this small earth is my address!

I am absent-minded!
O the huge Farthest
I am indifferent as if I am dead!

In the sunny idle day
Trees make sound and shadows play!
The sky seems like your blue eyes!
If you could come here to stay!

O the Farthest, the huge Farthest
Your flute's music makes me impressed
So I forget my room is locked
It's of no use to try my best!

Asif Andilib

Hilla Marriage

In Islam

Divorce is the worst thing
Amongst the halal things.

God has made the custom
Of hilla marriage
With a view to
Discourage divorce.

In my view
If a man divorces his wife
Then wants to marry her again
He should marry another woman
Followed by a divorce
To marry his ex-wife

On the other hand
If a woman divorces her husband
Then wants to marry him again
She should marry another guy
Followed by a divorce
To marry her ex-husband

I feel nostalgic
For my hometown and my friends

Asif Andalib

Homosexuality

In the eyes of Allah
Homosexuality is a grievous sin
Even birds and animals
Never do this thing
It is a work of devils

For a gay
There are only two holes
If you think hole is enough
Sex doesn't matter
Whereas girls have three holes
Girls have hairless boobs
That can be sucked
Girls have no beard and mustache
So their face can be licked
A boy and a girl
Can ensure reproduction
That is essential
For existence of mankind
In the future

In Islam
A man can marry more than one girl
Even he can enjoy sex
With sex workers
That's why
Lesbianism is not a great sin

However
For a lesbian
Although there are artificial cocks
And sperm like things
The original sexual organs
Of a man are much better

Although
Illegal sex is a sin
God never destroy any nation
For enjoying illegal sex

With opposite sex
But God destroy nation
For homosexuality!

Asif Andalib

Honey

Honey you are sweeter than money!
When you are with me life's so funny!

Asif Andalib

Hope And Greed

Try to be content
Hope is good but greed is bad
So hope for the best

Asif Andalib

Hopes

Hopes are the fortress of life,
Despairs are its foes –
We must struggle to survive!

Asif Andalib

How Infants Learn To Talk?

How infants understand things
And respond to our words
Is amazing!

Babies repeat the word they hear
In their mind frequently
And can remember some of them later!

Even six-months-old can utter words
And make simple sentences
In their mind
And understand them as well!
That's why
Babies usually utter the first meaningful word
With their mouth when they are around one-year-old
And start saying many meaningful things
Within a very short time!

Asif Andalib

How Much I Miss You

I miss you like the night's sky misses sunshine
How long shall I have to wait to make you mine?

I miss you like a poor drunkard misses wine
How long shall I have to wait to make you mine?

I miss you like a hungry guy wants to dine
How long shall I have to wait to make you mine?

I miss you like a poem's missing last line
How long shall I have to wait to make you mine?

Asif Andalib

Human Rights

If you were a child of a beggar
You would understand better what is human right.

It is normal to exist rich and poor people
Cause they are not equal from point of view of quality
But huge gap between the rich and the poor
Is the seed of hostility.

Please try to understand how a person feels
When he is hurt.

Why have you born? Why will you die?
Have you thought it over?
How much time is left for you?
Have you figured it out?

For us scarcity of time is more
Than that of wealth on earth!
Only kindness can bring peace on earth.

Without you my life was like hell

I am lucky just like the rich
I can sunbath in love's seabeach

I am lucky to hold your hand
I want to be like your garland

Asif Andalib

I Am Tired - Original By Rabindranath Tagore

I am tired forgive me God the Saver
If I stay behind the front-line ever

O God look at this heart
It is trembling in fear
O God forgive this sorrow forever
I am tired forgive me God the Saver

If I look back for my old time's sweetie
Forgive me God for my this poverty

Due to day's heat under the burning Sun
My garland of worship is drying up
O God forgive this dullness forever
I am tired forgive me God the Saver

Asif Andalib

I Am Your Man

I want to stare at you as long as I can
To paint you in my heart cause I am your man!

I want to care for you as much as I can
To see you in goodness cause I am your man!

I want to be with you as long as I can
To keep you warm in peace cause I am your man!

Asif Andalib

I Can'T Afford Sex

There are sex-workers
Ready to give what I need
I can't afford it

Asif Andalib

I Can'T Believe In Love Anymore

You have made me cry by means of love
You have made my happy life so tough

I can't find my sea of sorrow's shore
Everything makes me sad makes me bore

You come in my thoughts I can't ignore
Now I can't dance like I danced before
Oh you have made me feel like a whore

I can't believe in love anymore
You have locked my dream's every door

Asif Andalib

I Can't Live Without You

Never seen such a beautiful girl
Never sung after falling in love
Never seen such an amazing smile
Never dreamed such a wonderful dream

Never felt such an awesome feeling
Never expected someone so much
Never seen so nice manners and style
Never heard so attractive voice

Never there were so high waves of sex
Never someone impressed me like you
Never even she loved me so much
Never mind I can't live without you!

Asif Andalib

I Deserve You

Babe I deserve you like a tree deserves water
I would be so happy if you were my lover.

You can control my mood like the moon controls tide
If you love me my life will be like a joy ride.

If I am a bird you are like my nest
You are like my bed where I can take rest.

You can brighten my future like dawn brightens day
My soul is trapped by you so I can't go away.

Asif Andalib

I Don't Want To Be Too Much Cleaver

Baby

I don't want to be
Pricks on your way

Baby

I don't want to be
Your rainy day

Sweetheart

I don't want to be
Sand in your eyes

Sweetheart

I don't want to be
Your fruitless tries

Honey

I don't want to be
Too much cleaver

Honey

I don't want to taste
Your sweet flavor

Asif Andalib

I Don't Like Anyone Else So Much

I feel bad when you are out of touch
I don't like anyone else so much

It's impossible to stop the big waves of emotion
Words are becoming lyric with music composition

My eyes have definitely found you
My desires are circling around you

Without you my life turns just like a desert
Without you I don't want to live my sweetheart

Asif Andalib

I Don'T Love You That Much

I don't love you that much
I don't want you as such

I don't long for your touch
I don't need you that much

I don't long for your kiss
I don't miss you like bliss

I don't mean to hurt you
But my words are too few

Please forgive me baby
You don't drive me crazy

Asif Andalib

I Fall In Love Bit By Bit

Whenever we meet
I fall in love bit by bit
You are so much sweet

Asif Andalib

I Hate Poverty

I hate poverty
Money paves the way to health
Peace and happiness

Asif Andalib

I Hate To Love You

I hate to love you but my soul still loves you
I don't want you after what I have gone through!

I want to forget you but what can I do
I know it's result is zero; nothing new!

What can I do I know your soul loves me too
I know the difference of sin and virtue!

I feel like an animal caged in a zoo
And no one else of my species to woo!

Asif Andalib

I Have Fallen In Love

In my dream you looked so beautiful
In my arms if I have you that's cool

I was good I was happy while asleep
Come closer my love for you is souldeep

Although I have fallen in love with you baby
I won't want you if you are not in love with me

If you don't give me mind I will feel so much pain
If you love me my love will fall like monsoon rain

Asif Andalib

I Have Seen You

I have never seen ocean and I have never seen mountain
But I have seen you and want to see you again and again

I have never seen forest and I have never seen desert
But I have seen you and really want to win your tender heart

I have never seen pyramid or ShahJahan's Taj Mahal
But I have seen you and want to adore you once and for all

I have never seen Great Wall or Babylon's hanging garden
But I have seen you and want to carry your all the burden

Asif Andalib

I Haven'T Forgotten

I haven't forgotten when I meet you first!
I haven't forgotten when I greet you last!
I haven't forgotten your pretty face!
I haven't forgotten your smile and grace!

I haven't forgotten how we started chatting!
I haven't forgotten when we started dating!
I haven't forgotten our last walk together!
I haven't forgotten how I became a loser!

I haven't forgotten how it became too late!
I haven't forgotten when I understood fate!
I haven't forgotten that summer's northwester!
I haven't forgotten and won't forget ever!

Asif Andalib

I Keep On Telling I Am Good

I keep on telling I am good
But it doesn't change my sad mood
I would be happy if I could
But the world is cruel and shrewd
I put on clothes I am not rude
But I feel like I am stark nude
I am starving though there is food
But there's no one like Robinhood
It's God's will I have understood
But my heart burns like a firewood

Asif Andalib

I Know You Are Out There

My days are passing by
My hairs are turning gray
I wait for you to come
On a blessed happy day
My smooth skin is wrinkling
Like a crumpled paper
My hopes are vanishing
Like camphor in the air
My beauty is fading
Like a drying up rose
My dreams are being shattered
By rebuff's tornadoes
It makes me hot-tempered
Like a lion of zoo
I know you are out there
Why don't you want me too?

Asif Andalib

I Lost Myself

Sitting
On the roof
Of an old two-storied building
I lost myself
For some moments
As I was nowhere

My soul
While
Diving into its extremely big glow
Must
Lost
It
-Self!

Asif Andalib

I Love Mom And Dad

I love mom and dad
God don't take them away soon
It will make me sad

Asif Andalib

I Love You Believe It

I lose my ready wit
To tell you when we meet
Please wait a little bit
Baby you are so sweet
Ask someone on the street
I am not fraud or cheat
I love you believe it
Please don't say holy shit

Asif Andalib

I Love You This Holy Words I Want To Say

My eyes start walking on tiptoe
To follow wherever you go
My ears start stealing your every word
To listen to the words I haven't heard
My heart starts beating like drums
When you come closer like chums
My brain start dreaming sweeter dream
When I think of you as ice-cream
My body starts warming up like midday
When you touch me when you want me to stay
I love you this holy words I want to say
When you make out what's inside me like X-ray

Asif Andalib

I Miss You Always

Dreamy were those days
Lovely were the words you said

Mother Ayesha
The best Prophet's dearest wife

Asif Andalib

I Need Your Love

Honey keep on loving me –
I need your love to feel glee.

I need you more than name and fame
If I lose you now it's a shame.

I can take all troubles to make you happy –
There should be no distance between you and me.

If the world goes against us please don't give in
I am sure if you are with me we will win.

Asif Andalib

I Spend My Days Like Cinderella

I spend my days like Cinderella
I want a prince of America
I love to dance like Cinderella
I want to live in America

I squeeze my pillow at night
Thinking of holding him tight
In my arms and in my bed
Why God acts like He is dead

I change the channel of TV
May be He is in the movie
I look for him in the web
But I find nowhere my babe

I have waited for so long
To write and sing a love song
Only for him for the dance
So no one else stand a chance

Asif Andalib

I Want A Deer Of Gold - Original By Rabindranath Tagore

I want a deer of gold I want her anyway!
No matter you are who or whatever you say!
I want her who steals my mind but then runs away!

She becomes startled, runs away, no one can capture her!
If I have chance to touch her she goes away further!
Whether I will get her or not I will chase her!

You buy the things that are available in the market!
Whereas I hanker after the thing that no one can get!

I have lost everything I had for my yearnings for her!
My capital is running short but it doesn't matter!
I have no sorrow in my heart and I smile forever!

Asif Andalib

I Want More And More

Now you are the one I miss, my jaan

As if you are my full moon, my jaan

I want to live in your heart, my jaan

I want to keep you happy, my jaan
Without you I am floppy, my jaan

Asif Andalib

I Want To Love You Nonstop

You have robbed my soul now you steal my happiness!

You have spellbound me so you seem to be the prettiest
How many times will you test my love please babe no more test!

I need you so much it's hard to live without you
It will be so fantastic if you love me too!

Asif Andalib

I Want To Plunge

I want to plunge in the sweet smell of your body
You look so pretty and you look so much gaudy.

I want to dive in the ocean of your beauty
I want to take care of you cause it's my duty.

I want to fly in the vast sky of your sweet dream
You are like my hottest summer's sweetest ice-cream.

I want to walk with you on the endless path of time
I want to write love songs for you with or without rhyme.

Asif Andalib

I Want You Baby

Asif Andalib

I Will Love You Forever

I will love you forever
Whether you love me or not
If my life is an airplane
Will you be my co-pilot?
Baby I feel so cold and
You look totally red hot!
You can make me happy and
Keep me warm like a teapot!
Baby I need you so much
You keep coming in my thought!
If I don't see you one day
Baby I miss you a lot!

Asif Andalib

I Will Never Forget You

Your so beautiful hair
Your those black gorgeous eyes
Your those lipstick painted lips
Babe I will never forget!

Your those gestures of lips
Your those magnetic smiles
Belas in your braid of hair
Babe I will never forget!

Those opportunities
Your those attractive looks
Your those sittings beside me
Babe I will never forget!

Languages of your eyes
The giggle from your heart
And the way you robbed my mind
Babe I will never forget!

Asif Andalib

I Will Take You To Sweet Dreamland

If you keep your hand in my hand
I will take you to sweet dreamland.

I want to dance with you sing and dance
Will you dance with me? Please give me chance
I want to dance with you in romance
Jaan how can I change my life at once?

Think with me baby later don't repent
Baby if you like me it's excellent
I'm in love with you one hundred percent
Don't cry later think now for betterment.

Asif Andalib

If I Could

Babe if I could walk with you hand in hand
The world would seem to be a better land!

Babe if I could stare at you eye to eye
You would fall in love with me by and by.

Babe if I could tell how much I love you
You would not think my love is morning dew.

Babe if I could let you know how I feel
You would know I am not just sleeping pill.

Asif Andalib

If I Could Fly Like A Dove

Love is not a sin
But what kind of love is this!
It gives me sorrow
And do away with my peace!

Love is like a game
But why I can't win this game!
Despite hard effort
It destroys my name and fame!

Why I fall in love
With the girl I should not love!
Why she makes me feel
If I could fly like a dove!

I would go somewhere
Far away from this country
Where someone else would
Love me more than she loves me!

Asif Andalib

If I Could Know - Original By Rabindranath Tagore

If I could know my sorrow is for whom
I would tell you I cry for whom.

I stretch my hands for whom in vain
I think of whom to get more pain
As if I have sold everything
Without getting a price or gain!

I ask myself time and again
Who is the one behind this pain?

The thing that all call happiness
I play it like a flute sometimes
I don't want it, the music says
I don't want it, the music prays!

Asif Andalib

If I Could Make You My Wife

Baby I was unable to make you my wife
Without you what is the meaning of this life

How comfortable bed you are for me
I have not understood it baby

I know you wanted to give me heaven's bliss
Without you this life is like a sour dish

If I could get back the bygone days
I would keep you in my arms always

Asif Andalib

If I Could Play A Flute Like Krishna

Baby if I could play a flute like Krishna
You would be attracted by my charisma!

Baby you are my thought's mania
It seems you are my utopia!

Baby you are my love's sweetest goal
You can make me a diamond from coal!

Baby you are my hope to survive
Your negligence can burn me alive!

Asif Andalib

If I Knew My Pain Is For What - Original By Rabindranath Tagore

If I knew my pain is for what
I would tell you, no problem
Who makes me cry so much my friend
Even I don't know her name!

I stretch my hands for whom
Who is being searched by my eyes
I have sold everything
But I have not got its price!

Where is the treasure of this pain
I think and think and think
In the seven oceans of thoughts
Like a stone now I sink

What everyone calls bliss
I play it with drum stick
I don't want, don't want this
Says sound of my music!

Asif Andalib

If I Were A Bird

If I were a bird
I could make love with you babe
We could make it work

Asif Andalib

If I Were God

If I were God
Things would be better
Cause I could enjoy sex!

Asif Andalib

If There's No Joy In Love - Original By Rabindranath Tagore

If there's no joy in love
Why am I be in love!
Why do I want to exchange mind
Why is this desire? Am I blind!

I roam around in the desert
By lighting flame of lust in heart
And setting mirage in my both eyes
Why in my soul does this thirst arise!

He who has his soul with him
Everyone is in his team.

There's fine breeze out there
Things made of flowers
Birds' chirps here and there

The whole universe becomes lost
So deep love so free of cost!
Love makes life and youth very tough
Why is this fog surrounding love!

Asif Andalib

If You Knew

If you knew how much I love you!
If you knew how much I need you!

If you knew how dear you are to me!
If you knew how much I miss you!
If you knew how many times I think of you!

If you knew how painful it is to live without you!
If you knew when I feel hell lot of jealous for you!

If you knew why so many words for you!
If you knew why so many music for you!
If you knew how much I wish your best!

Asif Andalib

If You Loved Me

If you loved me If you hugged me
My sweet dreams would come true
If you loved me If you hugged me
My life would shine as new

If you loved me If you hugged me
I would feel good by looking at mirror
If you loved me If you hugged me
I would want to live longer to adore

If you loved me If you hugged me
The full-moon would come in my room
If you loved me If you hugged me
The flowers of my life would bloom

Asif Andalib

If You Marry Me

I love you baby
I will be more than happy
If you marry me

Asif Andalib

If You Were Mine

Baby if you were mine
My life would be so fine!
Baby if you loved me too
It would be so nice of you!

Now it's so hard to laugh
Cause you refused my love!
Your heart is harder than stone
That's why I am still alone!

Asif Andalib

If You Were My Wife

Even thoughts on you add fuel to my hellish life!
It seems it would be better if you were my wife!

Import And Export

Import the things more the country really need
For its economic development
Such as food, raw materials for various industries
Technology, electric power and so on.

Export the things that are surplus and competitive
And whose demand is in the foreign countries.

With a view to boost export
The government should minimize export duty
And encourage the exporters
By reducing tariff on import of associated raw materials.

The government must discourage import of nonessential items
By imposing higher import duty
And encourage production of luxury items in the country.

In the modern world international trade can play a vital role
In the economic development of any country
That's why the governments must emphasize on it evermore.

Asif Andalib

In God's Light

In God's light my teardrops fall for the things I know
Thus love has made my mind colorful like rainbow!

Asif Andalib

In Love And Hate

In love and hate
You are the one I care!
Can't stop the pain
You are the one so dear!

In rain and shine
Come war or high water
I will want you
Forever and ever!

In shame and pride
I feel I need you near!
In life's joyride
Sit beside me O dear!

Asif Andalib

In My Heart

Your everything is very graceful
Baby in my heart only you rule!

