mercy ferriols(September 24,1975)

I love God above all! I am filled with abundant blessings of hope, courage, love and compassion.I Always believe that apart from God I can do life and my talents belongs to HIM.

God's promises are my riches. I will use this God given talent for HIS glory!

God Bless you all.

God Bless the Philippines and all the nations in the world! !

A Dream

I am alone
No one was there
in the middle of the night.
Afraid...
my tears began to flow
Where I am?
Where I am going to?
Confused.
Feeling heart-broken.
There is darkness.
A silence.
But no peace.
I heard the sounds of the trembling voices,
screaming for help.
I was freezed for what I saw
million of millions of people
hurting
hopeless
burned
for eternity.

Then...
I heard my mother's voice,
calling my name,
She warns me that I might be late,
for my Sunday date.

I opened my eyes
and prayed...

Lord JESUS,
I don't want to be there,
I want to be with you,
not in HELL!

A Question Mark

I miss him so much

But...

It seems so new to me...

this feeling I have.

Amazing, do I need to feel this way?

or I am hallucinating?

Why this heart has a non stop beating?

Calling only one name?

Oh..I want to deny it

this is new

Once a window of heart closes

I knew, no door will open.

But now, why this heart of mine fallen to the word they called love?

Am I in love?

Afraid

Im afraid to do things
what my heart desire
Im afraid to show
the real feelings I have.
Im afraid to give
the love I want to have.

Afraid of so many things
afraid to get lost
afraid being rejected
afraid to get hurt.

Im afraid to see you
seeing me with fears
Im afraid to see you
leaving me with tears.

Im afraid to touch you
or even to see your face
and Im afraid to cry

..afraid to see you
waving goodbye..! !

Happy Birthday To Me

There are many first on my birthday today.
This is my first birthday that I had a daughter Louise Wayne,
She will be turning one, while I am turning Thirty nine,
Many long years of unexpected labor of love
but regretting is far from my mind.

This is my first birthday that my father gone to heaven.
This is my first birthday that I will thank him,
Fronting his tomb.
For he knows that I love him and I regret the days that I did not come home to
see him,
I love my father and I miss him.

This is my first birthday when the man I love left me,
For some reasons, whatever it is, I do not understand.
My world revolves around him, my heart is for him. I love him anyway.

This is my first birthday of happy and sad one,
I had a daughter, who gave me strength to face a new day everyday,
I will celebrate my many years here on earth fatherless,
And I will blow my candles and drink my wine, without my man beside me.

Whatever it is, I believe that God intends me to live long thirtyty nine years for a
reason.
Yes, I had a daughter.
Eventhough my father gone to heaven, he will always alive here forever in my
heart.
And with the man I love? There are always a second chance.

I Love You

I love you
And I will Always do.

You loved me unconditionally
you cared for me even I hurt you
you are always there to hug me
and smiles ready for me.

You gave your life for me
and u did not ask for return
You only wanted me to accept you
and to love you above all

Yes I do..
I will love you
I will give my heart to you
and will serve you.

How can I thank you
My thanks are not enough
for all the things you have done
I dont have anything but myself to give

You are understanding and loving
No one can do what you did for me
No one.

LORD JESUS,
I thank you for your love
thank you for the life you gave
and the salvation your gift.

ILOVEYOU.

yes.. Ilove you.

I Will Set You Free

Today,
I found something new
a new discovery
that hurt me.

Today,
I found out
how i love you
because I am blind and deaf
to accept what you did.

Today,
I asked you one thing
do you really loved me
more than anything?

Today,
my heart drops
my tears flow
I was hurt.

Today,
I realized what true love is
loving someone with out expecting anything.

Today,
I will let you go
I want you to be happy
even it will hurt me.

Investment

You have an oil wells
a sprawling fields of grain
a huge herds of cattle
a beautiful forest
from east to west
You have a great success.

Have you ever pointed
your finger heavenward?
have you ever think
how much do you have
in heaven above?

Have you ever prepared for eternity?
have you lived to serve God for his glory?

Have a wise investment in heaven
that will reap eternal dividends.

Kite

Look,
I am flying high
I am floating through the sky
i have tail and broad wings
i can fly up and reach the moon!
i am a proud kite.

I don't need a string
that makes me become tangled
in the branches of a tree.

I am now a wobbling kite,
a wandering kite
I do not understand
But one day I shall see
thy loving hands was taking pains
to fashion me for thee.

Louise Wayne

The day that you arrived,
Was a very happy day for me,
In spite of the troubles in my mind,
There, when I hold you in my arms,
It's like heaven came down.

You are a precious gift from God above,
A jewel in my sight,
A shining gold that shines,
And gave hope to my deteriorating heart.

I called you by name, my daughter Louise Wayne,
When you grow up, and became a lady,
Always bear in my mind, you will always be my baby.
You are my life, my baby, my love.
Gua I De, my daughter. A happy happy first birthday.

My first poem birthday greetings for my baby girl, Louise Wayne.

Love

God is love
God exist
in every corner
in every angle
You can find love.

Go to the beginning
up to the end
there is love.

Love,
no bitterness
no evil
no cruelty
show love,
just love.
Flawless love,
passionate love,
vast and pure love.
HE is love.

Mercy

She loves to write poem
She loves to read books
She loves to sing beautiful love songs
She loves to hear words of love.

She loves to feel the warm of the sun
Loves to be with friends and laugh
She loves to eat pizza, chicken and fries
Even climbing mountain would be fine

She loves to watch movies, horror and drama
She loves collection, Betty boop, Mickey Mouse, and Donald Duck

She has a big crush on SHAIDER
And hate Puma Lear
Envy and jealous with Annie
But loves Annie's way of art.

She is naughty sometimes
And not serious all the time
She smiles if she likes
And frown if smells not fine.

She has many friends
But few she can trust
She can't easily disclosed
What's inside her heart

She likes Superman
But dreaming to be rescued by Spiderman.

She can go to shopping mall
And can roam all day long
Only to purchase
One nail cutter.

Simple things se loves
Good things she does
But hate those who gave her

Words of lies.

She loves to see you smiling at her
She loves to know
That you love her.

She can be trusted of your secrets
And can keep you for life.

She loves peace
And hate war
But if provoked
She will fight.

She don't want to see
Her man flirting with other women
She hates women flirting her love one.

She will fight for you
She will fight for your love
But if you hurt her much
She can forget you.

She loves being kissed
She loves to be hug
She loves to be with her love
Every minute, every time.

You may not know her deep
But you can be drown by her love
Her smile you can't resist
And assurance of her hug.

Simple words, simple things
Simple world she wants to be in
She loves saying ILOVEYOU
And she loves you so much. anyway! ! !

My Friend

My friend has a sparkling eyes
lips so red and beautiful
the color of the sun is in her hair
and a small nose that gives shape
to her beautiful and lovely face.

She is kind and understanding
Everytime I have a problem
she is always there to help me.

I don't want to mention her name here
but when she read this poem
She will already know that she is
the girl that I am talking here.

Philippines

I dream that one day
I will march proudly in parades
with Philippine flag
waving in front of me.

I dream that one day
the bands will play the National anthem
Speechmaker will praise filipinos
who have defended liberty.

I dream that one day
I will enjoy political freedom,
dreaming to live free and grateful
celebrating power
with gratitude.

I dream that one day
I will sing love
I live victoriously

I dream that one day
a righteous christian man will rise
to be a leader
in behalf of me.

I dream that one day
my sons and daughters
will walk with dignity
and proud of themselves.

I dream and I pray
all my dreams will come true
I firmly believe,
and you will see,
I will rise again
wait for me! !

Silence

Silence...

I need silence
a rest for my soul
silence..

Give me the silence
It's all I need
a silent cry
a silent tears.

Let me feel
the warm embrace
as the waves reach
my feet
As I look up in heaven above
a silence.

Let me cry out my heart
with out voice comes out
let those unspoken words be revealed
and may this broken heart be healed...

Thank You Honey

'Hello my beautiful lady
good morning my beautiful lady
hope you have a great day
i miss you so much.'

'Hi beautiful
always remember
that i love you,
more than you can ever imagine
i miss you so much.'

'Hi my beautiful lady
wish we were together now
sure wish you were in my arms
iloveyou so much.'

Many text messages
words from my honey
thank you for sending those
I compiled to make a poem
of my heart.

How I wish i can say it back to you
not by pen
not by press on my cellphone,
but by my tounge
by my lips
by my mouth...
holding you in my arms..
uttering words of love!

The Beast

Run Fast
fast as you can
run fast
they are behind you.

Run fast
'till you sweat
and run fast
'till you drop,

No man can hide
no secret place to hide
no food to eat
no water to drink.

You are tired
you want to die
but you can't..

Run fast
with tears in your eyes
seven more years to go
be brave...
only if you listen,
only if you repent
You will not left
last night's rapture..

So run fast
fast as you can...

Why?

Why I can't write?
No Idea comes out...
No emotions
No love
No hurt...
Why? why? why?
Why I can't smile?
Why there is a sudden sadness?
why I can't breathe so fair?
Is life so unfair?

Why? I feel so heart broken,
my heart feels...
Oh what is it? a pain?

Why I am here?
typing at my computer,
no smile..no feelings?
but why? why and why?

What is the answer?
I really don't know why.