Asif Andalib

In My Memory's Album Baby

In my memory's album baby
You look so lovely look so lovely
La la la la la La la la la la
In my memory's album baby
No no no no no No no no no no
You look so lovely look so lovely

I can't find a way to solve this crisis
You are my heaven and you are my bliss

My mind has become your bodyguard
Now asking for my mind is absurd

Asif Andalib

In Romantic Channel Of Thought

I've written this poem to impress you.
Will you give your heart in exchange for a poem?
Perhaps you don't even know how much you worth!

Still now you are only like my poems
And I am a poet who has composed you!
Why do I still watch movie on you so hazy
On the screen of imagination
In Romantic channel of thought!

I've searched for you in so many places!
I really don't know whether you will be here
by my side
In this life!
If I knew who are you
Where are you!

Asif Andalib

In The Bazaar Of Love

Aha in the bazaar of love
I only want you
Aha in the bazaar of love
Please only want me

Aha in the bazaar of love
Love you more than me
Aha in the bazaar of love
Love me forever

Aha in the bazaar of love
You are best for me
And I am not blind
Aha in the bazaar of love
O I have bought you
By giving my mind!

Aha in the bazaar of love
Aha in the bazaar of love!

In The Sea Of Tears

In the sea of tears

The pirates attack!

Asif Andalib

In Your Beauty's Rain

You are prettier than the sweetest flower
In your beauty's rain I want to take shower!

To change my future you have enough power
We can climb up on the peak of love's tower!

Your everything is so sweet nothing is sour
I love to cherish with you my every hour!

Asif Andalib

Inanimate Objects

Inanimate objects are more introverts
Than plants, insects and animals!
They also have soul and intelligence!

It sounds weird but it's true
They also say things they want to say
In their own minds in human languages
But making more feeble sounds!
From a close distance
They also hear what others say in their minds!
From a close distance
They also hear what humans say with their mouth!

They also praise God and prostrate in imagination!

Asif Andalib

Ink Of Love

Your telltale blush tells me all your heart's stuff
Write my name in your heart with ink of love

You can make my life heaven and hell
Fill your dream with my body's sweet smell

Follow all the trends of my favorite fashions
Paint your mind with the colors of my emotions

I am keen to love you more and more
Make my mind your most preferred mirror

For every mistake we have to pay the price
Enrich your life with my admirable advice

Baby if I see you I feel hot
See the world through my lovely thought

Asif Andalib

Interest Rate

Interest rate should be fixed
In such a manner and style
So that both the commercial banks
And their clients are benefited
But unfortunately many people
Incur loss as a result of
High interest rate

The central bank should encourage
The commercial banks
To go for investment
In the lucrative sectors
In order to create more fund
And to enable them to give more loans
And lower interest rate
For the entrepreneurs

If the commercial banks
Lower interest rate
For the depositors
The latter will not be discouraged much
Since people deposit money mainly
To keep it in a safe place

If the commercial banks
Lower interest rate
For the entrepreneurs
Many more people will take loan
As a result
Both the parties will be benefited

According to Islam
If there is more good elements
Than bad effects
Exist in a thing
It becomes halal

Therefore if most of the people are benefited
By taking loans it becomes okay

Asif Andalib

Is It Love Or Something Else?

I don't know your name
I know nothing about you
But I long for you
And I want to marry you
Is it love or something else?

Asif Andalib

Is It Too Late?

How many days
How many nights
How many months
How many years
Shall I have to wait
For you my sweetheart?

How many tears
Shall I have to shed
How many times
Shall I have to sigh
How many dreams
Shall I have to dream
For you my sweetheart
Or is it too late?

Asif Andalib

Is This Love

Aha you are so dear to me
Is this love please tell me baby

When I look at you baby
Your beauty captivates me
We have talked with each other by our eyes
Baby is it our love country's sunrise

If you understand my secret feeling
My silence will be a successful thing

My mind has become restless
It remembers you always
If I can't get you I will be loser
This thought roams in my head like a chooser

Asif Andalib

Islamic Tax

We should give tax
To make the government capable
Of performing its duties properly

Tax is for the welfare of the nation
And it is a way to reduce the gap
Between the haves and the have-nots

Tax should not be a burden for the people
And it should be imposed in such a manner
So that the masses are benefited from it

Tax is another way to go to paradise
And the countrymen should be aware of it
So that the government is not deprived
Of revenue that it deserves

Island In My Sea Of Sweet Sorrow

How much I love you is beyond expression
Without you I suffer from deep depression
I fell in love with you by first impression
You have conquered my heart by sweet aggression

My heart dances in joy by your slightest sight
In your dream's sky I have become your kite
In my dark bedroom you have provided light
O baby you have made me feel so alright

You have caught me by throwing Cupid's arrow
You are island in my sea of sweet sorrow
Please be by my side on every tomorrow
Please give me more pleasure I want to borrow

Asif Andalib

It Will Never Be The Same

Baby it will never be the same without you
But I can't change my fate no matter what I do

No one else can take your place
No one else can fill this space
You are so special to me
But it's too late now I see

My life's sun is setting with golden rays
And I know you are like my bygone days

The way you took care of me
The way you made me happy
No one else can do it now
But I have lost you somehow

It's So Hard To Bear With The Pain Original By Rabindranath Tagore

It's so hard to bear with the pain
Of waiting for a long long time
I keep waiting for you baby
All day and all night long daily
But you haven't come yet, my friend

My days pass by and night's pass by
Thus everything passes by
But you haven't come yet, my friend

It's so hard to bear with the pain
Of waiting for a long long time
I keep waiting for you baby
All day and all night long daily
But you haven't come yet, my friend

Now my body is weak
All my tears have dried out
And my eyes have lost sleep

One by one all my cherished hopes
Fall like the winter's withered leaves
But you haven't come yet, my friend

It's so hard to bear with the pain
Of waiting for a long long time
I keep waiting for you baby
All day and all night long daily
But you haven't come yet, my friend

Jaan

Jaan

Dear Jaan

Do you know what Jaan means?

It means a lot to me

That may be your guess!

But do you really know?

Jaan means (my) soul!

And do you know what soul is?

It is the mind-particle!

And you know what mind is?

Mind consists of mind-particle

And its glow!

And do you know what glow is?

It is the thinnest layer of mass!

The so-called empty space!

And do you know how big it is?

Mind-shine is so big although it contains

Measurable mass of tiniest matter - mind-particle

It's hard to find mind-particle's trace!

So now you see

Now it seems now and then to me

You are the closest thing to me!

As if the two of us are lost in empty space

Joining together as one

And forever having fun!

Jerusalem

The holy land of children of Israel
Has been staining with the blood
Of innocent people for such along time!

The Jews, the Christians and the Muslims
Should live in peace and harmony
Side by side on the much disputed land
Since it's holy to all of them.

The mosque of the prophets
Should be extended
With a view to make space
For all the three adherents of faith.

I know it's a small piece of land
But we can solve the problem
By building skyscrapers.

O Jerusalem can't you see
Your children are fighting against each other?
Please pray to God to end the conflict

Jihad

Jihad means struggle
In Islam most of the times
It refers to holy war

Jihad is the defense of Islam
If there was no Jihad
There would be no Islam

Jihad is obligatory for those
Who are driven away
From their motherland forcibly

Moreover
Jihad becomes obligatory
If the unbelievers wage War
Against the Muslims
Without any provocation
From the latter

However
Jihad is not obligatory
For the sick, women and children

Killing of innocent unbelievers
Is not supported by Islam
Thanks to Islam's motto of peace

Jinn

Jinn are created
As a result of fusion of subatomic particles
Jinn have huge amount of mass with respect to their size
They are extremely tiny living beings
Jinn look somewhat like humans but they have wings
There are male and female Jinn
They can eat, drink, and enjoy sex
They respond to natural calls
Sleep, get old and die and so on

Jinn are social beings
They are second to only human race
In regard to intelligence

There are good Jinn and bad Jinn
Jinn share the same religions and dogmas

From point of view of size, complexion and looks
There are many kinds of Jinn

All human and Jinn will be brought to justice
On the Day of Resurrection
Because they can do bad things as well
And are very intelligent.

Jonah (Chapter 10, Verses 68-69, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Kind and the Merciful Giver.

They say, Allah has got a son!
Whereas He is the Most Sacrosanct
And the Self-Sufficient One.
Everything that is in the skies
And the earth belongs to God.
You have no proof to show!
Do you allege about Allah what you don't know?

Say, whoever fabricates lies against Allah the Truthful
Will never ever be successful.

Asif Andalib

Jonah (Chapter 10, Verses 100-101, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

No one believes unless Allah wishes and
He casts dirt of doubt on those who don't understand!

Say, Behold all that is in the skies and earth
But neither signs nor warnings benefit those who believe not!

Asif Andalib

Jonah (Chapter 10, Verses 107, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

If Allah do any harm to you
No one else but Allah can remove it
If He wants to do some good to you
There's none to keep back His favors a bit
He gives it to the servants of His liking
And He is the Most Forgiving Merciful Being.

Asif Andalib

Jonah (Chapter 10, Verses 5, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

None but Allah has made the sun
Glowing brightness
And the moon dimly dazzling
And ordained for it mansions
To enable you to calculate the years and reckoning
Allah hasn't created even a single a thing for nothing
Allah shows His signs for the people
Who want to know it all.

Asif Andalib

Jonah (Chapter 10, Verses 82, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

And Allah establishes the Truth by His words
No matter how much it is disliked by the transgressors!

Asif Andalib

Jonah (Chapter 10, Verses 99, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

If it had been your Lord's will; then
All things on earth would have believed, all of them!
Will you then force the disbelievers
Until they become believers!

Asif Andalib

Jonah(Chapter 10, Verses 66, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Listen! Allah is the Owner of all things
In the skies and the earth
Worshiping others as His partners has no good reason
They follow nothing but wild imagination
And they lie in old fashion.

Joseph And Julekha

We were like ancient Egypt's Joseph and Julekha
You attracted me like Queen Cleopatra
But guilty feelings barred me again and again
From making love with you O my sweetheart

We were like Adam and Eve in paradise
But Satan has driven us out of there
By his black magical tricks

We were like two flowers on a branch of tree
A wild wind has blown us apart
From each other

We were like two birds singing a love song
A hunter has caught me by a horrible trap
Now he wants to sell me in the marketplace

Now we are like one soul having two bodies
Living in two separate worlds all day all night
With hopes and dreams like a dying supernova

Asif Andalib

Juliet My Sweet In Need

Juliet my sweet in need
Hope you are great! I'm a little worried
Cause I'm not hearing from you
May be the days are a few
But I'm missing you so lot
Oh! I feel so cool whereas you are so hot!

Your Love Asif
As if you are the moon and I am the earth
And you miss me since your birth!

Asif Andalib

Justice

Justice is seldom found on earth
Although we want it most!

If the victim is poor
And the accused is rich
There should be a handsome compensation.

If the victim is rich
And the accused is poor
There should be less compensation.

I prefer death sentence
To lifetime imprisonment
And any other penalty to fine
Since the criminal may repent
And become a very good person!

Therefore the lawmakers should rethink
In order to establish true justice
In all spheres of judgment.

Asif Andalib

Kadamba

On this cloudy day
If I could offer you a
Kadamba flower!

Karma Theory Of Islam

God has written down in brief
Our endless life story
That is being played
On the seven-storied stage of sky!

.
At the same time it's also true:
We are the architects
Of our own future
Cause we get result of what we do!

However we'll have the final result
Of our actions on the Day of Resurrection!

God acts according to plans
We should also plan our future
And try to make it happen.

Even God does not know everything
In absolute detail
And He doesn't need to know it.
It is an endless story
Even God forgets some things
After zillions and zillions of years
That's one of the reasons
Why God has written down every important matter
Be it big or small on Laohay Mahfuz.
Therefore we should also read and write
To preserve and spread our wisdom.

There are seventy thousand paths
That lead to paradise
For example
Path of Belief
Path of Truthfulness
Path of Remembrance of God
Path of Charity
Path of Salat
Path of Fasting
Path of Tax

Path of Hajj
And so on.
All the aforesaid paths are straight paths
That leads to respective gates of paradise!
In fact Pool Sirat has seventy thousand levels
All end at the respective gates of paradise!
The Gate of Faith of paradise is the biggest
And it is the must have access to paradise.

However
For a hassle-free journey to paradise
One needs to go through at least
The following paths
Path of Belief
Path of Patience
Path of Preaching of the Truth
And path of any other good work

If you are a firm believer
You will be able to go to paradise
Through the Gate of Belief
If you are a truthful person
You will be able to go to paradise
Through the Gate of Truthfulness
And so forth

So you see it's very easy to go to paradise
But it's very difficult
To be very prestigious
In the eyes of God.

N.B. -Laohay Mahfuz is God's Notebook and Pool Sirat is bridges of light that will connect the field of Judgment Day and paradise between them will be hell.

King Solomon's Ring

Don't just walk away say something
It will bite my heart with bee's sting
Don't fly away I have no wing
You are my king Solomon's ring

Don't forget me like a bad dream
Don't hate me now like an ill whim
In the sea of tears I can't swim
Don't let me drown don't let me scream

It's like I am in a quicksand
Don't let me die give me your hand
Don't you destroy my sweet dreamland
I love you how much understand

Kiss And Peace

Peace –

I want to know what it is!

Peace –

Shall I find it in your kiss?

Peace –

I really should not miss!

Asif Andalib

Know Thyself

I thought and thought but could not make out
What my life and death is all about
I thought if there is a God
He must be cruel and fraud

Then I heard saying of Muhammad
Know thyself in order to know God

Then I found out I am a part of everything
And God has made us to abide by His teaching

God's glow is everywhere
God's body is up there
Everything is inside His glow
And in a word God is so-so

Knowingly I Have Drunk Poison - Original By Rabindranath Tagore

Knowingly I have drunk poison no matter what come what may
I have given my soul without thinking it may pass away!

The more I see her the more the yearning
I bear with the pain my mind is burning
But I can not go far away
I come to her to pass away
By thunderbolt on sunny day

The more she laughs the more I am on fire
The more the thirst for my love's sweet desire!
The more I want to drink love's nectar
The more I get scared of my future!

Kowsar Fountain (Chapter 108, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Surely we have given you Kowsar fountain of paradise
So pray to your Lord and make a sacrifice
Surely your enemies will have no follower after demise.

But my body's pen is not yet successful
It's still unable to put in writing a true love poem!

Asif Andalib

Lessons From My Lost Love

If you did not hurt me
I could not know
In my fountain of blood
How love can flow

If you did not hurt me
I could not know
How expensive love is
Without sorrow

If you did not hurt me
I could not know
How deeply I love you
From head to toe

If you did not hurt me
I could not know
You are like a peacock
I thought a crow

If you did not hurt me
I could not know
What is love all about
What should I show

If you did not hurt me
I could not know
Without care my love is
A mortal blow

If you did not hurt me
I could not know
Even in the desert
Love-tree can grow

Let All The Flows Of My Humor - Original By Rabindranath Tagore

Let all the flows of my humor
Rush inside you to give flavor.

Let me feel your touch all life long
Let the world sing this happy song
Let my eyes drown in your glamor.

Baby you are so kind
You have fetched my lost mind.

Please pick up my scattered wishes
And make it your precious necklace
And swing it - do me the favor.

Asif Andalib

Let Me Be Your Host

Let The People Say

O baby, I like you so much
Let the people say whatever they like!

Inside my heart
You have dressed like a bride
I don't want you out of my sight!

You are like a garden of flower to me
So my eyes have turned into a butterfly!

I can't concentrate on any work
Just one thought haunts my brain:
How soon I'll meet you again?

Asif Andalib

Life

Life is a simple math
Matter of simple calculations
Life needs a strait path
With wisdom not speculations
But who is not at least a little bit psychopath?
Even God's life is not so smooth
That's why it seems so difficult
So much effort is wasted even by God!

Asif Andalib

To give what I want

Asif Andalib

Light O My Light - Original By Rabindranath Tagore

Light O my Light!
The world is full of Light!
Light has washed my eyesight!
I love the Light!

Light dances near my soul; Light is so cute!
Light makes sound of music in my heart's lute!
Sky wakes up and wind blows!
Everyone laughs of course!

In the current of Light
Hundreds of butterflies sail themselves!
In the ripples of Light
All the creepers dance in God's names!

There is gold in the clouds in this morning!
Countless gems are out there O the best King!
Even leaves are laughing!
Music overflowing!

Asif Andalib

Light-Years Apart

I am looking for someone to win my heart
But why it still seems we are light-years apart?
I am not pessimistic in anyway:
I keep on looking for you day after day.

My eyes are tired of looking for you –
How shall I find you I don't have a clue.
When I will meet you I really don't know
Although if I am the moon you are my glow.

Asif Andalib

Like A Tale Of Fairytales

Eye to eye contact with you
Makes my heart desperate
Lips to lips contact with you
Is more than tete-a-tete

Hand in hand when we walk
I wish the path would not end
Face to face when we talk
I understand what is friend

Heart to heart when we feel
I feel like a conqueror
Cheek to cheek when we dance
I feel like a superstar

Step by step when we move
Towards a common high goal
Day by day I feel like
Our strength is more than black hole

Chest to chest when we hug
I know I want no one else
Bit by bit our love grows
Like a tale of fairytales

Asif Andalib

Living Cells Of God

God is everything
We are a part of God
We are like living cells of God

Asif Andalib

Loafer

No lover no job no money in pocket
I am a lost necklace without a locket.

No smile no laughter no tears of joy
Can't stand on my feet though grownup boy.

No hope no dream no more expectation
No care no soul no infatuation.

No light no goal no competition
No true friend and no consolation.

Asif Andalib

Long Quest

Life

Is a curse without a wife

Or

A lover whom we look for

And

We crave for touch of her hand

Dreams

Become our nightmares and screams

Mind

Becomes burden of one kind

Eyes

Shed tears and long for surprise

Ears

Want to hear words from who cares

Chest

Feels like desert for long quest

Asif Andalib

Look Before You Leap

Pray before you sleep
Or else you may have to weep
Look before you leap

Asif Andalib

Looking For You

You are an island in the sea of sorrow
Year after year I just dream of tomorrow
Now it's raining and the sky is cloudy
I sail my boat against the waves of sea

You are an oasis in the desert
I want you from the bottom of my heart
Now the midday's sun is burning like hell
I am thirsty and I'm not feeling well
I run after the mirage to quench thirst
Oh my hopes are like bubbles that just burst

I am lost in space and you are the earth
I feel boring I need some fun and mirth
Now my spaceship is crossing a black hole
I have gone for hyper dive to save soul
It seems I'm far away from Milky Way
I won't find you, it's like going ashtray

Asif Andalib

Lost In You

Babe I wanna be lost in you
Again and again through and through

Babe I wanna be something great
For that moment I wait and wait
Babe I ate something that I hate
And I have become stark naked
Babe cover my shame with love
I believe you are my half
Babe you are so attractive
Like Adam and Eve we can live

Asif Andalib

Lost Love

I recall the heavy rainfall
When I lost you once and for all.

Now I remember often
You and me in the garden.

The tears you shed for me
Has made my eyes a sea.

The kiss you wanted from me
Has changed everything, I see.

Asif Andalib

Love

Two bodies and minds
Want to become one person –
When they are in love!

Asif Andalib

Love And Fate

God you have given love in my heart
But why don't you give me a lover
I have been waiting for a long time
I feel like a fish out of water

Now my hopes are drowning in the quicksand
And I am returning from sweet dreamland
To this dreary and cruel earth
Leaving behind all the joy and mirth

O God what are you doing up there
You can make me happy even here

Now my days and nights do not seem to pass
And I see all the girls in broken glass
I can't understand any of them
For my failure my fate is to blame

Asif Andalib

Love And Greed

Because of my mind's lot of agony and pain
My mind has become heavier than a mountain

I want you so much but my conscience says, "No."
You are a loggerhead! Have you become blind also?

Don't hurt anyone without a reason
And listen to conscience every season

What God gives you on your plate are your foods
Don't be greedy for other people's goods"

Asif Andalib

Love And Hate

God knows why I can't read my own fate!
God knows why love has turned into hate!
God knows I have no more love to waste!
God knows why I am in wretched state!
God knows why we had no tête-à-tête!
God knows why I am not your playmate!
God knows you were like my heaven's gate!
God knows how you can now compensate!
God knows your love could make my life great!
But it seems it has become too late!

Asif Andalib

Love At First Sight

I am in love with you at the first sight
Girl if you love me I will feel alright

Girl I have been waiting for you for a long long time
Without you my life is like a poem without rhyme

Asif Andalib

When life turns dark love keeps us dreaming
For a beautiful sunny morning
Baby be in love keep on loving
Without love we have only one wing
Love is like a magic that can bring
Smile on our face the most wanted thing
Love is like a tree needs watering
It bears sweet fruit so keep on waiting
Love can give life a whole new meaning
When you have love you have everything
And when you lose love you have nothing
Love is like Prophet Solomon's ring

I am no longer the man I used to be!

Asif Andalib

Love Seems Like A Curse

When I close my eyes
Life seems like a sweet dream
But when I open my eyes
It's something like a nightmare!

When I hear your voice
I become attracted
But when I see
You love other guys
I become distracted

When I want you wildly
I forget you will hurt me
When you insult me heartlessly
I understand
You are like a fire to me!

When I stare at you
Love seems so good
But when I think deeply
Love seems like a curse!

Asif Andalib

Love Tree

You planted a seed of love in my heart
And it has become a beautiful tree
Now the love-tree bears sweet fruits in all seasons
Please do taste it because it belongs to you.

Asif Andalib

Love Was Like Walking Through The Valley Of Death

Love was such a hard game to play
All my hopes were carried away
I realized from the first day
It might lead my heart to ashtray

Love was like a cobra guarding treasure
I would have to take risk to have pleasure
But it bit me again and again
Now I am dying of endless pain

Love was like walking through the valley of death
I wished I would see you before my last breath

Love was like a giant that made you slave
I wanted to free you but dug my grave
He has caged me in a lonely land
It was a mistake I understand

Asif Andalib

Love Was Only Waste Of Time

Love was like a nonsense rhyme
Love was only waste of time
Now I don't believe in love anymore
As if I can't dance so I blame the floor
But I tried my level best
To love you more than the rest
So I deeply expect love in return
But you have hurt me and let my heart burn!

Asif Andalib

Love Was So Sweet

Love was so sweet but it has become so sour
Love was so strong but it has lost its power!

Asif Andalib

Love You More Than This World

Love you more than this world baby
More than this world
How can I shall not come to you
When you have called?

You have given me your soul baby you are so sweet
Baby I have become yours forever bit by bit.

Have been impressing me so much baby
Since we have met
You are the hero of my life baby
You are so great!

Asif Andalib

Love You More Than You Expect

I am not kidding
Love you more than you expect
Love from anyone

Asif Andalib

Love's Forbidden Path

My life is now like a hell
Because of you, sweetheart
You have set my heart on fire
But you don't care to extinguish it!

Now-a-days you kill me bit by bit□
With sharp weapons of insult
Every time we meet!

My fault is I don't dare
To walk on love's forbidden path
Although I'm in love with you
And your love is loud and clear.

Asif Andalib

Love's World Cup

You have pushed me to fall in love
That's why now I cry and you laugh
Baby please hold my hand, pull me up
You know what? You are my love's world cup
Baby, please sing this song, dance with me
Baby don't kiss my ass though it's free
Baby, please sing this song, dance with me.

Asif Andalib

Love-Addict

Want more love
Give more love
Give love more and more
The more you want

Need love in your porous heart
Give love all the times
By turning your love into air
That I breathe.

Want more love
Search for love
In my eyes
Deep inside my mind
It's been kept for you like a pearl
Inside the biggest shell
For a long, long time.

Asif Andalib

Asif Andalib

Love's Abracadabra

I have spelled out love's abracadabra
To take the gem from head of a cobra
I am playing the pipe to make her dance
I am dancing with her in wild romance
I have broken her fang to tame her now
She has become as good as a pet cow
I have touched her head with my magic wand
In order to make real my sweet dreamland
Thus I have turned her into a woman
Now she has become my favorite fan

Asif Andalib

Love's Beautiful City

You are like my delicious foods
Without you I lose appetite
You are like my sweet sunny day
And you are like my moonlit night

You are like my clean and fresh wind
Without you I feel suffocate
Please don't leave me no matter what
O my sweetheart O my soulmate

You are the fine line between my dream and reality
You are a magician of love's beautiful city

Asif Andalib

Love's Hocus-Pocus

I will charm you by love's hocus-pocus
Believe me jaan it's not at all bogus
I will become formula of your math
I will become the water of your bath
I will become your most favorite food
I will keep you healthy happy and good
I will become your life's sweet spring season
I will become your life and death's reason
I will become oxygen that you breathe
I will make our love story a great myth

Asif Andalib

Love's Red Carpet

I am eager to
Walk on the love's red carpet
I don't want to hate

Asif Andalib

Love's Thesis

O my jaan love me please
Don't play thief and police
Slowly start the striptease
Teach me now what love is
Baby don't take amiss
I am down on my knees
Don't waste a time like this
Give me sweet big fat kiss
Write with lips love's thesis
You too will feel the bliss
You have the expertise
Cure my love's heart disease

Asif Andalib

Love's Wild Waves

Believe my every word
Love's wild waves are in my blood

I forget when we meet
The pain created by it

You can turn this pain into so much pleasure
That no one in heaven and earth can measure

Baby it's up to you
All I want is to woo

Asif Andalib

Lovesick

Though the chance to win your heart is bleak
If I see you I become lovesick!

Wherever I go I can't forget you
Oh I love you so much God knows I do!

Whenever you hum a song of love
It seems so true that you are my half!

Whatever you do impresses me
If you are a rose I am a bee!

Asif Andalib

Luqman (Chapter 31, Verses 31, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Don't you see ships sail on sea
Because of Allah's mercy
In order to show you some of His signs -
Surely there are signs in it for the patient grateful minds.

Asif Andalib

Made For Eachother

If I am a peacock you are my fancy tail
I will always keep you in my heart without fail

If you are the evening's sun I am evening's cloud
Baby when I hold you in my arms I feel proud

If I am a rose plant you are my fragrant rose
If I am an addict you are my daily dose

If I am sweet water you are like my gold fish
When I am hungry you are my delicious dish

If you are wind of my world I am like your bird
How much I love you to express it is so hard

Asif Andalib

Made For The Usa

If you want to win or go astray
You are just made for the USA

Too much right too much freedom
All are kings in that kingdom

Too much work too much fun
Like the hard working sun

Too much might too much money
The USA my honey

Asif Andalib

Magic Of Your Eyes

Magic of your eyes
Has made me blind!
I don't understand
(Babe) What's in your mind!

I don't understand
Whether it's fair
To love you so much
(And) For me to stare!

I don't understand
What's going on!
Allah is so kind,
(But) I am alone!

I don't understand
It's right or wrong –
But I will give you
(This) beautiful song!

Asif Andalib

Make Love With Me My Dear

Love has created an illusion
I see you everywhere
My feelings for you is on and on
You are my far and near
O my time passes in slow motion
When you are not right here
You color my imagination
Like a rainbow up there
My poems become chameleon
Coz you are in the chair
I cherish your sweet adoration
And your merciful care
You are my love's world champion
You have nothing to fear
When I look at you my emotion
Becomes a glacier
My heart is full of love and passion
It's on romantic gear
You are my fondest companion
Make love with me my dear

Asif Andalib

Make Me Cozy Baby Give Me Love

I have been waiting more than enough
Make me cozy baby give me love
I have been waiting for too long
To dance with you and write a song

Baby I have tried and tried a lot
But I drown into the sea of thought
At last in the underwater world
I have found a treasure full of gold

Now I am writing a song about you
Now I am doing something great and new

Baby our love was a top secret
We were young and we wanted to mate
I couldn't say you are my girlfriend
I love you from beginning till end

Asif Andalib

Make My Life Shine Like A Star

Hold me close baby hold me close
In your tender arms my love grows

Let my dream soar like a kite

Drive away my sorrow with your kiss

Drive my life like a sports car

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Say, I ask for refuge to the Lord of Mankind
The King of Mankind

From the temptation of those among Jinn and Mankind
Who tempt then flee and mislead human's mind.

Mercy Of The Universe

O Muhammad mercy of the universe
We are your followers so please look at us.

If you were not created God would create nothing
I have a few things to give you but this song I sing.

If you did not reveal the Truth
Our afterlife would not be smooth.

If you were not our guide we would surely go astray
We want you beside us on the awful Judgment Day.

Asif Andalib

Merry Xmas

The world is now vicious:
Come on earth to save us.

If you have got Money
And if you are canny
Life is good and sunny
Money money money
It's sweeter than honey

If you have got Money
You will not be skinny
If you are also smart
You can buy Allah's heart

If you have got Money
You will get your honey
If you lose all money
You will lose your honey

If you don't have money
Love will look like phony
If you aren't so smart
You will lose Allah's heart

Asif Andalib

Monopoly

Like dictators
Monopoly is harmful for the masses
Since it tends to
Increase the market price
Of products and services
More and more

That's why
The governments should
Encourage new investment
In the sector

The commercial banks
Have a crucial role to play
To stop monopoly

If there is no entrepreneur
Willing to invest in the field
The government should encourage
Foreign investment
To solve the problem

Most Of The Beautiful Girls Of Bangladesh

In Bangladesh most of the beautiful girls
Are raped by their fathers
The victims shed tears
In the darkness of night
Most of times they cannot protest
Their mouths are gagged
By their horrid shameful and unknown fears

These fathers are lascivious like animals and insects
They cannot control wild desires
Their daughters are like flowers
Beautiful, sweet-smelling, innocent and helpless
Many of them later become loose characters
Some of them become sex-workers
And others face unhappy married life ultimately

These girls think it would be better
If they were dead long before they were raped
Or their fathers buried them alive like the dark ages
When they were newborn

I have heard hundreds of such cases
And it makes me wonder how bad this society is
And how can we metamorphose
These human animals into real humans

Asif Andalib

Mother Mary (Peace Be Upon Her)

Mother Mary O Mother Mary
This world is full of Tom and Jerry
Pray for all of us O Mother Mary
We love you so much very very

Mother Mary please hug God
If not He would be jealous
If God did not create you
He would say so much alas

If God did not create you, I can tell
Then God would not create any female
All the males would clap on their chest
And say, I feel so weird O the Best
I miss someone very much but I don't know whom
I need someone very much but I don't know whom
I want someone very much but I don't know whom
I like someone very much but I don't know whom
I love someone very much but I don't know whom
O my God it's like my heart is an empty room

Asif Andalib

My Biggest Mistake

Your stunning beauty made me so blind
I couldn't see you were not my kind!
I didn't care what people opined
Without thinking I gave you my mind!
Now who will give me where shall I find
The golden days which are left behind?
Now I wonder if I could rewind
My life to get back those days that shined!

Asif Andalib

My Bina Sings - Original By Rabindranath Tagore

My Bina sings in which melody
In which new restless rhythm
My mind is excited and trembling
Because of the world's heartbeat!

Which fearless youth has come in the world
His shirt's edge is blowing in the wind
Forests have become talkative in great joy
Because of light's wonderful dance on the leaves!

In the vast sky unhearable music is being played
Clapping of leaves of trees is because of that unheard music!

Eagerness to touch whose feet has given the grasses a voice
Untamed wind is indifferent for which fragrance of forest!

Asif Andalib

My Bird Linda

When I was a teen
I caught a chick of a bird
And named it Linda
One day my elder sister
Killed it accidentally!

Asif Andalib

My Buds Of Love

Babe my love for you is all-out
I need you so I want to shout
I want you so I want to tout
I miss you like bliss please don't pout
I want to kiss you please don't flout
Don't make me rubbish like a lout
Without you my life is like drought
Please help my buds of love to sprout

Asif Andalib

My Countrymen

My countrymen want to make me mad
It seems they are very very bad
Whenever I become very sad
They seem to become very much glad
Although I am like their mom and dad
They treat me as if I am a cad
I can write it with blood on a pad
I would give them more things if I had.

Asif Andalib

My Curry's Salt

Walking on the path of time I found
A close friend to keep me safe and sound
But I lost her because of my fault
Now I know she was my curry's salt!

Diving into the sea of tears I seek
The pearls of joy so that I can pick
And can make a necklace with it
To give her the thing when we meet!

Rising like the sun of dawn I see
She still loves me a lot and needs me
Now I am hungry for love so much
I recklessly long for her sweet touch!

Asif Andalib

My Desire To Settle Down

My desire to settle down has not fulfilled
Baby a house with sands of beach how can I build

Like withered leaves my hopes are falling
No one responds my mind is calling

My heart has broken into a million pieces
Baby still my mind is giving you flying kisses

Baby my dreams are flying away like the cranes
My world is under attack I have no defence

I have looked for you home and abroad
But I have been deprived by my God

I feel so helpless like fallen leaves
I have not understood what love is

Asif Andalib

My Dream-Girl

My heart is a shell inside it you are a pearl
I know you can make me happy O my dream-girl!
Oh my life is a desert without you
You can make it green if you love me too!

My love is a wounded bird
You can cure it by your word!
My brain is full of worry what will happen next
To see my feelings for you will you do your best?

Asif Andalib

My Eyes Are Full Of Thirst - Original By Rabindranath Tagore

My eyes are full of thirst
My thirst is full of chest
I am like a rainless hot summer's day
My soul is burning for guilty feelings

Very hot air is making hellish storms
And carrying me to nowhere I like
And my veils are flying away by wind

The flower that used to beautify garden
It has withered away by becoming black
Who the cruel has blocked my stream of love
On the peak of mountain of my sorrow!

Asif Andalib

My Eyes Are Tired

My eyes are tired of
Looking for you my sweetheart
In this crowded world

Asif Andalib

My First Love

I have cut off at least a thousand heads of Hydra
But I am still fighting with it
I wish I were Hercules

Throughout my youth
I was mesmerized by the nymphs
Now I have realized it was just
Waste of my most precious time

My first love was burnt to ashes
Like the phoenix
Now the ashes are turning into
My love once again
But the dragons are destroying
My sweet dreamland
By blowing with their mouths
Wild firestorms

Now my brain is haunted by the ghosts
They try to scare me to death
Now I am like Adonis
Venus has hurt me by her weapons
Wherever my blood drops fall
Blooms anemones of love poetry

Asif Andalib

My Flying Kisses

My flying kisses
Are crossing thousands of miles
For you my sweetie

Asif Andalib

My Frustration

My joy has flown away to its favorite destination
Only you can do away with my very deep frustration!

Asif Andalib

My Heart Is Dancing Like A Seal

Chill winds are blowing from the hill!
Will you be my sweet sleeping pill?
Without you God knows how I feel
Now it has become hard to kill
My days and nights that I have still

I can't date I can't pay the bill
Life goes ahead on its slow wheel
Life seems to me a dirty deal
Only Jesus can cure and heal
My wound like an electric eel

Now I am standing near the grill
Close to another sugar mill
My heart is dancing like a seal
I want to love you and I will
Since endless is my dream and zeal

Asif Andalib

My Heart Is On Fire

My heart is on fire
Only you can put it out
I am not a liar

Asif Andalib

My Heart's Letter

My heart's letter is in my eyes
Read my mind baby like the wise

My life is not like an utopia
My love for you is love mania

Please turn my world into sweet dream
You are my island in the stream

Please give me access to your heart
Love me Jaan I don't want to flirt

Asif Andalib

My Heart's Queen

On time's path I am walking day and night;
My ear is alert. Keen is my eyesight.
Now I wonder if I had time-machine
I would go faster and find my heart's queen.

Where are you, baby? How many miles away?
It's getting late. All my hairs are turning gray.

It just makes me sad I am still a half.
So my thoughts are becoming songs of love.

What are you up to? Won't you walk towards me?
Baby if I were God I would just say be.

Things are very complex and hard for us.
Problems engulf me like an octopus.

If I knew magic or knew telepathy
It would be fantastic and easy for me.

Asif Andalib

My Honey's Mind

Where shall I find
The thing that makes her pleased?
O God! Where shall I find?
How can I steal my honey's mind?

Even birds will cry no doubt
Cause I am singing aloud
Even for me it's hard to believe
I am trying to steal her mind! Have I become a thief?

How much I love her how to express?
Words are too few and life is endless!

Please take a look at my mind -
How many prayers come and go there
Because of my cares for her?

How can I forget the pain to hide truth?
And I am getting older fading away youth!
And I know nowhere
There's no one like her
Because it feels so true that we are pair
Because inside my heart she is so dear!

Asif Andalib

My Life

My life is like a garland
Sorrow and pain are its flowers
Happiness is its thread
And peace is its sweet smell!

Asif Andalib

My Life Is Like A Hell

My life is like a hell
And poverty is its heartless guard
I keep on asking myself,
Is it because of a curse?

The days I have left behind
I don't want it back
The days that are ahead
Make me more worried!

I have got a life full of love to give
But there's no one to take it
So my heart seems to burst
Like a balloon with too much air!

God knows what's wrong with me
My efforts bear no fruit
As if I am drowning in quicksand
And there's no one to help!

Asif Andalib

My Life Is So Hard

You are an arrow and I am a bird
God shot the arrow right into my heart!

Now I am wounded but you are a quack doctor
So you can't give me the treatment that I look for.

Now money is the most important factor
But I am poor can't afford a good doctor.

Still I bleed and it seems I will run out of blood
But there's no one to help me my life is so hard.

Asif Andalib

My Life-Partner

Baby I am so fond of your sweet laughter
I will be yours in this life and life-after

I will sing and dance with you baby
There's no ifs and buts there's no may be

I have thought over and over again
Without you my eyes will shed monsoon rain

I will always like you like myself
I will be there if you need my help

Asif Andalib

My Life-Story

My hopes are like waves of the sea
It never stops never will be

I did some wrong things in my life
It is stabbing me like a knife

My thoughts are like light of the sun
It burns my heart and it will burn

My love for you is like the moon
You see it but can't snatch like goon

My thirst for love is like desert
There are mirages O my sweetheart

Asif Andalib

My Love

My love is deeper than the ocean.
You are like the ink of my pen.

My love is bigger than the sky.
In my love you can freely fly.

My love is sweeter than honey.
To try it you won't need money.

My love is better than the earth.
I want to give you all the mirth.

Asif Andalib

My Love At First Sight

I have fallen in love with you at first sight
Baby it's loud and clear like broad daylight

Don't give chance to other guys
Baby please stare at my eyes
Fill my mind with sweet dream
Be my summer's ice-cream

It seems zillions years have passed
Then I have found you O sweetheart

I can't turn my eyes from you
My love is not morning dew
Give me your tender hand
Let's go to sweet dreamland

Asif Andalib

My Love's Guru

As if you have come from my sweet dreamland!
As if God has made you with His own hand!

If I see you I feel so well
It seems you are my eye's apple.

If I touch you babe I feel so hot
I want to give you all I have got!

It seems you are my love's guru
Show me the way how to love you.

Asif Andalib

My Luck Doesn't Favor

Who will keep me cozy like a teapot
Who will adore even my beauty spot?

I feel so cool as if I am in arctic region
I need her so sternly in my every season.

Who will give me hope when I feel depressed?
Who will help me out when I am oppressed?

I make efforts so hard but my luck doesn't favor
Now-a-days it seems we are two shores of a river!

Asif Andalib

My Mind And My Heart

My mind is a crowded place but my heart is not.
My heart is looking for somebody who is hot.

Asif Andalib

My Mind Doesn't Agree With Me - Original By Rabindranath Tagore

Doesn't matter it's day or night
My mind doesn't agree with me!
Remembering what I can not
Contain the joy in my body?

Remembering what I shed tears
And I feel so much sorry?
Those sweet words and sweet touch
Is playing flute in my body!
By listening to the flute
My mind goes out of my body!

Which message is coming in the wind?
Whose face is in the sky?
Sound of woods and river sounds so sweet
So sweet I don't know why!

Flower's smell is hugging me like pal
I shall spread these words this pain and joy
Under whose feet? God who is that boy?

Asif Andalib

My Mind's Girl

The girl of my mind
Has become a bad dream now
And she makes me cry

Asif Andalib

My Mind's Thief

You are my mind's thief
Please give me your mind baby
As compensation

Asif Andalib

My Most Favorite Dish

You have made my mind fully hellish
Yet you are my most favorite dish!

You have made scandal so many times
I can't help writing very sad rhymes!

When I think of making love with you
Then it seems I am caged in a zoo!

Asif Andalib

My Most Favorite Fella

You are like my cold windy day of summer
In my heart you play music like a drummer

You are like my Spring season's many colors
You are more important to me than dollars

You are like my garland of fragrant bela
To me you are the most favorite fella

You are like my every breath that I take
When you are with me all tasks are piece of cake

You are like my chirps of birds in the morning
To me you are the most amazing plaything

Asif Andalib

My Motherland

My motherland is called Bangladesh
Its people are good its wind is fresh

O my dear motherland is full of greenery
Anyone will be impressed by its scenery

At midday under the banyan trees
Cowboys play flute to find heavenly bliss

Its rivers are flowing zigzag just like the snakes
Waterfowls are there and in its marshes and lakes

Lotus, waterlily and hyacinth are in its waterbodies
Its almost beyond expression how beautiful my motherland is

Its birds and animals are eye-catching
I love my country more than anything

Asif Andalib

My Nation

My nation is Satan's shadow
So my life is full of sorrow.

They quench love's thirst of the good ones by poison
They are extremely cruel and lack vision.

They do all the bad works in God's name
The curse of the good ones follows them.

They have gone astray there's no doubt about it
Cause they oppress the good ones to meet their greed.

My Paradise

From now on I will call you paradise
Babe you are so sweet and you are so nice

I know your sweet smile is a blissful isle
You are always like my top urgent file
Your eyes can do magic they are so wise
From now on I will call you paradise

Wherever you go whatever you do
You are in my heart can't help loving you
If I lose you how can I pay the price
From now on I will call you paradise

My Past, Present And Future

In the past
Life was like an iron without rust!

At present
In lover's corner I am absent!

In future
I don't know who will be my lover!

In the past
I was slow and you were very fast!

At present
You never wait for me a second!

In future
Shall I remain a wretched loser!

Asif Andalib

My Pen

Asif Andalib

My Platonic Love

We have met but it's too late
My soulmate O my soulmate

If we did not meet ever
That would be much more better

Many people are speaking ill of us now
How can I turn my eyes from you baby how

O baby we are made for each other
Our love will never die never ever

There is a thick glass between you and me
That can not be broken to set us free

May be we will not be able to live together
But I can't help wanting you forever and ever

Asif Andalib

My Poems

My poems are like hot cake
Since none of them are fake
They give the world a shake
For the mistakes we make.

Asif Andalib

My Poems Will Paint Your Mind

Want to have some fun
Like the charming setting sun
Paints clouds one by one?
My poems will paint your mind
They are so magical kind!

Asif Andalib

My Poetry

I don't want to conquer the world by the weapons
I want to win the hearts of the masses at any cost
God make the ink of my pen
More sacred than blood of the martyrs
And make my poetry
More powerful than Alexander the Great
From the men to the women
From the children to the old people
From the rich to the poor
From the east to the west
From the south to the north
God let my poetry live and rule with love and dignity

Asif Andalib

My Poetry's Net

I don't want to hate
I want to capture all minds
With my poetry's net

Asif Andalib

My Salaam

Accept my salaam
My all heartiest wishes
And my warm regards

Asif Andalib

My Shortsightedness

I took it for granted
She is what I wanted.
Then another one came
My feelings became same!

Then many came and went
Until I smell your scent.
You are so different
You are my mind's servant!

When you were not beside me
You were in my soul baby!

You are my love's only destination
My other loves were my miscalculation!
Don't say O baby I am characterless
Forgive me baby for my shortsightedness!

Asif Andalib

My Smile, Tears And Words

Asif Andalib

My Songs

To conquer the world

Asif Andalib

My Sorrow

As if my sorrow knows no bound
Its roots are deep in my heart's ground.

Its branches are high up in the sky
Its fruits are sweet no one can defy.

Its leaves are green as if it won't die
It's like a rain tree so it can cry.

Its flowers have very sweet fragrance
It attracts people from a distance.

Its flowers are no doubt colorful
God trims it with His gardening tool.

Asif Andalib

My Soul's Words

When I want to tell you my soul's words
My words fly away like scared wild birds
If you say you don't love me baby
My heart will break like a glass you see
So I can't tell my feelings for you
I keep it in my heart through and through
Year after year I keep waiting pal
For your desirable green signal
When your eyes will tell me what you want
Then I will go for my treasure hunt

Asif Andalib

My Spouse

Rainy is the day rainy is the night
You are not with me I am in a plight

O raindrops are falling from my both eyes
My hopes are migrating like butterflies

I am missing you more than I can say
I am getting old every every day

Still my heart is empty you are not there
My eyes can not find you you are no where!

Asif Andalib

My Superstar

The girl of my mind came in my life
But I couldn't offer her anything.
The girl of my mind then went away
But I couldn't stop her from leaving.

I keep waiting for her
But she won't come back now it seems.
Now my thoughts are like storms
They took away all my sweet dreams.

No one makes me crazy like her
She is my only superstar.

I was such a stupid
I couldn't keep her in my life
I cut loose all the bonds
With her as if with a sharp knife.

Asif Andalib

My Sweet Dream Has Come True

You look so pretty; it's like
God has made you by His own hand
I can't turn my eyes from you
You have come from my sweet dreamland

Sometimes baby it is drizzling
Sometimes it is heavy raining
Now I want you more than ever
Now I want to become braver

Sometimes gusty wind is blowing
With big waves river is flowing
Now I want to profane your hand
And take you back to sweet dreamland

Asif Andalib

My Vaporized Tears

My vaporized tears have made the sky cloudy
It is shedding raindrops on the thirsty land
My thousands of sigh have turned into gusty winds
It is shaking the branches of the mango trees
My unfulfilled wishes have become waves of the sea
It is roaring like a lion to frighten the pirates
My old days have become colorful butterflies
They are roaming in my home's backyard
My some lost hopes have become a flock of cranes
They are coming back to their natural habitat

Asif Andalib

My Voice

God make my voice
As sweet as Prophet David's
Whenever I sing

My Worship Of Sorrow - Original By Rabindranath Tagore

My worship of sorrow is not yet over;
I shall lit up all the lamps of my sorrow
At the end of the day for my last prayer.

When birds return to the nest
In the shadow of the evening,
When the bell of evening worship is rung in the evening
Then this life will lit up its last flame-offer
And my worship of sorrow will be over.

So many words of my so many days
So many yearnings in so many ways
My mind is full of these things now-a-days!

When in the sacrificial fire
They will burn like the stars
And they will rush towards the sky ignoring barriers
Then my arrangement will match sunset's color
And my worship of sorrow will be over.

Never Seen Such A Sexy Girl In My Life

Never felt inside so much love before
Never seen such a pretty girl for sure
Baby I want to love you more and more
Never felt inside so much love before

Never seen such a sexy girl in my life
If I could make you my wife baby my wife
Baby you can make me work nine to five
Never seen such a sexy girl in my life

Never seen such styles the dresses you wear
I will love you always baby I swear
I want you so much I have got no fear
Never seen such styles the dresses you wear

Never seen so much love in those eyes
My heart is happy but my eyes cry
Song is in soul when the music dies
Never seen so much love in those eyes

Night (Chapter 92, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Swear upon the night when it covers with darkness
And the day when it shines in brightness
And the creation of males and females
Surely your striving is from various angles.
Then as for those who give away and are scared
And accept the Best
We will facilitate their journey to the best destination
And as for those who are meager
And think they have enough for recreation
And reject the Best
We will make their journey to the worst destination
More and more harder
And when they will perish their wealth will not be of any value
Surely only We shows the right avenue
And surely Ours is this world and the hereafter
That's why We are warning you of the flaming fire.
None shall enter it but the most unfortunates
Who disbelieve and turn away their face
And We'll safeguard whoever is afraid of Me
Who give away wealth in order to purify character
And no one has anything
For which he can deserve reward from the Creator
But you can always wish Allah Taaala's pleasure
That will make Him soon pleased forever.

Asif Andalib

No One By My Side

It's a moonlit night
But my dreams are black and white
No one by my side

Asif Andalib

No One Has Loved Me

No one has loved me, no, no, no one, no one
That's why my mind lives in a different world.

I have not got the one whom my mind desires to snatch away
I have not got the one for whom all my hairs are turning grey.

The one I love now may become another person's
Who will be my spouse this thought makes in my brain cyclones.

God please tell me, tell me please who is my pair
I don't want to shed two rivers full of tears.

Asif Andalib

No One Is Perfect

When you say one more
Now and then I become dumb
No one is perfect

Asif Andalib

No One Makes Me Crazy Like You Do

Love is in my every living cell
My heart goes ringing like a calling bell
Baby please listen, it's for you
Cause no one makes me crazy like you do

Baby I can't get you out of my mind
You have made me somehow one kind of blind

My life without you is like a torture
I need you in my present and future

Baby you are like my bed of roses
You can really vanish my bad days

Asif Andalib

Noah's Ark

God please give something
Like Noah's ark to save us
If world war breaks out

Asif Andalib

Now

Now my mind is thirsty for love
My body is hungry for sex
My brain is a rendezvous of
Dirty desires

Now my thoughts are very complex
My tears have already vaporized
And my life's path is slippery
So I fall down

Now my laughter is hardly heard
I am bored of this lonely life
But I don't know how to end this
That's why I sigh

Asif Andalib

Now I Am To Blame

Now I am to blame
For my father's shattered dreams
And mother's sorrow
But God knows I have tried hard
To see sweet smile on their face

Asif Andalib

Now I Feel So Cool Sweetie

Now I feel so cool sweetie cool like lonely winter
I am dying but you are like hot and sweet summer!

Now you don't need me anymore
Now you don't want me anymore
But I love you as before!

Now I know it's not a very big sin
Sweetie to love you is not too mean!

But you don't love me anymore
And you don't miss me anymore
But I love you as before!

Asif Andalib

Now My Dreams Are Like A Sinking Ship

In the darkness of loneliness
I spent my painful boring days
Hoping one day I would see your light
You are like the morning of my night

I keep on waiting for that day
But all my hairs are turning gray
Now my dreams are like a sinking ship
In frozen water and sea too deep

It sailed for the land of peace
Now I miss even your kiss

You are a stranger in this ship
Now I look for you now I weep
If I can find you the storm will go
God knows what will happen I don't know

Asif Andalib

Now You Are Both My Friend And Foe!

Now you are both my friend and foe!
Still leaving you is sweet sorrow!
Oops! You can change my tomorrow!

Still kissing you is a sweet dream
Though my love for you is extreme!
My thought goes wild like a blue-film!

Still your presence makes me love-sick
But our love-making's chance is bleak!
I can't read your mind; it's all Greek!

You want to see tears on my cheek
So I am on love's frozen peak
And my friend is a ganja's stick!

Baby, make me believe in love.
Have you not hated me enough?
Please lock me up with love's hand-cuff!

Asif Andalib

Now You Are Something Like A Goddess

You have given seven seas' water in my eyes baby
You have given seven hells' sorrow in my heart baby

You were just a human made of mud
Now you are something like a goddess

When shall we make love? on earth or in heaven?
Now this hard question is roaming in my brain!

I don't know how much love baby fulfills sweetest desire
I wanted you so much in this world then I realize
How much is your price baby, baby how much is your price!

Asif Andalib

Now-A-Days

Now-a-days
Whenever I sleep
I dream bad dreams
And when I wake up
Anxieties grasp me
Like a python!

Now-a-days
The girls are like
Characters of a movie to me
And my hopes are like
A setting sun!

Now-a-days
Sometimes I think
If I had a time-machine
I would change my past!

Now-a-days
It seems, it's too late
To change even myself!

Asif Andalib

O Baby I Love You

O baby I love you
More than you think I do!

I didn't mean to hurt you
Now I feel so sorry too
But I don't know what to do
Why don't you give me a clue?

You have made me so crazy
I need your mind and body
But I don't know what to do
Why don't you give me a clue?

You are so perfect for me
I want your mind and body
But I don't know what to do
Why don't you give me a clue?

Asif Andalib

Fields full of crops so handsome!

Where my affection and love grow
Under the banyan trees and
On the shores of rivers that flow!

If you look pale and gloomy:
I shed tears in sympathy.

O my mom!
O my Bangladesh!
O my Bangladesh of Gold!
I love you mom I love you.

O My Love Is Another Name For Pain

O my love is another name for pain
It has taken control over my brain
It drives me crazy again and again!

She attracted me by wild temptation
She has broken my heart by deception
But she is still my infatuation!

Now it makes no difference where I am
As if I keep waiting in traffic jam
And I can see her with my brain's webcam!

Now her irresistible attraction
Has driven me into defamation
How can I get rid of this condition!

O my God knows I have done nothing wrong
But without her my nights and days seem long
Is she a human and I am King Kong!

Asif Andalib

O My Spring Season - Original By Rabindranath Tagore

Today my door is open for you; get smart
Come here come here come O my spring season
I will swing you on the cradle of my heart
Come here come here come O my spring season

On the chariot of new greenery
Come on the path of flowers of Bakul tree
By rubbing Piyal flower's pollen on your body
Come by playing flute eagerly and desperately
Come here come here come O my spring season

Come in the branches with lots of leaves
Come in the wild flowers of forest's trees
Come with smile so sweet and pretty
Come to the crazy wind's country
Let your dopatta fly
Far away to the sky
Come here come here come O my spring season

Asif Andalib

O The Great King Of Kings

And you show the straight way to the misled
And you are the Most Wise and Kindhearted.

(Amen)

Asif Andalib

O The Kind

Fill my world of mind
With light O the Kind
So that I don't act
As if I am blind

I want to see you in my dream
Don't let my tears make a stream

Make patience my armor
Fill my heart with vigor

Please talk to me in my dream
Don't let my tears make a stream

Asif Andalib

O The Stormy Night

O The Unfortunate - Original By Rabindranath Tagore

If no one comes by your call
Go alone your path is tall
Go alone go go alone
Go alone this world is small

If no one talks with you O the unfortunate
If all turn their faces from you love please don't hate
If all are scared of you what else do blame your fate

So opening your heart
Your soul's every word
Say it with your mouth

If everyone goes back O the unfortunate
If nobody looks back because you are too late
Then step on prickly path what else do blame your fate

If you can't light up lamp O the unfortunate
If everyone locks door in rain and storm please let
Then in thunder's fire burn your heart with flame
Higher and higher in Taskmaster's name
What else just blame your fate O the unfortunate!

Asif Andalib

O Those Blue Eyes

I want to talk to you eye to eye
I want to dive into your blue sky

I want to kiss your sweet lips
I want to learn your sweet tips

I want to touch your blonde hair
I want to lick your skin dear

I want to hold you like the earth
I want to live in joy and mirth

Asif Andalib

O Those Colorful Old Days - Original By Rabindranath Tagore

Those days have left my gold cage
O those colorful old days
They have untied knots of
Pain and joy in so many ways
O those colorful old days!

They will learn the craft of
Writing songs from my soul –
It was their intention
I know it was their goal!
Without saying a word at this stage
They all have flown away in their ways!
O those colorful old days!

I dream, they are roaming
Around my broken cage
For someone of those days
For someone I can guess.
O those colorful old days!

Is this pain for nothing!
Are they birds of shadow?
Haven't they flapped their wings?
I have heard sound, I know!
Without saying a word at this stage
They all have flown away in their ways!
O those colorful old days!

Asif Andalib

Oh I Was So Mean!

When I was a teen
I made my biggest mistake
Oh I was so mean!

Asif Andalib

Old Age

Grey hairs
Lonely
Lovesick
Worried
Many thoughts
Fewer talks
Fewer hopes
Fewer friends
Less will to live
The only thing
That keeps me going
On the zigzag way of life
Is the desire to be loved.

Asif Andalib

On The Other Shore Of My Song Original By Rabindranath Tagore

You are standing on the other shore of my song
The waves of my music touch your fair and bare feet
But I can not touch you and I can guess what's wrong!

The wind is pretty strong somehow
Don't be late; please sail your boat now
Anchor your boat in my heart right where you belong.
You are standing on the other shore of my song
The waves of my music touch your fair and bare feet
But I can not touch you and I can guess what's wrong!

The game of song that I play with you
It makes me sad and it's nothing new!

When will you take my flute of love
And play it to charm me enough
In the darkness full of happiness all night long?
You are standing on the other shore of my song
The waves of my music touch your fair and bare feet
But I can not touch you and I can guess what's wrong!

Asif Andalib

On This Day Of Eid

On This Day Of Spring Original By Rabindranath Tagore

So many flowers bloom
On this day of Spring
So many flutes are played
So many birds sing
On this day of Spring
On this day of Spring

My friend's heart is as soft
As a little flower
Whose negligence makes it
So terribly suffer
Why do you come to her
And try to make her laugh
The one who used to come
Now doesn't care enough

So many flowers bloom
On this day of Spring
So many flutes are played
So many birds sing
On this day of Spring
On this day of Spring

God please keep the happy
People always happy
And let the Spring season
Of joy pass by smoothly
God don't let the happy
People see her in tears
Since they overlook her
And want to live in cheers

So many flowers bloom
On this day of Spring
So many flutes are played
So many birds sing
On this day of Spring

On this day of Spring

One Sided Love

I hate to say but it's true
You don't love me but I do!
I like to think you are mine
But this thought doesn't seem fine!

I crash into sorrow when I see
You flirt with others and don't need me!
I blame myself for my misfortune
Although you rob my mind like a goon!

I don't know it's wrong or right
So I shed tears day and night!
I can't believe God is doing this
Although He can give me utmost peace!

Asif Andalib

One(Chapter 112, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Kind and the Merciful Giver.

Say, Allah is One.

Allah doesn't depend on anyone.

Allah doesn't give birth and Allah wasn't born.

Allah is matchless He is such a person.

Asif Andalib

Open Your Third-Eye

Please don't break my mind
It's fragile like a mirror
Please close your both eyes
Open your third-eye to see
Just how much I love and care

Asif Andalib

Opening Up Of Breast Of The Best Prophet (Chapter 94, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Haven't we for you opened up your breast
And taken off from you burden of your all regret
Which felt like something heavy on your back
And we have enhanced your name and fame to cure the ache.
Surely sorrow resides with happiness
Of course sorrow resides with happiness
So when you are free, show the respect
And make your Lord your exclusive object.

Asif Andalib

Optimistic

Ornaments Of Gold (Chapter 43, Verses 1-5, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Ha-Meeeeem!

Swear upon the Book that makes things vivid
Surely We have revealed it in Arabic
So that you can understand it
And it is in the original of the Book with Us indeed
Truly elevated, full of wit.
Shall We then give up reminding you all
Because you are an extravagant people.

Our Golden Old Days - Original By Rabindranath Tagore

How can we forget baby the golden old days
We felt love with our own heart whenever we met
We saw it with our own eyes how can we forget?

Come one more time baby come inside my heart
We shall talk about our pain and joy sweetheart
We shall talk to quench thirst of our souls sweetheart

We picked up flowers at dawn and we swing on cradle
We sang songs by playing flute our love was so telltale

Our fate separated us and I lost you somehow
Since we have met again baby come in my heart now

Asif Andalib

Our Relationship

Our relationship has turned so bad now-a-days
It's like a disease that is killing me always

Our love was forbidden like Adam's apple
But we fell in love that has made our lives hell

You were so warm and I was so nice to you
We were so happy so love seemed right and true

The devil screwed it up he became jealous
We couldn't understand we were so callous

Now I can't sleep without remembering you
So I am waiting all time for someone new

Now you look at me like a shrewd careful thief
What more do you want babe I have enough grief

I don't want you anymore I want good rapport
Now I don't want your love now I need your support

Asif Andalib

Paradise The Planets Of Bliss

Paradise is the planets of bliss
The home of God's Body
The garden of Beauty
It is full of good flora and fauna
And made of gold, silver and precious other things

There are fountains and streams in paradise
They are also signs of God's superb workmanship

There is morning, noontime and evening in paradise
But there is no night
At noontime it is full of silver light
In the morning and in the evening
Tints of various colors are visible in its sky

In paradise
The evenings are more colorful than the mornings
And the mornings are more refreshing than the evenings

The residential area of the poor people of paradise is near its gates
The middle class people live in the middle area of paradise
The high-class people live at the end of paradise.

There is currency in paradise and many market places
To buy things of one's choice
Where all salespersons are angels

The residential area of the prophets and the like
Is at the end of Ferdous paradise
Wherefrom God's main court
Laohay Mahfuz and Sidratul Muntaha are nearby.

Asif Andalib

Paradise, Earth And Hell

Paradise is good
Mother earth is a bad place
Hell is worst of all

Asif Andalib

Parents And Offspring's Access To Paradise

God has similarity with parents
But He hardly has
Similarity with offspring
This is one of the reasons
Why parents are so prestigious

Against this backdrop
If the children are pious
But their parents are not
They will be able to take
Their parents to paradise
Whereas
If the parents are pious
But their children are not
They will be unable to take
Their children to paradise

Asif Andalib

Patience

God give me patience
Please don't make me impatient
Like Prophet Yunus

Asif Andalib

Peace-Worker

God I want to turn myself into a very good guy
Like caterpillars metamorphose into butterfly.

I know we are all sisters and brothers
God help me so that I can help others.

The people of the world have many views
God give me the honor to preach true news.

The world is now full of conflict and war
God make me an unyielding peace-worker.

(Amen)

Plants, Insects And Animals

Plants, insects and animals
Are many times more intelligent
Than most of the people think!

Most of the times
Plants, insects and animals
Say things they want to say to others
In their own minds in human languages!

From a close distance they can hear
What others say in their minds!
From a close distance they can hear
What humans say with their mouth as well!

They learn the human languages
From human race and other plants, insects and animals!
God communicates with them -
They remember God and prostrate in imagination!

Asif Andalib

Platonic Game

Now you are bored and tired
Of this platonic game
But I don't blame you, baby
Cause it's my fate; it seems!

The partition of unbreakable glass
That keeps us apart
Reminds us how helpless we are
Every time we want to make love!

Now your love seems to fade out
Like your favorite dress
Worn in rough weather
Everyday!
And I know for sure
You are gonna throw it away

You lured me to come and play
But it went in vain!
All of my flying kisses
Have lost their way
Because of the difficult journey
Through desert, jungle and mountain!

Asif Andalib

Platonic Love

I have gladly drunk
Hemlock of platonic love
To quench my heart's thirst

Asif Andalib

Platonic Lovers

We have met but it's too late
My soulmate O my soulmate

If we did not meet ever
That would be much more better

Many people are speaking ill of us now
How can I turn my eyes from you baby how?

O baby we are made for eachother
Our love will never die never ever

There is a thick glass between you and me
That can not be broken to set us free

I think we shall not be able to live together
But I can't help wanting you forever and ever

Asif Andalib

Playmate

Please Leave Me Alone - Original By Rabindranath Tagore

Please leave me alone
I remember her so much off and on!

Now no one can make my time worthwhile
By the whirlpool of wonderful words
By keeping me busy in my works!

I make a garland of story
With pieces of my memory!

I carry this gem of pain to her
On my lonely way to hereafter
With her own wealth I decorate her!

Asif Andalib

My heart will never let you leave me
Baby you have saved me by taking my mind
I was dying of its weight you are so kind

If you marry me I would like my life

Poet Rabindranath Tagore

You take the words right out of my mind
A poet like you is now hard to find
You make me smile you make me cry
You make me think you make me try
You make me sing you make me dance
In joy sorrow and wild romance
You give me new hope and inspiration
You help me to drive away frustration
You show me the way to win heart
You are always state-of the-art

Asif Andalib

Poetry's Golden Day

I don't want to be busy as a bee
I want to enjoy and take it easy

I won't work hard to get rich
I fly in dream like a witch

And go to places where no one can go
And see many things that no one can show

My mind is rich in everyway
If I remain poor it's okay

I play with the words like Pele
To bring poetry's golden day

Politics In Bangladesh

Whoever comes to power
Becomes somewhat dictator
They don't care about people's demand
It's a hard fact in my dear motherland

Most of them make black money
And deposit in foreign banks
But they pretend they are good people
And the greatest think tanks

They disgrace the political rivals
Even if they are blameless
No matter what; they want to remain in power
They are so shameless

When a new political party comes to power
They abandon projects of the previous governments
They change the nameplates of public institutions
They give promotions to their obedient civil servants

They dishonor national heroes
To become heroes themselves
They do more harm than good to the country
They are like some wicked elves

They go for pilgrimage with friends and family
All their costs are met by the poor helpless country

They travel far and wide to walk on red carpet
And see new places
The country is not benefitted from it
In most of the cases

They talk tall like they are doing everything they can
While most of them are nothing but shadows of Satan

Asif Andalib

Politics In Bangladesh Ii

Power tends to corrupt
And absolute power corrupts absolutely
This is so true in the political arena of Bangladesh

The ruling party has made the justice department
And anti-corruption commission a hoax
They forgive the criminals on political grounds
And withdraw all corruption charges against themselves
By hook or by crook

Politicization is taking place in every sphere of the country
Votes are being bought and sold like commodities
In competitive markets
The criminals are becoming leaders
Because of their black market money and liaisons
The mouth of the civil society are being gagged
By large amount of hush money

People who are trying to eliminate poverty from the country
Are being called bloodsuckers by the so-called patriots
Whereas the real bloodsuckers are in disguise
Of the heroes and heroines

Asif Andalib

Poverty

Poverty is like a curse
It deprived Prophet Jesus
Of a wife and popularity

Prophet Muhammad
Became successful
Because he became rich

Poverty is like a torture
By the enemy
Without help from others
One cannot get rid of it

Asif Andalib

Poverty Is Like Slow Poison

It's killing me bit by bit
It enhances my frustration
I'm lonely because of it
Girls want wealth not adoration
Boys are as cheap as sweetmeat
But I can't change my condition
Oh I feel like I'm unfit
Like a house with no foundation
Like a guy of the street

Asif Andalib

Pray For Me Baby

Asif Andalib

Prayer For My Love

Endless please God don't let anyone bite my sweetheart
I don't mind her all boyfriends if not over-smart
Or with unknown guy if she wants to flirt
No!
Don't let her go with the high flow
It will drown her I know

I don't mind if she spends night with friendly guys
Or for her if someone dies
Endless please God make her happy just be Nice!

(Amen)

Give me pleasure and remain near!

Why am I unable to impress her
Don't know how can I steal her pretty mind

How much I love her is hard to express
I will always give her flying kisses

See how many prayers come and go
Because my love is soul-deep for her

I think she is my perfect match my soul-mate
How can I forget the pain of speechlessness!

Resurrection Versus Reincarnation

Why things are created?

What is God's purpose?

Once upon a time only God existed.

If all creations extinct in God it will make no difference.

Can believers in reincarnation explain this thing logically?

Why we will be deprived of bodily pleasures?

Pleasure of body is more intense

Than pleasure of soul; don't you agree?

Pain of body is more intense

Than pain of soul; don't you agree?

You must admit

We will miss our body during Nirvana

Cause we love eating, drinking and enjoying sex.

Why God will snatch away our bodies forever?

Does God lack so much power?

Whereas according to Islam

God has a specific purpose to create

From the day of resurrection onward

He will make His best friend

Prophet Mohammad most blissful

And His other near and dear ones

Will also be happy eternally

On the other hand

God will punish His enemies

The ill part of Himself

On the day of resurrection

We all will be given new bodies

To make both body and soul of God's friends

Extremely happy and peaceful

And to give outrageous pain

To the enemies of God.

You don't need to be like Juliet

People will watch in the video

Since if I had to flee
I would take you with me

People will think you are great
You don't need to be like Juliet
Since if we would marry
You should have lived with me

Make my watchful eyes your bodyguard

Keep my sweet dreams in your beautiful eyes

Live in the world of my warm friendship
Keep in mind babe my love is soul-deep

Make your rosary of love with my names
Put out with your kiss my desire's flames

Salat

We go for ablution
Before performing Salat
And stand on a clean place for Salat
Because God is the most holy
Then we express our intention to do it
Since at first God wished to create
Then we raise our hands
To surrender to God
Then we recite Surah Al-Fatiha
The best prayer
And couple of other chapters
From the holy Koran
Since they are full of advices
Then we bow and prostrate
To remember God
Since God remembers those
Who remember Him
Then we pray for prophet Abraham
And prophet Muhammad
Since God becomes happy
If we pray for them
At last we convey Salam
To the angels
Who note down our actions
Since they are also our guardians

We do not change the place
Where we stand
During performing Salat
Unless it is absolutely necessary
Since God does not move
But we bow, prostrate and sit in Salat
Because God's body can move
Inside His glow

We bow in Salat
To show our respect towards God
We prostrate in Salat
In utmost awe and surprise

Imagining we are touching at first
Right foot of God's body
With our hands, forehead and nose
Then we do it again
Imagining God's body
Has moved a little bit
From Right to left
And we are touching
Left foot of God's body

We do not eat, drink and enjoy sex
During Salat
Since God's body doesn't do these things
We do not sleep and drowse
During Salat
Since God's body doesn't do these things
We do not tell lies and say worthless things
During Salat
Since God's body doesn't do these things

That's why Salat is the best worship
And the easiest way to please God.

Say No To Drugs

My friends, Say no to drugs.
Drugs are life-eating bugs!
Say yes to God; surrender to win.
Say, in your home God now I am in!
Without God the end is hopeless
And with God the hope is endless!
Try to avoid your bad company.
Don't hanker after excess money.
Don't do anything that may trigger your obsession
"Easy does it" so you should control your emotion!
Write something good on life's every page
And remember "First dose does the damage".
The path of recovery journey is slippery -
Please be careful, don't slip, don't give up and don't hurry.

Scientific Way Of Canal Digging

The governments should adopt scientific way
Of canal digging with an eye to
Solve flood problem, mitigate irrigation crisis
And open up new avenue of fishery.

At first the area where flood water overflow
From the rivers should be pointed out
And nearby barren lands should be identified
Then maps of the required canals can be drawn.

Subsequently the canals should be dug up
From the last points of maps
Which will end at near the mouth of the canals
Then with the aim of joining the canals
With the rivers dynamite should be blasted off.

The government will compensate the people
Whose lands will be acquired for the project.

In this way
The government will be able to give its people
A great relief and satisfaction.

Sex With Love

Sex is like our food
Love is like its sweet flavor
Sex with love is good.

Asif Andalib

Sex-Trade In Islam

In the holy Koran
God has permitted sex-trade
Those who want to deal in sex
They should reach an agreement
With the sex-workers
Or with their salesperson
In black and white

The sex-traders should not
Force anyone to do sex-work

Enjoying sex with sex-workers
Is also allowed in Islam
But it is discouraged.

The sex-traders should ensure
Sex-workers good living standard
The sex-workers have the right
To vote and contest in polls

God is utterly aware of the reality
That's why
He has permitted girls
To do sex-work

If there was no sex-worker
Many more men would
Commit sex-crimes.

N.B.: It refers to verses 33, Chapter "The Light" (An-Nur) , Holy Koran

She Can Act Like Actresses

She made me a fool
She can act like actresses
I was bullfight's bull

Asif Andalib

She Can Make Me Go Astray!

So many years of hardship
So many nights of lost sleep
So many days of heart-thief
So many tears of love's grief
I don't know if it will come to an end
Since she has proved she is no more my friend!
Now she is like a snake with two faces
So she can bite me from both the places
Whether I am near or far away!
Alas! She can make me go astray!

Asif Andalib

She Is Like A Beehive

It seems my heart is actually odd
It keeps her inside who damn cares God!

Although she is like a sex-worker
It seems my eyes can see only her!

She is like a beehive full of bee
If I want honey they will bite me!

Although she is like a love-maker
Despite my efforts I can't have her!

Asif Andalib

She Is My Bliss

She is my bliss and she is my dream-girl!
If I am seashell she is my pearl!

If I am a flower she is my smell!
If I am a magic she is my spell!

If I am a rose plant she is my rose!
If I am an addict she is my dose!

If I am a mountain she is my ice!
I want her forever she is so nice!

She Was My Dream-Girl - Original By Rabindranath Tagore

She was my dream-girl
I can't understand her ever
Days have passed by
Looking for her further and further

On time you have called me you have covered my shame
I can understand you easily O Darling

Who will neglect me and for whom my mind cries
Who will pull me closer staring at my eyes
In whose sorrow of love I have the best price

This so big confusion O I can not break through
You are not critical I have understand you

Size Doesn't Matter

I never flatter
Size doesn't matter!

We are so small but we have come this far
Because of our wisdom that knows no bar!

We are so small but we can understand God
Because we can make our mind extremely broad!

We are so small but we can win a zillion of hearts
Because we can be kind regardless of ifs and buts!

Asif Andalib

Slanderer (Chapter 104, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Misery to every slanderer and defamer
Who amasses wealth and assesses it regular
They think their wealth will remain with them forever
Rather they will undoubtedly be hurled into the crushing disaster
And how will you realize what's the crushing disaster?
It's a fire kindled by God the Punisher
That rises above the heart of the sinners
There they will be caged forever
Around them will be extended pillars.

Still Waiting

In my garden of heart

Fruits become ripe and rotten waiting for you!

How many tears dropp from my eyes
You don't think about it
You don't know about it
You won't find the bottom of my love
Even if you search!

O my love for you
Gives so much pain
Gives so many poems
Why don't you come and see for yourself?

Why there's drought in the land of my body
You don't think about it
You don't know about it
You will understand it
Only
If you
Find me
In
Meditation!

Asif Andalib

Still Waiting For You

So many full-moon nights have passed by
But you have not come I don't know why

So many days of joy came and went
But you did not share my merriment

So many colorful evenings came
But you did not come babe what a shame

Birds sang and fairies danced in mornings
But you did not come to see these things

Wind of Spring made sound like violin
If you came I would make you my queen

Sweet Desire

We have flown with magic carpet of sweet dreams
We have wandered in our minds' wonderful realms

We have burnt ourselves by horrible love's fire
Our efforts were in vain to fulfill desire

We have cleaned dirt of our minds by groom of sighs
We have made our minds as cold as arctic ice

We have broken our minds like front glass of cars
We have joined our minds by sweet dreams after wars

Asif Andalib

Sweet Dreamland

On the sea of time I sail with you
The sea is calm and the sky is blue

We are sailing for sweet dreamland
We must hurry give me a hand

Take a look at those merry dolphins

I can see through my telescope
An island full of dream and hope

Take a look at those flying seagulls

Tax

Tax is for the welfare of the masses
That's why more tax should levied
Upon the rich than the poor
In such a manner
So that a desired balance is maintained.

There should be no filthy rich
In a poor country
So the government should impose tax
On this people couple of times more
Than the ordinary rich.

Education tax, poverty elimination tax
And tax to rehabilitate the beggars
Can be imposed on the very rich.

The government must go for moderate tax
For the poor people
And they should not slaughter the hen
That lays egg of gold.

The Muslims should give tax properly
Since it is obligatory for them
So in a Muslim country
The government should highlight this
In order to increase revenue.

Asif Andalib

The Accessions (Chapter 8, Verses 28, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Kind and the Merciful Giver.

Be sure it's true
Your wealth and children are things to test you
And Allah has with Him the greatest reward for you.

Asif Andalib

The Accessions (Chapter 8, Verses 22-23, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Kind and the Merciful Giver.

Surely the lowest of animals, in Allah's sight
Are the deaf and dumb. Though they have eyesight
They do not understand what's wrong and what's right.

And if Allah had known any good in them
He would made them hear His holy name
And if He makes them hear the same
They will turn back and blame.

Asif Andalib

The Accessions (Chapter 8, Verses 24, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

O the believers! Respond to Allah and His messenger
Whenever he calls you to that which is your life-giver.
And remember that
Allah is present between humans and their heart
And to Him you shall be gathered.

Asif Andalib

The Accessions(Chapter 8, Verses 2-4, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

They are the best among believers
Whose heart becomes full of fear
Whenever the name Allah is mentioned to them
And when His communications are recited to them
It strengthens their faith in Him
And they trust their Lord more than anything

Those who keep up prayer
And spend out from whatever is theirs
They are the genuine believers

They shall have from their Lord
High ranks and forgiveness
And a stately sustenance in best place

Asif Andalib

The Accessions(Chapter 8, Verses 29, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Listen every believer!
If you fear Allah the Almighty Being
He will grant you a difference maker
And do away with your every bad thing
And forgive you definitely
And really great is Allah's bounty.

Asif Andalib

The Actress

The actress has stolen my mind by her sweet smile
By her glamorous look and by her gorgeous style

The way she talks to all
Even angels will fall
If they see her talking
I am not talking tall

The way she walks on street
Even saints will have greed
If they see her walking
Yeah I can bet on it

The way she dresses up
Is like hot coffee cup
No one wants to miss it
Everyone wants to sup

Asif Andalib

The Adoration (Chapter 32, Verses 6-9, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

He knows the seen and the unseen
He is the Mighty and the Merciful Being.
He has made everything perfect for its purpose
And He began creation of human from dust.
Then He made his progeny of a watery extract
Then he made it complete and breathed into it soul
And made your ears, eyes and heart
But a few of you are thankful.

The Amazing Butterflies

Truly amazing –
Eye-catching designs of wings
Of the butterflies.

Asif Andalib

The Angels

Like God's body
The angel is cluster of tiniest particles
Clinging together because of gravity
They are like a dot to God's body in size.
The angels who have two pairs of wings
Are under Sidratul Muntaha Tree in paradise
And are circling around God's Throne
The angels who have four pairs of wings
Are the Sufra angels and angels of God's court
All other angels have three pairs of wings
Angels are something like the super-strings
They can take almost any form and size
Angels can eat and drink but they do not do that
Angels have life partner as well but they do not enjoy sex
Angels are so tiny they can use the density of sky to fly
Usually the chief four angels carry God's Throne
But on doomsday eight angels will carry it.

N.B.: Sidratul Muntaha Tree is a thorny tree of Ferdous Paradise (near God's Center Point) under which many angels are just bowing and prostrating in awe. Sufra angels are translating text of Laohay Mahfuz (God's Manuscript)

Asif Andalib

The Ant (Chapter 27, Verses 86, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Don't they think that We have made the night
So that they may take rest and the day to give light?
Surely there are signs in it
For those who believe Al-Islam is right.

Asif Andalib

The Ant (Chapter 27, Verses 88, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

And you think the mountains stand firmly.
But they shall fly like the flying cloud -
It's the craft of God
Who has made everything thoroughly!
He is aware of whatever you do no doubt.

They take care when we grow old

They are like a curse to us
They can make our life a hell

Asif Andalib

The Bad Parents

Parents are like God
We expect a lot from them
But if they are bad
They are like a curse to us
They can make our life a hell

Asif Andalib

The Bait

Your sweet gestures are like bait
How long shall I have to wait?

I can hear you sing like a bird
I want to catch you but it's hard

You fly away to another tree
Do you love me is a mystery

I love you but I am afraid
You are like a pretty mermaid

If I say I love you baby
You may disappear in the sea

So I crave and wait for you to say
I love you from the very first day

Asif Andalib

The Bangladeshi People

I am not ugly but no one loves me
They are so hungry for sex and money!

I am not sexually impotent guy
But up to now my life is full of good bye!

The people insult me for my gray hairs
They do the things whatever devil dares!

God knows I am not at all a bad person
But they treat me so bad for no good reason!

Asif Andalib

The Bee (Chapter 16, Verses 125, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Call to the way of your Lord
With wisdom and sweet exhortation
And go for the best manner while having disputation
Surely your Lord best knows
Who is going astray
And who is following the right way.

Asif Andalib

The Bee (Chapter 16, Verses 66-67, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

And surely there is a lesson for you in the cattle
We give you pure milk
Which is produced in their bellies
And delivered through blood vessel.
As for the drinkers, it's easy and agreeable.

And from the fruits of the palm and the grapes
You obtain intoxication
As well as goodly provision
Surely there is a sign in it
For the people with vision.

Asif Andalib

The Bee (Chapter 16, Verses 68-69, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

And your Lord has inspired the bee:
Make hives in the mountain and in the tree
Then eat of all the fruits
And roam in the ways of your Lord obediently.

There comes forth from within the bee
A very colorful beverage, you see
In which for the humans there is remedy
Surely there's a sign in it
For the people who think deeply.

Asif Andalib

The Bee (Chapter 16, Verses 75-76, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Allah has here set forth an allegory, just consider
A slave the property of another
Therefore he has no power
On the contrary
One who is granted a handsome sustenance so he
Spends from it secretly and openly -
Are the two similar?
Praise is due to Allah
But most of the people are not aware.

And Allah has set forth another allegory, now consider
Two persons, one of them is dumb
Unable to do anything on his own
Thus he is a burden to his master
Wherever he is sent he brings no good outcome
Can he be held equal with him, who
Has enjoined what is just
And is also on the straight avenue.

The Believers (Chapter 23, Verses 91, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Never did Allah take to Himself a son
And never was there any god with Allah the One
If it were
All gods would take away their created things
And all gods would try to overpower one another
Allah's Glory is above their sayings.

Asif Andalib

The Best Name

Although God has got many names
But Allah is His best name
Cause it has no plural, no gender and no apparent meaning!

Allah is not the luckiest person
Prophet Muhammad is
Cause Allah can help everyone but Himself!

The Best Times

Evening is the best time of day
Friday is the best day of week
The night of Kawdor
Is the best night of year

On Friday
On the night of Kawdor
And in the month of Ramadan

The Big Push

If a country wants to successfully take off
In the sky of prosperity
It needs huge investment
But the least developed countries
Can hardly afford it

However
If there is a will
There is a way

There are many donor
Agencies and countries
Who are ready to provide soft loan
To the LDCs

So the government of the LDCs
Should encourage
Unsolicited project proposals
From the international donors
And prepare suitable project profiles
That will benefit both the parties

Moreover
The government officials
Should be highly trained
So that they can evaluate
The viability of the offers properly

In this way
The LDCs will be able to big push
The economy so that it can take off

The Black Bee - Original By Rabindranath Tagore

The black bee goes back again and again
And he comes back to love time and again
Then the flower blooms to end up her pain!
The bud hesitates to become full grown
Due to the shameful fear of the unknown!

Forget the cruel facts and the ill-feelings!
Give me your soul to enjoy the good things!
Stay with me forever O my heart sings!

Give up all hopes except the hope of soul!
Come back come back since my heart is your goal!
Come back in the fragrance of the garden!
My mind has already become a burden!

Lonely is this night! Is it for nothing?
It is shedding tears dewdrops are falling!
O the excited flower is crying!

The Calamity (Chapter 101, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

What a calamity!
What is the calamity?
How could you understand what the calamity is!
On that day what a pity:
People will be scattered like scared insects
And mountains will be as windblown wool
And then whose good deeds are heavier
They will enjoy happy life forever
And whose weight of good deeds is less
Their home will be Habia abyss
And how can you understand what it is.
It is a burning fiery place.

The Cattle (Chapter 6, Verses 101, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

As for the skies and the earth, He is the sole inventor.
How could He have a son when He has no life partner?
He has created everything
And He knows everything.

And the good works are forever
And if you want reward from your Lord, the latter is better
And it's also better for your expectation.

As if to hurt me until my demise!

Doubts of nasty things cloud my mind

The joy she needs forever!

My values stopped me from doing the offenses
Now I repent for missing the countless chances!

The Children Of Israel (Chapter 17, Verses 23-24, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Kind and the Merciful Giver.

And your Lord has commanded that
You should not worship but Him
And treat your parents well with high esteem
If one or both of them
Reach old age with you
Don't even say to them "Oof!" in annoyance
And don't call them names
And politely speak to them.

And be gentle to them
And be kind to them
And say, O my Lord!
Please be kind to them
Since they brought me up
And a kid I was then.

Asif Andalib

The Children Of Israel (Chapter 17, Verses 29, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Kind and the Merciful Giver.

And don't make your hand
Shackled to your neck niggardly
Nor stretch it forth
To its utmost bigheartedly
Otherwise you will have disgrace
And become penniless.

Asif Andalib

The Children Of Israel (Chapter 17, Verses 100, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Kind and the Merciful Giver.

Say, if you could control the treasures of my Lord's mercy
Then you would be reluctant to spend it rightly
Because humans are niggardly.

Asif Andalib

The Children Of Israel(Chapter 17, Verses 111, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Say, praises are because of Allah the One
Who hasn't taken a son
And who hasn't got a partner in any place
And who doesn't need a helper to save Him from disgrace
So proclaim His stateliness and greatness.

Asif Andalib

The Children Of Israel(Chapter 17, Verses 27, Holy Koran)

Surely spendthrifts are the brothers of Satan
And Satan tends to be ungrateful to his Lord as much as he can.

Asif Andalib

The Children Of Israel(Chapter 17, Verses 31, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

And don't kill your children for fear of poverty
I give them and yourselves what you need
Killing them is a great sin indeed.

Asif Andalib

The Children Of Israel(Chapter 17, Verses 85, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

And they ask you about the soul
Say, the soul is an outcome
Of one of the commands of our Lord
And you are not given knowledge but a little from God.

Asif Andalib

The Children Of Israel(Chapter 17, Verses 88, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Say, if all the people of Jinn and human race combined together
To create the like of this Koran the message of the Creator
They could not create the like of it even if they helped each other.

Surely the men who surrender to the will of God
And the women who surrender to the will of God
The faithful men and the faithful women
The obeying men and the obeying women
The truthful men and the truthful women
The patient men and the patient women
The humble men and the humble women
The almsgiving men and the almsgiving women
The fasting men and the fasting women
The men who guard their private parts
And the women who guard
The men who remember Allah very much
And the women who remember Him hard
Allah has made ready for them forgiveness and a great reward.

The Clouds Of A Storm - Original By Rabindranath Tagore

If my mind rushes like the clouds
Of a storm since it's restless
God forgive me, please forgive me
I ask for your forgiveness.

My poor sinless mind
Has come on the shore of sin!
God please have mercy:
Open your door let me in.

I live in the water
But I am dying of thirst!
God take a look at me
Please give pure joy in my heart.

The Companions (Chapter 39, Verses 62, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Allah is the Creator of everything
And He is the Assistant of every being.

Asif Andalib

The Cow (Chapter 2, Verses 215, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

They ask you, on whom they should spend
Say, whatever wealth you spend
It is for your parents
And the kith and kin
And the orphans
And the needy ones
And the immigrants
And whatever you do
Allah knows it through and through.

Asif Andalib

The Cow (Chapter 2, Verses 261-263, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Those who spend their property
In the way of Allah the Giver
Their reward will be like a grain growing seven ears
With a hundred grains in every ear
And Allah multiplies reward for whom He cares
And Allah is the Ample-Giving Wise Teacher.

And those who spend their property
In the way of Allah the Giver
Then do not follow up
With reproach or injury
They shall have their reward
From Allah the Wise Teacher
And they shall have no fear
And they won't be sorry.

Kind words and mercy
Is better than charity
Followed by injury
And Allah doesn't need anything
And He is forbearing.

Asif Andilib

The Cow (Chapter 2, Verses 264, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

O the believers! Don't make your charity
Worthless by reproach and injury
Like them who spend their property
To show they are better
And do not believe in Allah and the life-after
So they are like a smooth rock with earth upon it
Then a heavy rain falls upon it
Consequently it leaves the rock hard and bare
So it's loud and clear
They will be unable to get benefit from their earnings
And Allah doesn't guide the unbelieving human beings.

Asif Andalib

The Cow (Chapter 2, Verses 265-266, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Those who spend their property
To seek pleasure of Allah the Giver and Great
And to uphold their mindset
Their reward is like a hilltop garden
Upon which if heavy rain falls
Its fruits become twofold then
But if heavy rain does not fall
Drizzling is enough for the garden too
Allah sees whatever you do.

Is there one of you who wants
A garden of palms and vines
With streams flowing beneath it
All kinds of fruits will be there
Then you will become gray-haired
And you will have weak offspring
When a fiery whirlwind will smite that garden
It will become blasted then.
Thus Allah makes the communications loud and clear
With a view to boosting up your thinking power.

Asif Andalib

The Cow (Chapter 2, Verses 267, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

O the believers! Give good things
From your earnings
And from what we bring forth
Out of the earth
And don't go for giving bad things
That you would not take of course
And know that Allah doesn't need any thing
And He is the Most Praiseworthy Being.

Asif Andalib

The Cow (Chapter 2, Verses 269, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Allah grants knowledge to anyone He pleases
And those who are granted knowledge
They are indeed given a great asset
And none understands it without wise mindset.

Asif Andalib

The Cow (Chapter 2, Verses 270, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

And whatever things you give
Or vow to give
Surely Allah knows it
And the oppressors
Shall have no helpers.

Asif Andalib

The Cow (Chapter 2, Verses 271, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

If you give alms openly
That's good for you
If you give it secretly to the needy
That's better for you
And some of your sins will be forgiven too
And Allah is aware of whatever you do.

Asif Andalib

The Cow (Chapter 2, Verses 272, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

It's not incumbent on you
To make them walk on the right avenue
But Allah wants whomsoever
He guides them through the right way
And whatever good thing you give
It's for your own benefit
And you should not give it
But to seek Allah's pleasure
And whatever good thing you give
Shall be paid back in full as per Allah's measure
And there will be no injustice whatsoever.

Asif Andelib

The Cow (Chapter 2, Verses 273, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

You should go for almsgiving
To the poor who are confined in Allah's way
Because they can not do anything for their living.
The ignorant people think they are well off
Because they do not ask for anything
You can recognize them by this sign
They do not beg by flattering
And whatever good thing you give
Surely Allah knows it.

Asif Andalib

The Cow (Chapter 2, Verses 274, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Those who spend their property
At night and at day
Secretly and openly
They shall have their reward
From their Lord
And they shall have no fear and anxiety.

Asif Andalib

The Creation Of The Universe

When God decided to create the universe
His body expanded His visible glow to its utmost
And said, Be
(From center point of God)
As a result the biggest artificial glow Kurshi was created
Then He shrunk His visible glow
And made it big as paradise
And said again, Be
(From the same place)
As a result all minds were created
Then God said, Say, Am I not your Lord?
All answered, Certainly You are!

Afterward God's Body created His throne
Then He created Laohay Mahfuz and His Pen
Then the pen wrote the endless story in brief
Starting it with the Arabic sentence
Bismillahir-Rahmanir-Rahim

At that time all the minds were in pairs
Then God split apart the mind of the sky and the earth
And God's Body descended from His throne
Then took many minds including mind of the earth
To the place where this starry sky now exists
And said, Be
Its outcome was the Big Bang Explosion
Then He spread the minds
Into this explosion of tiniest particles
Then God started creating the upper skies
With His own hands and other limbs of His Body
It was the sixth long day for God
When He started creating paradise and hell
Since beginning of creation
After creating paradise and hell
God created the angels and the flora and fauna of both
Then God's Body ascended on His Throne.

Tiniest particle is positively
And its glow is negatively charged

In the beginning
As a result of tremendous pressure and heat
Some of the tiniest particles' part of the glow was torn off
Thus they become positively charged particles
When this sky was cooling down
The negatively charged glows
Merged with some tiniest particles
Thus they become negatively charged particles

Tiniest particles have seventy thousand layers of glow
Each layer of glow has a different color and characteristic
That's why so many types of particles evolved.

The Curse

She cursed me because I dumped her
Now misfortunes are chasing me
Like a shadow!

She loved me more than I thought
But I didn't realize it until recently!

She was so lovely and innocent
So it hurt her more than anything!

She was willing to give me
Everything she had
But I couldn't figure it out!

She did everything she could
To maintain our relationship
But her parents made me angry!

Now only one thought haunts my brain
How can I compensate her
To make myself happy!

Asif Andalib

The Curse That Has Changed My Life

I saw you from a distance
I thought you were pretty
But you were an average
Girl of the big city
I didn't want to break your heart
So I broke mine
That was a foolish thing to do
Since we were fine
Your parents went against us
So I stop seeing you
I thought I shouldn't love you
So I found someone new
When you heard about the girl
You couldn't believe your ears
So you wanted to meet me
To prove you had the wrong fears
But then I broke your heart into
Thousands of pieces
Now I am lonely and long for
Your warm sweet kisses
You warned me if I hurt that girl
I would repent
Now I understand you were right
Hundred percent

The Day Of Judgment

God is the Best Judge
Most of the girls
Will go to paradise
Because
They are under
Guardianship of the boys
So the girls will go through
Less cross-examination
Whereas
Most of the boys
Will go to hell
Because
They will be held responsible
For the sins of the girls
Of their respective families
Most of the poor people
Will go to paradise
Because
They will go through
Less cross-examination
Whereas
Most of the rich people
Will go to hell
Because
They will go through
A lot of cross-examination
Most of the black people
Will go to paradise
Because
Most of the times
They are discriminated
Underestimated and oppressed
Whereas
Most of the white people
Will go to hell
Because
Most of the times
They discriminate
Underestimate and oppress

The black people
Most of the Jinn
Will go to paradise
Because
They are less intelligent
Whereas
Most of the humans
Will go to hell
Because
They are the most intelligent beings
So most of them
Will go through
A hell lot of cross-examination

However
After receiving punishment in hell
Some of the humans
Will go to paradise
Then
There will be equal
Number of humans
In paradise and in hell.....

Asif Andalib

The Devastating Whim

You were like a queen
Of a fairy tale
Looking for a king
To love and feel well
I was a poor guy
But fell in love with you
I waited for you
To come and love me too
I killed my precious time
Dreaming fruitless dream
Now I repent for that
Devastating whim

The Distinction (Chapter 25, Verses 26, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

The Kingdom on that day shall only belong to the Kind God
And a hard day shall be it for them who disbelieve the Lord.

Asif Andalib

The Distinction (Chapter 25, Verses 4, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

And the unbelievers say, this is nothing but a lie
That he has forged and some people have helped him at it.
Indeed they have done injustice and uttered a lie!

Asif Andalib

The Distinction (Chapter 25, Verses 59, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

He is the One Who created the skies and the earth
And the things between them in six long days
Then He sat on His great throne, He is the Kind God
So ask the person about His Majesty who is aware of your Lord.

Raindrops fall
All day long!

The Elephant Riders (Chapter 105, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Haven't you thought it over
How your Lord dealt with the elephant riders?
Didn't He destroy their conspiracy?
He kept on sending down upon them
Flocks of Ababil birds
That dropped pebbles of baked clay ceaselessly
Until He rendered the soldiers like chewed up grass.

Asif Andalib

The Elevated Places (Chapter 7, Verses 175-176, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

And tell them about a person to whom We revealed our message
But later he did not listen to Our advices
When the Satan took his senses away
So he became one of those who go astray.

And if We intended
We would undoubtedly have exalted him by it
But he clung to the earth and followed his low instinct
So he is like a dog-like thing
If you chase him he lolls out his tongue
If you leave him alone he lolls out his tongue
He is like the people who reject our communication
Therefore convey this description
So that the unbelievers may take it into serious consideration.

Asif Andalib

The Elevated Places (Chapter 7, Verses 26, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

O children of Adam!
We have sent down to you definitely
Clothing so that you can cover your shame and look more pretty
And clothes that guards against evil is the best to put on
It is one of the signs of God so that people learn lesson.

Asif Andalib

The Elevated Places(Chapter 7, Verses 179, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Certainly I've created for hell many Jinn and human being
They have hearts that do not trigger their thinking
And they have eyes with which they see nothing
And they have ears with which they do not hear any thing
They are like cattle
Rather they are more insensible
They are the heedless people.

Asif Andalib

The Elevated Places(Chapter 7, Verses 191-193, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Do they associate with Him that
Which cannot create anything
While they themselves are all created being
And they are unable to provide them help
Nor can they help themselves
And if you invite them to guidance
They won't listen
So it doesn't make any difference
Whether you invite them to guidance
Or keep up silence.

Asif Andalib

The Elevated Places(Chapter 7, Verses 200, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

And bow down with those who bow (before your Lord) .

Asif Andalib

The Family Of Imran (Chapter 3, Verses 59, Holy Koran)

Swear upon the fig and the olive
And the Sinai Mount
And this city that is safe and sound
Of course we created human in the best make
Then We turn them into the worst shape
Except those who believe and do good things
So they shall have rewards that are endless
Knowing all these things
Who can give you lie about the judgment?
Is not Allah the Best of the Judges?

I won your heart and broke it
Like a poor toy made of clay
Now I long for you today
When my hairs have become gray

Now I understand all the truth
I wasted all my precious youth
I made mistake in the first place
My whole life is now in a mess
Now I long for you today

In the name of Allah the Merciful and the Giver.

And they said, we have killed the Messiah
Jesus the son of Mary, the apostle of Allah
But the truth is they did not kill him
Nor did they crucify him
It only appeared to them so
And surely those who differ are confused about it
Because they have no knowledge about it
Only guesses are available for them, no more
So you see they didn't kill him for sure.

Allah took him up to Himself alive.
And He is the Mighty and Wise.

The Holy Prophet (Chapter 11, Verses 15-16, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Those who desire the worldly life and its prettiness
We fully give them reward herein and no less

There will be nothing for them hereafter but the Fire
Fruitless will be the designs they frame here
And their good deeds will be then of no effect whatsoever.

Asif Andalib

The Holy Prophet (Chapter 11, Verses 18-20, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

And who is more unjust than he
Who forges a lie against Allah the only God?
These people shall be brought before their Lord
And the witnesses shall say,
These are they who lied against their Lord!
Behold! Definitely the unjust is cursed by God.

Those who prevent people
From the way of Allah the Creator
And seek in it-crooked matter
They are the ones who disbelieve the hereafter.

They are unable to change God's plan on earth
Nor have they any supporter besides God!
Their punishment will be doubled for all
They are the actual deaf and blind people.

The Horses (Chapter 100, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Swear upon the horses that run breathing panting
And the horses that produce fire sparkling
And the horses that raid at morning
Then thereby they started dust spreading
Then they rush upon an assembly
Mankind is ungrateful to their Lord definitely
And surely they are its witness
And surely they love the most the riches
Don't they know everyone will be raised from the graves
And things of their minds will be disclosed
Their Lord that day will be utterly aware of them of course.

The Immunity (Chapter 9, Verses 60, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Charity is for the poor and the needy
And its fundraising employees

And for those in bondage and in debt
And in the way of Allah the Great
And for the people who are far away from home
And Allah is full of knowledge and wisdom.

The Immunity(Chapter 9, Verses 116, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.

The Immunity(Chapter 9, Verses 67-68, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Hypocritical men and hypocritical women are all the same
They urge the people to do evil things
And regarding good works they forbid them
And they are squanderer
They have forgot Allah the Giver
Therefore Allah will forget them forever
Surely every hypocritical person is transgressor.

It's Allah's promise
The hypocritical men and women and those who disbelieve
In hell's fire they will live
They will stay there forever
Enough for them is hell's fire
They provoke God's anger
So they will be punished forever and ever.

How can you make out what is the prestigious night.
It is better than a thousand months of life.

Asif Andalib

The Prohibition (Chapter 66, Verses 10-11, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Allah has set forth example of Noah and Lut
For the people who disbelieve the Truth.
Both of them were prompt to my slavery
But their wives did the treachery
So they were unable to save them from Allah's anger
Then goes the order, enter into Hell's fire
With the ones who enter.

Allah has set forth Pharaoh's wife's example
For the faithful people
O Lord! Please make a home for me beside You in paradise
And save me from Pharaoh and all his goings-on
And save me from this cruel nation.

Asif Andalib

The Purifier

Water for shower washes away bodily dirt
Drinking water washes away dirt of body's internal organs
And cleanses blood
Tears washes away dirt of mind
Thus teardrops carry away sins of all kind
And make people good
And give them the power to control mood.

From the lowermost paradise
Breeze will be blown sometimes
In the uppermost hell
So the sinners living there will be able to cry
And become good people
That's why they will be forgiven someday or other
But the sinners of other hells
Will not be able to shed tears
Because of extreme hot weather
So they will be punished forever and ever.

The Sun (Chapter 91, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Swear upon the Sun and the sunshine
And the moon when it follows the Sun in one line
And the day when it shows it
And the night when it hides it
And the sky and Him Who made it
And the earth and Him Who spread it
And the soul and the Maker of its perfection
He inspires it to understand what is right and wrong
They will surely be successful who purify it
And they will certainly fail who corrupt it.

The Samood tribe gave the lie in their inordinacy
When the most unfortunate of them started conspiracy
Then Allah's Apostle said to them, it's Allah's she -camel
So give her something to drink
But they called him a liar and slaughtered her -
Their Lord crushed them for this sin
And leveled them with the ground hence
And He is not afraid of its consequence.

From point of view of mass
The universe is nothing but
A little bit of saliva of God.
God's body is only a few meters tall
But His glow is so big

When God expands it to show His body
It seems like a dot to God's invisible glow.
Nevertheless God's body can become so big
The universe seems like a little bit of saliva of It.

It seems without you I will die like a street dog
I don't comb my hair, Put on clean clothes,
Go out for a walk and do any job
Regularly

I can't concentrate on anything
I no more like to write, dance and sing
I spend sleepless nights like the rats and bats
I fall asleep in the morning like night guards
I startle hearing ring of my phone thinking it's from you
I keep on wondering why it's happening to me more and more

I am like a flower in a garden and you are like a butterfly
I wait for you all day long day after day
My beautiful petals fall one-by-one
My sweet smell is carried away by rain and wind
But you do not come, my friend

The Very Best Friend

Friendship is a bond
It's the best relationship
It's a gift from God
Without it life loses charm
God is the very best friend

The Very Painful Poison

I have knowingly drank the very painful poison
I have given my soul without any condition!

The more I look at her the more the pain
Why I love her so much without a gain!
I can't stay away from her; I meet her to die
I want such a sweet sorrow so that I can cry!

The more she burns me with her laughter
The more the thirst becomes to love her!
The more I want the bliss of her love
The more the warnings come from above!

On the lake water –
The visitors of winter!

The Way You Love Me

O my love

Without you my life is nothing but a tragedy

O my love

There's no doubt the way you love me loves me nobody

In my dream you are always with me

In my heart there's no one else baby

All my hopes orbit around you

I want to live long for you too

In my life you are the one I need

In my thought you can sow love song's seed

The Wrapped Up Person (Chapter 73, Verses 19, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Surely it's nothing but the advices of God
So let the people take a way
To their Holy Lord.

The Yellow Frogs

On this rainy day
The yellow frogs are croaking
To find their playmates.

Asif Andalib

The Yellow Wasps

Many yellow wasps
Attacked my younger brother
When he was busy
In trimming a branch of tree
Where they built their little hive!

The Zigzag Path Of Love Ii

How long shall I have to walk
On the zigzag path of love?
Without you my words get lost
Like a homebound lonely dove!

The people I meet on the way
I ask for your address
They don't care so they always say
You are in the wrong place

The zigzag path wastes my time
Life becomes prose without rhyme

I keep on looking everywhere
To see your pretty home
I can't control my emotions
It becomes a time-bomb

Theory Of Evolution In Islam

The holy Koran supports
Theory of evolution
But it opines that
God has created human at first
In a different way
Since humans are His best creation

The angels took soil from the earth
To God's main court in paradise
Then God expanded His visible light
So that the angels can see His body
And make a body like His body with it
But the angels were unable
To make the face
Because God's body
Is the most beautiful thing

Consequently
God's body made the face
Of Adam with His own hand
And gave finishing touch
Then he breathed into
Adam's body a soul
And Adam became alive

Afterward
God created Eve
From a bone of Adam's breast
By necessary genetic mutations.

There's No Rhythm In This Song

There's no rhythm in this song
Because you are not with me!

God has come closer to me
Because you are far away!
My nights seem longer than usual
And all my days seem monotonous!

Poetry seems like a trash
Because you are far away!
Now I don't see the red morning sun
And oh I go to bed late at night!

Now love songs only hurt me
Because you are far away!
Now I hardly take care of myself
And I seldom care what others think!

Asif Andalib

There's Someone Made For Me

There's someone made for me
I feel it from my bone
I know you are out there
So call me over phone
And make an appointment
I am still home alone

Understand my feelings
Don't let me sob and groan
You are my reality
And imagination
Show your face like the sun
In my life's horizon

Waiting for you too long
Has made me like a stone
This song is like a bird
Baby it has now flown
With music's tender wings
To the known and unknown

Asif Andalib

Think What If You Were Me

Touch me not kiss me not
I have had pain a lot
Please now leave me alone
Don't call me over phone
Don't talk to me like that
No I don't want to chat
Yes I will compromise
If you act like the wise
You should feel how I feel
I'm not just sleeping pill
I'm also a human
Treat me well yes you can
Think what if you were me
Come when you are sorry

When we were children
We used to catch butterflies

Because when we went to bed
We kept them inside curtain!

Asif Andalib

Those Bygone Days - Original By Rabindranath Tagore

Do you want to forget the facts of those bygone days?
We saw those days with our own eyes - there was love always!

Come; please come one more time sweetheart in my heart!
Let's talk about our joy and grief part by part!

We used to pick flowers and rock in cradle!
We sang playing flute all that we need to tell!

Then our separation; we lost each other!
But we have met again, darling come closer.

Asif Andalib

Those Lustful Eyes

I love her now I realize
I remember those lustful eyes.

Oh I need her now it seems
Cause now she comes in my dreams.

If I committed a little sin
I could make love with her I could win.

Oh I want her now so much
I long for her slightest touch.

Asif Andalib

Though I Love You

Though I want you from the bottom of my heart
I won't force you to love me and I won't flirt!

Though you are at all times in my mind
I won't hug you at first from behind.

Though I need you like the foods I eat
I will hunger-strike if you insist!

Though I love you as much as I can
I won't become a very cheap man!

Asif Andalib

Thoughts

Thoughts can make you wise
And nothing else can do it
Think before you act

Time

Time is unit for measurement
Of change and movement
Of matter in space

Time has no beginning and end
Time is infinite
Time exists due to physical characteristics of God
That's why
God is sometimes called Infinite

Asif Andalib

Time (Chapter 103, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Swear upon time
Surely people are in big trouble
Except those
Who believe and do good things
And advise one another to do good things
And advise one another to bear with things.

To Hell With Warnings Of Fools

To hell with warnings of fools

I want to live in your heart
Nothing can keep us apart
Baby you are my soul-mate
You are like my Juliet
I'll love you no matter what
No one can keep my mouth shut
I'll tell again and again
You are in my heart and brain

Asif Andalib

Tonight I Will Make You Mine

Tonight it's just you and me
Give in my heart ecstasy

Tonight my dreams will come true
In my arms I will hold you

Tonight I won't switch off light
To see you and feel alright

Tonight I will kiss you jaan
Like pellets of a popgun

Tonight we will sing and dance
In breathtaking wild romance

Tonight I will let you know
I am like your sweet shadow

Your body is like old wine
Tonight I will make you mine

Trade-Cycle

In a competitive market
National economy rolls like a wheel
In economics it is called trade-cycle

From economic recovery to boom
To slump to recovery to boom
Is a common phenomenon
In a competitive market

The boom does not last long
Because
The demand for products and services
Is limited in all countries

That's why
The governments have a vital role to play
Especially during boom

The governments should monitor
And control industrial development
As much as possible
With a view to reduce labor cut
During slump
And they should hinder
Harmful investment
For the economy
During boom

Moreover
They should provide guidelines
For the entrepreneurs
During recovery
So that suitable investments
For the economy take place

In this way
A country can achieve its goal
Without going through
Economic hard times

Unbelievers (Chapter 109, Holy Koran)

I ask for refuge to Allah from Satan the exiled evildoer.
In the name of Allah the Merciful and the Giver.

Say, O those who disbelieve
I don't worship that you worship
And you don't worship Him Whom I worship
And I won't worship that you worship
And you don't worship Him Whom I worship
Your religion is yours and our religion is ours to keep.

Asif Andalib

Underestimation

I turned into a tiny black ant
And went to a friend
He recognized me
And treated me well
Then I went to all of my kith and kin
Most of them underestimated me
Thinking I am a nuisance
Then I went to the strangers
To see what they think
Most of them welcomed me
And treated me as a friend
But a few of them wanted to kill me
Thinking I am weak and alone
Thus I have known the good guys in this world
And turned into a human to surprise them

Asif Andalib

Unsolicited Love

You didn't accept
My unsolicited love
Now you long for it

Asif Andalib

Unwritten Soul

I wonder: who is this Unwritten Soul
Sometimes she attracts me like a black hole
I wonder is it her real or penname
If I ask she may say it's all the same
We all know she is a Malaysian
She is an inspiration like my jaan
I wonder whether she is male or female
In the ocean of friendship she is blue whale
I wonder whether she is still single
Or why I ardently want to mingle
Well I know she is a Sunni Muslim
And she is like an extremely sweet dream

Ups And Downs

Babies don't survive
If they can't cry after birth
Then they learn to smile
There are ups and downs in life
Struggle to make it worthwhile

Virtue And Sin

Knowledge is the path that leads to virtue.
Ignorance is the path that leads to sin.

Hope and expectation enhance patience.
Greed is responsible for so many miseries.

Arrogance begets hatred.
Modesty attracts others.

Forgiveness helps to end conflict.
Revenge sows the seed of further retaliation.

Truthfulness makes things crystal clear.
Dishonesty is the way to deprive others.

Jealousy destroys peace of mind.
Kindness brings forth peace.

Sympathy teaches to sacrifice.
Selfishness destroys friendship.

Love is the key to unity
Hate causes war and strife.

So keep the world inside your mind
As if it's your only child.

War

War is a thing that I hate most
But there are some people who boast

And peace on earth is not their goal
They wage war because they are selfish
Blood seems to be their favorite dish!

We Just Come Here And Go - Original By Rabindranath Tagore

We just come here and go
And go with the time's flow!

We only see things
And touch while going
And look back crying!

Only new bleak hopes
Take our life forward!
We can see false hopes
If we look backward!

Broken strength carries endless desires
Both bright and dark
So broken output is obtained from
Do or die work!

We sail our broken boat in the sea with goods!
Our broken language can't express all moods!

Half acquaintance in our hearts!
Our half sentence needs more words!

In shame and fear our faith is half
So we offer only half love!

Asif Andalib

Weapons Of Mass Destruction

Well Done O Cruel Well Done - Original By Rabindranath Tagore

Well done O Cruel well done
Burn my heart please do burn

If I don't burn my incense
It doesn't emit fragrance
If I don't lit up my lamp
It gives no light in my camp

Well done O Cruel well done
Burn my heart please do burn

When I don't miss you so much
And life is so hard
Then your harmful touch becomes
Your sweetest reward

In fascination and shame
I can't see you so hard game
Please set afire my darkness
By thunderbolts of sadness

Well done O Cruel well done
Burn my heart please do burn

Asif Andalib

What A Charm Baby

What a charm baby
Wow! I have found you
What a charm baby
My dream has come true!

What a charm baby
I know you won't do
What is bad for me
What is bad for you!

What a charm baby
You are like my bliss
When you are away
You are whom I miss!

What a charm baby
How can I express
It's like a magic
Of your prettiness!

Asif Andalib

What A Feeling

What have you told me by your two eyes
Can't help telling others about it

Your eyes know what a sweet language
Your eyes talk in a pretty manner

I want to listen to your eyes' advice
Tell more I want to listen to your eyes

Your eyes have given what a sweetdream
Your eyes have given what a feeling!

Asif Andalib

What A Feeling! What A Charm!

You are cozy! you are warm!
What a feeling! What a charm!

My heart goes like beats of drum
O my sweetheart O my chum!

Heart to heart and thumb to thumb
You are my pain's magic balm!

Asif Andalib

What Are You Up To?

What are you up to?
I have smelt something fishy
I don't have a clue!

Asif Andalib

What Is Love?

Love is an irresistible attraction
Between two persons of opposite sex.

Love is caring for each other
From the bottom of the soul.

Love is a thirst of heart
That needs to be quenched.

Love is an invisible bond
That binds a couple.

Love is a sweet dream
That sometimes becomes true.

Love is a lost hope
For the lonely ones.

Asif Andalib

What Is Written On My Palm

My sweetest dreams have turned into worst nightmares
My whole body feels loathsome for her nasty affairs!

I don't know what is written on my palm
But I can guess now she will never come!

I don't know how to rape my sweet love
As if my hands are locked with handcuff!

I don't know how to kill my deep desire
It is burning in my heart like hell's fire!

Asif Andalib

What Kind Of Love Is This?

Baby what kind of love is this
You steal my soul my sleep my peace
But give me only flying kiss

Why are you saying you love me?
I am not an angel you see
I need your both soul and body

Baby I don't need a virgin
I want a good lover I mean
I want to make you my heart's queen

I will work hard to keep you well
If you marry me I can tell
You'll live in my every cell

Asif Andalib

What Love Can Do!

What My Soul Wants Is You Original By Rabindranath Tagore

What my soul wants is you
I have got no one else
In the whole world but you

If you are not happy with me
Please go where you will be happy
Cause I have found you in my heart
And want nothing more from my part

What my soul wants is you
I have got no one else
In the whole world but you

Wherever you go my sweetheart
I know I will live in your heart
I will keep on waiting for you
Since I know this love is so true

Baby if you want someone else
If you go away it's like hell
But may God give you all you wish
Then I will miss you, I will miss

What my soul wants is you
I have got no one else
In the whole world but you

Asif Andalib

What You Are Like

You are like the water that I drink
But you are still a stranger, I think!

You are like a flower that I smell
But what's your name only God can tell!

Now if you knew what you mean to me!
You are like the sweet earth that I see!

You are like all the foods that I eat
Without you I am very unfit!

Asif Andalib

What You Are To Me

You are an island in my sea of sorrow.
Baby if you leave me now where shall I go?

My life is like a desert
You are its oasis.
Please let me live in your heart
You are my only bliss.

My life is like winter nights
You are warm clothes to me.
My life is like bitter fights
You are my harmony.

My life is like rainy days
You are like my shelter.
My life is like zigzag ways
You are like my sports car.

Asif Andalib

What's In God's Mind?

Now my hopes are like Night-jasmine!
Do you know for sure what I mean?

They bloom at night and fall in the morning
They look so nice but they are short-living!

Now my life is like a dead rose plant -
It wants flower but God doesn't grant!

I believe firmly God is the Most Kind
But I can't understand what's in His mind!

Asif Andalib

What's In Your Heart?

Send me an email

Please tell me what's in your heart

My friend, without fail

Asif Andalib

Asif Andalib

When Love Is Too Late

People say it's never too late
I also want it to hate
But the truth is sometimes fate
Never returns the chances we miss
And we long for the sweetest touch, the sexiest kiss!

Asif Andalib

When We Were Together

I cherish the times when we were together!
Baby I love you forever and ever!

Baby if you were with me again
You could wipe out my sorrow and pain!

Baby if you love me like before
I won't miss a chance to love you more!

Asif Andalib

When You Looked At Me

When you looked at me I fell in love
And my mind flew to you like a dove

But babe it proved you love me how much

Your words were just like sweet music's sound
Your body language made me spell-bound

When you looked back to see me again
Baby I forgot my every pain

Asif Andalib

When You Say Goodbye

When you say goodbye
I feel how much I need you
In my life baby

Asif Andalib

When You Say I Am Your Dream-Boy

When you say I am your dream-boy
I think I could break-dance with joy

When you stare at me with those eyes
Hopes come in my mind like sunrise

When you kiss me like an angel
I feel so warm I feel so well

When you hold me tight in your arms
O my heart starts throbbing like drums

Asif Andalib

When You'LI Be Away I'LI Remember This

Give me baby give me please one big hug
My romantic mood is on don't unplug
Rock me baby rock me please like earthquake
Eat me baby eat me please like hotcake

Asif Andalib

Where Are You Babe

My mind is playing one-stringed guitar
Where are you babe I have no lover

My mind is a sailor it sings a song
It looks for the harbor where you belong

My mind finds you no where so it becomes worried
O baby you are like my new moon of Eid

For melody of pain the one string of my mind's guitar
Is making wonderful music so it's about to tear

Asif Andalib

Where Is My Sugar?

As if I am groping in darkness to find my sugar.
As if she is my food and I am dying of hunger.

As if mile after mile I am walking on foot.
As if I am a goon who want a mind to loot.

As if my mind is a burden upon my shoulder.
As if I am a coward who need to be bolder.

As if I am a garden and she is my fence.
As if my life is worthless without her presence.

Asif Andalib

Where Shall I Go

Everyone calls me to share their bliss
Where shall I go and where shall I miss?

Flowers say come here we shall emit sweet smell
Birds say come here we shall sing a love-tale
Everyone says come here come here please
Where shall I go and where shall I miss?

Sky says come here to feel free
Oceans say please float on me

Bees say come here we shall sing a song for you
By buzzing and dancing and buzzing anew
Everyone says come here come here please
Where shall I go and where shall I miss?

Asif Andalib

Who Is My Honey?

I stare at the stars at starry night
As if they know you and see my plight.

I am tired of looking for you for so many years
As if Almighty God doesn't care and hear my prayers.

I don't know why I can't impress anyone
I would change my past if those old days return!

I did many wrong things now I am paying the price
As if I am going through hell to reach paradise.

Asif Andalib

Who Is My Wife?

Now I wonder
If I could fast forward my life!
It would be nice
If I could know who is my wife!

Asif Andalib

Whom Have You Left Behind - Original By Rabindranath Tagore

O my mind
Whom have you left behind?
So my days are over
But I find peace nowhere!

O my mind
Why you forget the way to go back!
How can you reach her door know her track!

I lend ear to the river's water!
My soul is stirred by the leaves' whisper!

O my mind
It seems I will find her out somehow
If I can read mind of flowers now!

Asif Andalib

Why Am I In Queue?

Baby I love you
You are sweet dream old and new
Why am I in queue?

Asif Andalib

Why Does She Become A Magnet To Me

Why does she look at me by turning back?

Why does she suffuse my mind with sweet dreams?

Why does she become magnet and make me iron?

Why does she make me fall in love without loving me?

Why does she sleep soundly stealing my sleep?

Why does she steal my heart without giving her one?

Asif Andalib

Why Have We Met

Why have we met so late, O baby
As if our hands and legs are now tied up
So our minds have got nothing to do but weep daily!

If we never ever met, my love
We would have a consolation at least!

The people are speaking ill of us so much
But we can't help staring at each other
If my eyes are set on yours!

You know what, our love has become immortal
Cause our minds have burnt to ashes
And our eyes have become the clouds!

We won't have a life together, it seems
But we can't help longing for each other!

Asif Andalib

Why I Write?

I write poems for myself and I write for the readers
I write for the masses and I write for the leaders
I write to imprint my thoughts in people's mind
I write to make the bad guys helpful and kind
I write to light up our path to Great God
I write for everyone home and abroad
I write to preserve values new and old
I write to make my ink precious like gold
I write for peace and I write for progress
I write to make the world a better place
All major issues I want to address
I write to see smile on God's face

Asif Andalib

Wild Love

Please God no more wild love
Fly away wild love like a dove
I will love like a flower
I will wait patience is power

I know all salts are sour
But you are sweet
I won't play this dirty game
So now I quit

I will remember you all my girls
You are like my necklace of rare pearls

Now I will wait and cry
I laughed too much
I will have to pay the price
But keep in touch

Asif Andalib

Wild Romance

Don't think I am a laughing-stock
I will make tonight an epoch
Baby all my limbs want to talk

We are two birds that make a flock

On your heart's door I want to knock
Though I have the key of its lock
You are blackboard my tongue is chalk

Wisdom

Wisdom is the building blocks of Truth.
And it is the best charity.

Knowing and understanding are different awareness.
Understanding is superior to knowing;
One who understands knows as well
But one who knows doesn't necessarily understand!

To understand is to know something in detail.
It involves input of information and their processing in brain
In other words it involves thinking.
Whereas knowing
Is the result of some input of information in the brain.
Knowing is an outcome of observation or feeling
But understanding is an outcome of thought.

Asif Andalib

Wisdom's Wine

More and more think and think
Wisdom's wine please do drink.

And become like an animal

Words Of Your Eyes

What have you told me by your eyes
Even stupid will realize

Your eyes know sweet language
It's clear like sunny days
Let me listen to the words of your eyes
Baby in your arms my happiness lies

In your eyes I have seen sweet dreamland
Baby please keep your hand in my hand

Your eyes have given me word
You are mine like a pet bird
Let me gossip with your beautiful eyes
Baby your winks are like the butterflies

Works Of Love

Time is passing by
Now works of love to be done
No more words of love

Asif Andalib

World Peace

Those who want welfare of the people
O God, please give them victory
Everywhere now or never.

We want competent persons to lead the nations
We want life's highway lit by the wisdom of the wise
O God, we want to climb up to the peak
And nowhere but the peak of development.

We want unity among all of us
We want foresight in our vision
O God, we want to see peace
And nothing but peace in the world.

Asif Andalib

Worship

I am like sunflowers who worship Light
I love the sunny days and I hate night.

If God is an ocean I am a river
If God is remedy I am a fever.

If I am a brain God is my thought
If I am a few God is a lot.

If God is the sun I am as if the earth
If I am an embryo God is my birth.

Asif Andalib

Worthwhile Writing

Made it worthwhile!

Asif Andalib

You Are A Queen On The Mars

My imagination's satellite
Goes all the way up there to discover
You are a queen on the mars
The sky with thousands of stars is winking at you
You are staring at the two moons of your red planet
Wondering if we were them
You are sitting lonely on a rock
And saying he loves me, he loves me not
Plucking petals of a lovely red rose
One by one

Now you are looking at the earth
The wonderful blue planet
And thinking; am I also thinking of you
Am I also missing you a lot?

On earth I am waiting for you eagerly
Looking at the sky for your UFO to come
And appear like the brightest star
And land on my land's beautiful greenery

Asif Andalib

You Are All Greek To Me

I am optimistic but you are all Greek to me
I don't understand at all what's in your mind baby!

It seems you will love me someday
But all my hairs are turning gray!

I don't know why I love you so much
Though you are even beyond my touch!

It seems you will need me somehow
But most crucial moment is now!

Asif Andalib

You Are Like An Alien

Your behavior has hurt me so much
My mind has exploded like a supernova
The scattered emotions are turning into poetry
Revolving around you my star like planets and comets

Your beauty has impressed me so much
My love has turned into something like a nebula
That is giving birth to lust's light like newborn stars

Your make-believe has made me believe
That true love really exists in this dreary world
And gives me light in the darkness like distant quasars

Every now and then the fights with you
Has turned you into something like a black hole
Now you are invisible to me but attract me ever more

You are like a sweet dream in the dreadful night
But it will not come true in this life coz you are like an alien
In the 2.5 million light-years away from earth Andromeda galaxy

Without you I suffer in the seven hells

You Were Hidden Inside My Heart - Original By Rabindranath Tagore

You were hidden inside my heart
I did not see you baby
I looked at outside of me
I did not look inside my heart

In all my love
In all my pain and hope too
You were with me
But I did not go to you

By becoming my joy
You were in my truth
I forgot due to joy
How to spend my youth

By staying deep in my heart
You gave music to my songs
But I did not sing your songs

Asif Andalib

You Were Hidden Inside My Heart Original By Rabindranath Tagore

You were hidden inside my heart
Right from the start
I saw outside, I didn't see
What's in my heart

All the love pain and hope that I went through
You were with me, I didn't go to you

You were hidden inside my heart
Right from the start
I saw outside I didn't see
What's in my heart

You were in my game
As a great pleasure
So my days passed by
In joy and leisure

You provide music in my songs from heart
But I haven't sung a song from your part

You were hidden inside my heart
Right from the start
I saw outside I didn't see
What's in my heart

Asif Andalib

You Were Like A Disease

Babe now you are gone it's a great relief
You were like a disease it's my belief!

There was no cure and I was suffering so extremely
I was afraid you were such a disease that might kill me!

Babe now you are gone though I am alone
I feel like I am no longer a stone!

There was no help and I didn't know at all what to do
Now I can smile from my soul though at last I have lost you!

Asif Andalib

You Will Stay In My Heart - Original By Rabindranath Tagore

Babe you will stay in my heart so bright
As if a lovely quiet moonlit night!

My life and youthfulness
My world of truthfulness
You will fill with glory like the night
Babe you will stay in my heart so bright!

Your lonely eyes will stay awake to see me!
Part of dress will cover up my body!

My shame, pain and sorrow
Dreams that shape tomorrow
You will fill with sweet smell like the night
Babe you will stay in my heart so bright!

Your Secret Words - Original By Rabindranath Tagore

Don't keep in your heart your secret words baby
Please tell me only please tell me secretly

O slow and sweet smiling lady
Please say in slow and sweet language
I shall not listen with my ears
But I shall listen with my soul

When it is late night
When the earth is quite
When in the flower garden
Even all birds are asleep
Say it in tearful voice
Say it with trembling smile
Say it with sweet sorrowful soul
Say it with your shy-full two eyes

Asif Andalib

Your Sweet Kiss

My mouth is watering for your sweet kiss
My heart is beating harder for the bliss.
My eyes are eager to see you more

After such a long time if I lose you.

Cause love is flowing through my vein!
